

KINROSS COMMON GOOD FUND COMMITTEES**7 May 2014****EVENTS ON COMMON GOOD LAND****Report by Depute Director (Environment)****PURPOSE OF REPORT**

The report seeks approval that the Executive Director (Environment) be delegated to authorise the location and relocation, as required, of events on Council Parks and Open Spaces which form part of the Common Good.

1. BACKGROUND / MAIN ISSUES

- 1.1 Parks and green spaces managed and maintained by the Council add to the quality of life experienced by residents in the area and visitors to Perth and Kinross. They are a focal point for communities, and their importance to people's everyday lives are widely recognised.
- 1.2 Commercial and non-commercial events in Parks attract thousands of residents and visitors to the area. New and repeat event visitors bring important economic benefit to local businesses and add vibrancy to the area. Key Park events include the Perth Show, Scottish Volleyball Championships and Highland Games across Perthshire.
- 1.3 As well as being a driver for tourism, a strong programme of events and festivals adds to the vibrancy and vitality of the area, and to the overall quality of life for residents. Perth and Kinross has a good track record in hosting a broad spectrum of sporting, cultural and community events, with significant growth in attendances and participation in recent years.
- 1.4 With the restoration of city status to Perth and the emerging Regeneration and City Development strategies, it is recognised that our parks and open spaces will play a significant role in attracting and hosting events over the coming years.
- 1.5 The wide range of parks and green spaces in the Perth and Kinross area vary considerably in size, character, level of "on site" facilities, (e.g. parking, electricity and water supply) as well as the nature of suitability for events.
- 1.6 Parks and green space are readily accessible and affordable for a wide range of organisers and are booked by a mixture of commercial and non commercial groups, individuals, businesses and organisations (charitable or non charitable). The parks are also used for Council events and civic ceremonies.
- 1.7 In recent years, a range of upgrading and refurbishment work has been completed to key parks throughout the Perth and Kinross area including MacRosty Park, Crieff; Kirkgate Park, Kinross; Larghan Park, Coupar Angus and Victoria Park, Aberfeldy. Drainage improvement works recently

undertaken on the South Inch will allow that space to be used more widely in the future.

1.8 Commercial use of parks include fairs, circuses, car rallies, tent shows and balloon flights. The type of non-commercial events booked by a community or charity include:

- Highland Games (Perth, Pitlochry, Crieff, Birnam) and Pipe Band Championships
- National sports events – Scottish National Volleyball Championships; cross country championships; 10K runs; Rugby Club “Golden Oldies”
- Firework displays
- Race for Life, an annual event on the North Inch with around 3,000 participants
- Strathmore and the Glens Farmers Market, Wellmeadow, Blairgowrie
- Fun days
- Car Boot Sales
- Religious events e.g. Wellmeadow – Songs of Praise
- Diamond Jubilee Celebration Events in 2012.
- Galas and fetes

1.9 At present, the location of events or movement of an event from one location to another is reported to the relevant Common Good Fund Committee for a decision where the land involved forms part of the common good.

1.10 Recent experience has also shown that poor ground conditions and / or restricted access can happen quickly and do not permit reporting to the relevant Committee, with officers determining the most appropriate alternative location. An example was the move of Perth Highland Games from the lesser South Inch to the North Inch due to the condition of the ground.

2. PROPOSALS

2.1 With the potential projected increase in events, it is proposed that the location and relocation of events on Council Parks and Open Spaces be delegated to the Executive Director (Environment), or their nominee, to ensure that decisions can be made quickly where an event or events need to be relocated urgently owing to ground or inclement weather conditions. The Environment Committee noted that a report was being prepared for all Common Good Fund Committees recommending that the Executive Director (Environment) be delegated to authorise the location and relocation, as required, of events on Council Parks and Open Spaces which form part of the Common Good.

2.2 Regardless of the circumstances, local elected members would be informed of the location for an event, or change of location, within their ward.

3. CONCLUSION AND RECOMMENDATION

- 3.1 The report outlines the economic benefits that events bring to the Perth and Kinross area and the pivotal role that the Council's parks and green spaces play in hosting and staging these events.
- 3.2 The proposed change should ensure that we retain the vibrancy of our parks, still provide popular destinations for communities, event organisers and sports groups and contribute to the economic development of the area. It will also ensure that, where necessary, events can be relocated without delay.
- 3.3 It is recommended that all the Common Good Fund Committees:
- (a) agree that the Executive Director (Environment) be delegated to authorise the location and relocation, as required, of events on Council Parks and Open Spaces which form part of the Common Good.
