### Perth & Kinross School Cluster Groups

The following lists indicate the secondary school to which primary pupils will normally transfer. These arrangements apply only to pupils at any primary school who live in the delineated catchment area of that school. Any pupil who attends a primary school other than the one proposed by the Authority (ie, as a result of a placing request), and who is due to transfer to a secondary school will be offered a place at the secondary school in whose catchment area he/she lives.

**Within denominational schools places will be allocated first to children who have been baptised in the Roman Catholic.**
