

PERTH AND KINROSS COUNCIL

1 July 2015

UNAUDITED ANNUAL ACCOUNTS 2014/15

Report by the Head of Finance

PURPOSE OF REPORT

This report presents the Council's Unaudited Annual Accounts for the financial year 2014/15 in accordance with the new Local Authority Accounts (Scotland) Regulations 2014.

1. BACKGROUND

- 1.1. The Unaudited Annual Accounts for 2014/15 were submitted to the Controller of Audit on 23 June 2015.
- 1.2. The Annual Accounts are prepared in accordance with the 2014 CIPFA Code of Practice on Local Authority Accounting ("the Code").
- 1.3. These accounts also comply with the Local Authority Accounts (Scotland) Regulations 2014 which were laid before the Scottish Parliament on 7 July 2014 and came into force on 10 October 2014. These new regulations apply to the statutory Annual Accounts from 2014/15 and revoke the Local Authority Accounts (Scotland) Regulations 1985.

2. ANNUAL ACCOUNTS

- 2.1 The new regulations require an annual review of the effectiveness of a local authority's system of internal control by Elected Members. This requirement was met with the approval of the Annual Governance Statement by the Scrutiny Committee on 17 June 2015 (Report No. 15/260 refers). The Statement is set out from page 80 of the attached accounts.
- 2.2 The Annual Accounts now include a Management Commentary which replaces the previous Explanatory Foreword. The Management Commentary is set out from page 1 of the Accounts. The purpose of the Management Commentary is to provide users of the financial statements with integrated information on management's view of performance, position and progress (including forward looking information).
- 2.3 The regulations require the Unaudited Annual Accounts to be submitted to the appointed auditor no later than 30 June. The Unaudited Annual Accounts for 2014/15 were submitted to the Controller of Audit on 23 June 2015.

- 2.4 The regulations require elected members to consider the unaudited accounts at a meeting to be held no later than 31 August. However, best practice is for elected members, either as the Council or a Committee charged with audit or governance, to have formally considered the unaudited Annual Accounts prior to submitting them to the appointed auditor and making them available for public inspection. The Council previously agreed that the 2014/15 Unaudited Annual Accounts would be considered at the Council meeting on 1 July 2015 (Report No. 15/91 refers).

3. NEXT STEPS

- 3.1 The audit of the Annual Accounts will take place during July and August 2015. Audit Scotland (working with Council officers) will consider whether the Annual Accounts:

- Give a true and fair view in accordance with applicable law and the 2014/15 Code of the state of the affairs of the group and PKC as at 31 March 2015 and of the income and expenditure of the group and PKC for the year then ended;
- Have been properly prepared in accordance with IFRSs as adopted by the European Union, as interpreted and adapted by the 2014/15 Code; and
- Have been prepared in accordance with the requirements of the Local Government (Scotland) Act 1973 and the Local Government in Scotland Act 2003.

- 3.2 It is anticipated that the results of the audit will be summarised in the ISA260: Report to those Charged with Governance and the Draft Annual Report on the 2014/15 Audit. It is anticipated that both documents will be considered by the Audit Committee on 16 September with the Final Annual Report on the 2014/15 Audit being considered by the Council on 7 October 2015.

- 3.3 The Unaudited Annual Accounts are also available for public inspection between 1 and 21 July (inclusive) with any objections being sent to the auditor.

4. CONCLUSION AND RECOMMENDATIONS

- 4.1 The Unaudited Annual Accounts were submitted to the Controller of Audit on 23 June 2015.

- 4.2 It is recommended that the Council notes the content of this report.

1. IMPLICATIONS, ASSESSMENTS, CONSULTATION AND COMMUNICATION

Strategic Implications	Yes / None
Community Plan / Single Outcome Agreement	None
Corporate Plan	Yes
Resource Implications	
Financial	Yes
Workforce	Yes
Asset Management (land, property, IST)	Yes
Assessments	
Equality Impact Assessment	Yes
Strategic Environmental Assessment	Yes
Sustainability (community, economic, environmental)	Yes
Legal and Governance	None
Risk	None
Consultation	
Internal	Yes
External	None
Communication	
Communications Plan	None

1. Strategic Implications

1.1. Corporate Plan

1.1.1. The Council's Corporate Plan 2013 – 2018 lays out five outcome focussed strategic objectives which provide clear strategic direction, inform decisions at a corporate and service level and shape resources allocation. They are as follows:

- (i) Giving every child the best start in life;
- (ii) Developing educated, responsible and informed citizens;
- (iii) Promoting a prosperous, inclusive and sustainable economy;
- (iv) Supporting people to lead independent, healthy and active lives; and
- (v) Creating a safe and sustainable place for future generations.

1.1.2 This report relates to all of these objectives.

2. Resource Implications

2.1. Financial

2.1.1. There are no direct financial implications arising from this report other than those reported within the body of the main report.

2.2. Workforce

2.2.1. There are no direct workforce implications arising from this report other than those reported within the body of the main report.

2.3. Asset Management (land, property, IT)

2.3.1. There are no direct asset management implications arising from this report other than those reported within the body of the main report.

3. **Assessments**

3.1. Equality Impact Assessment

3.1.1. Under the Equality Act 2010, the Council is required to eliminate discrimination, advance equality of opportunity, and foster good relations between equality groups. Carrying out Equality Impact Assessments for plans and policies allows the Council to demonstrate that it is meeting these duties.

3.1.2. The information contained within this report has been considered under the Corporate Equalities Impact Assessment process (EqIA) and has been assessed as **not relevant** for the purposes of EqIA.

3.2. Strategic Environmental Assessment

3.2.1. The Environmental Assessment (Scotland) Act 2005 places a duty on the Council to identify and assess the environmental consequences of its proposals.

3.2.2. The information contained within this report has been considered under the Act. However, no action is required as the Act does not apply to the matters presented in this report.

3.3. Sustainability

3.3.1. Under the provisions of the Local Government in Scotland Act 2003 the Council has to discharge its duties in a way which contributes to the achievement of sustainable development. In terms of the Climate Change Act, the Council has a general duty to demonstrate its commitment to sustainability and the community, environmental and economic impacts of its actions.

3.3.2. The information contained within this report has been considered under the Act. However, no action is required as the Act does not apply to the matters presented in this report.

4. Consultation

4.1 Internal

4.1.1 The Chief Executive and all Executive Directors have been consulted in the preparation of this report.

2. BACKGROUND PAPERS

2.1 No background papers, as defined by Section 50D of the Local Government (Scotland) Act 1973 (other than any containing confidential or exempt information) were relied on to any material extent in preparing the above report.

3. APPENDICES

MANAGEMENT COMMENTARY

1. Introduction

This publication contains the financial statements of both Perth and Kinross Council and its group for the year ended 31 March 2015.

This management commentary outlines the key messages in relation to the Council's financial planning and performance for the year 2014/15 and how this has supported delivery of the Council's strategic objectives. This commentary also looks forward outlining the future financial plans for the organisation and the challenges and risks which we will face as we strive to meet the needs of the people of Perth and Kinross.

2. Our Vision and Strategic Objectives

Perth and Kinross is situated in a central location in Scotland. It covers a geographical area of around 5,286 km², and has an estimated population of 149,520. Over the past 10 years, the area has experienced the second highest population growth in Scotland (9.5%) which is more than three times the national average.

Our vision is of a confident and ambitious Perth and Kinross, to which everyone can contribute and in which all can share. Through our strategic objectives set out within the [Corporate Plan 2013-18](#) and [SOA/ Community Plan 2013-23](#) we aim to maximise the opportunities available to our citizens to achieve their potential. At the heart of our vision is a desire to see investment in early intervention and prevention focused on building success and reducing the costs of failure. The Corporate Plan 2013 – 2018 states that -

It is during our very earliest years and even pre-birth that a large part of the pattern for our future adult life is set. Giving every child the best start in life is a key opportunity to improve their chances of enjoying a positive future, regardless of their family circumstances. At the heart of our approach is a focus on enabling all children and young people to develop the skills and attributes required to be successful, take responsibility, make effective contributions to society and demonstrate a well-placed confidence about the things they do and say.

It is unacceptable that, because of a lack of income, families can be dragged into a cycle of deprivation or that older people can be deprived of the right to live in dignity. By removing barriers to employment, encouraging investment in business, skills and infrastructure and attracting new investment and employment into the area we are determined to address the root causes of poverty once and for all.

Reducing health inequalities is vital to achieving sustainable economic growth. If Perth and Kinross is to live up to its potential in terms of economic success,

healthy life expectancy must increase – particularly among those whose lives are currently cut short due to deprivation or other inequalities.

Ensuring that Perth and Kinross is a place where everyone enjoys a pleasant and safe environment is important to the health and wellbeing of all our communities. We are committed to focusing our energies on tackling the issues which may negatively impact on communities and their environment to ensure they remain safe, strong and sustainable in the future.

3. The Annual Accounts 2014/15

The Annual Accounts report the financial performance of the Council and its main purpose is to demonstrate the stewardship of public funds which have been entrusted to us for the delivery of the Council's vision and strategic objectives. The requirements governing the format and content of the Councils' Annual Accounts are contained in the Code of Practice on Local Authority Accounting in the United Kingdom (the Code). The 2014/15 Annual Accounts have been prepared in accordance with this Code.

4. The Financial Plan

As part of our medium term financial planning, Perth and Kinross Council originally approved a balanced revenue budget to support the delivery of our strategic objectives within the General Fund (£331.012m) and Housing Revenue Account (£26.192m). Councils need to account for their spending and income in a way which

complies with our legislative responsibilities. Most day to day spending and income is recorded within the General Fund (page 12) and the costs and income in relation to the management of our housing stock is recorded within the Housing Revenue Account (pages 62 to 64).

Key to the delivery of Council Services is investment in the assets which are used to deliver these services (including schools, houses and infrastructure) and the utilisation of capital funding to stimulate regeneration in local areas. In 2014/15 the Council budgeted for capital investment of £52.584m on General Fund activities and £17.836m from the Housing Revenue Account. This expenditure is funded from prudential borrowing, government grants, external funding, capital receipts, revenue contributions and the further use of planned earmarked reserves to enhance the investment programme.

5. Performance Management

The Council continues to embed a performance management culture throughout the organisation. We use a wide range of comprehensive and diverse performance information to manage performance and target service improvements for the people of Perth and Kinross. This is supported by our performance management system which effectively analyses data, tracks progress of indicators and identifies actions to provide and communicate regular and robust performance information to Elected Members and Managers. Benchmarking is also used to compare our performance with other organisations to support change and improvement.

We monitor our performance against our strategic objectives on a frequent basis at all levels of the Council and report this information publicly via our [public performance reporting mechanisms](#). These include the Annual Public Performance Report; Public Performance Summary; Service Annual and Six Month Performance Reports; online performance dashboards ('PK Performs') and the Council's evidence portal. By monitoring and reporting performance information in this way the Council is able to identify areas for improvement as well as celebrate key successes.

The Annual Performance Report will be considered by the Council on 7 October 2015. This report will include comprehensive information on the Council's performance for 2014/15. However this information is still being collated and is therefore not yet available for inclusion in the Unaudited Annual Accounts but will be included in the Audited Accounts which will be completed by 30 September 2015.

2014/15 Performance Highlights

Giving Every Child the Best Start in Life		Educated, responsible and informed citizen	
Our family learning services are sector leading	Positive inspections of our fostering and adoption services	Positive attainment results for S4-S6 pupils, consistently above comparators, and continued improvement in attainment for those from our more deprived areas	94% of school leavers moved onto positive and sustained destinations (national average 92%)
We have increased number of males working in childcare from 5% to 11%	For the 4 th year running we have had no homeless families placed in B&B for more than 14 days	Highest rates across Scotland for young people completing the Duke of Edinburgh's Award	92% of parents happy overall with schools inspected
Prosperous, inclusive and sustainable economy		Independent, healthy and active lives	
Our Enhancing Employability Support and the Wage Incentive Schemes helped create 471 new jobs in small and medium enterprises in 2014/15	The HUB assisted over 2,000 people with job search activities and 685 into work	86% of our service users 65+ received care at weekends, (target 81%), and 56% of them received care overnight, (target 51)%	87% of clients achieved the goals set out in their Outcome Focussed Assessment (target 81%) showing that people are receiving appropriate care packages
Our Angels' Share programme led to £500,000 invested in local businesses	32 local companies have entered new export markets as a direct support from the Council	13% reduction in the number of families presenting as homeless in 2014/15 compared to 2013/14	We piloted our tenancy sustainment service offering extra support to vulnerable tenants to support them in maintaining their tenancies (92% sustainment rate)

Safe and sustainable place for future generations

We are the 5th best performing local authority in Scotland in relation to re-conviction rates across all categories	We recycled 52.7% of our waste	16 community environment projects have been supported with grants totalling £97,000 to make a big difference in the local area	We have helped bring 7 commercial and 28 residential properties back into use
---	--------------------------------	--	---

6. Financial Performance

Our financial performance is part of our performance management culture with regular reporting of financial performance to the Strategic Policy and Resources Committee. This section summarises the main elements of our financial performance for 2014/15.

a) **General Fund Revenue Expenditure for 2014/15**

In 2014/15 the Council incurred actual net expenditure on Services of £338.675m (which is the Deficit on Provision of Services before the inclusion of Taxation and Non-Specific Grant income disclosed in the Comprehensive Income and Expenditure Statement on page 12). The Council budgeted to utilise Reserves of £8.251m but actually returned £4.629m to Reserves, a variance of £12.880m.

The main reasons for this variance are as follows:

- Education and Children's Services (ECS) delivered savings of £5.9m. This was made up of £1.3m in respect of the Devolved School Management Scheme which will be carried forward by schools into 2015/16; staff slippage of £1.5m; property under spends of £0.9m; additional income (including grants) of £0.7m and other net under spends of £1.5m across the Service.
- Housing and Community Care (HCC) delivered savings of £2.7m. This was made up of staff slippage across the Service of £1m, the accelerated delivery of approved savings of £0.5m, additional income of £0.7m, savings on individual care packages of £0.5m and other miscellaneous under spends across the Service of £0.8m. This final under spend also reflected a £0.8m net over spend on older people as a consequence of a frailer, ageing population.
- The Environment Service (TES) delivered savings of £2.3m. This was made up of savings in Planning and Regeneration of £0.5m due in the main to staff slippage and additional income; on Operations of £0.5m due to reduced fuel costs and on corporate budgets including Property of £1m due to pro-active management of the Council estate (maintenance, energy and other running costs). In addition slippage across the Service delivered a further £0.3m of savings.
- Other budgets across the Council delivered under spends of £2m including additional Council Tax income (£0.7m) and under spends in the Chief Executive's Service.

Included within the Comprehensive Income and Expenditure Statement is the impact of the revaluation of Council Housing Stock, which has arisen as a result of a significant change in the approach to accounting estimates during 2014/15. The rolling revaluation programme for land and building assets required the revaluation of Council Dwellings during 2014/15. Council Dwellings continue to be valued at fair value measured by Existing Use Value for Social Housing (EUUV-SH). However the Council changed its accounting estimate in arriving at fair value from Discounted Cash Flow to the Beacon method (Adjusted Vacant Possession) in accordance with mandatory LASAAC guidance. The change in estimation has resulted in revaluation losses (affecting the Revaluation Reserve) charged to the Housing Revenue Account in previous financial years being reversed in 2014/15, resulting in a credit to the Housing Revenue Account of £8.786m. In addition the Deficit / (Surplus) on revaluation of non-current assets disclosed in the Comprehensive Income and Expenditure Statement on page 12 includes a loss of £185.302m.

b) **Composite Capital Budget 2014/15 & HRA**

A summary of the Council's capital expenditure is reflected within Note 36 to the Financial Statements on page 52. Total gross capital expenditure in 2014/15 was £73m (excluding capital financed from current revenue), comprising £17m on the Council's Housing Revenue Account (HRA) and £56m on the Council's Composite (General Fund) Programme. The gross expenditure includes:

- £24.1m on school upgrades, including new primary schools in Crieff and Oakbank.
- £14.9m on roads & transport projects, including structural maintenance, bridge refurbishments, road junction/access improvements and road safety measures.
- £16.9m on other programmes including various environmental improvements (£1.5m); community care projects (£1.1m) and property upgrades & energy efficiency schemes (£4.9m).

- £17m on the HRA including affordable housing (£5.8m), central heating, rewiring and energy efficiency schemes (£5.8m) and external works (£2.5m).

Capital expenditure is funded by borrowing, asset sales, grants, other capital receipts, and Revenue Budget contributions. The Capital Financing Requirement (CFR, i.e., the underlying requirement to borrow for capital purposes) as at 31 March 2015 was £408.201m. Actual debt was £368.459m, comprising borrowing (£243.045m at nominal value) and a PPP liability (£125.414m). The ratio of borrowing to the CFR for 2014/15 was therefore 90.3% (2013/14 85.1%). During the year the CFR increased by £25.031m, reflecting the capital expenditure above, less capital receipts, grants and contributions (£32.249m) and principal loan repayments (£15.762m).

c) **General Fund Reserves**

As at 31 March 2015 the Council had uncommitted General Fund balances of £13.310m which represented 4% of the Council's annual budgeted net expenditure. Council policy is to retain uncommitted reserves of between 2% and 4%. The Council's Reserves Strategy will continue to be reviewed, particularly as the level of total reserves reduces due to the delivery of commitments over the next few years. Full details of the Council's General Fund Reserves are shown on page 11 and pages 48 to 51 of the Financial Statements, along with information on future commitments.

The Reserves position is summarised as follows:

	£'000		£'000
General Fund	(52,670)	Revaluation Reserve	(246,847)
Housing Revenue Account	(800)	Capital Adjustments Account	(242,550)
Capital Fund	(19,316)	Financial Instruments Adjustment Account	12,198
Renewal and Repair Fund	(1,426)	Pensions Reserve	178,054
Insurance Fund	(3,802)	Employee Statutory Adjustment Account	5,680
Capital Receipts Reserve	(1,832)	TOTAL UNUSABLE RESERVES	(293,465)
Capital Grants Unapplied	(102)		
TOTAL USABLE RESERVES	(79,948)	TOTAL RESERVES	(373,413)

d) **The Balance Sheet**

The Balance Sheet on page 13 summarises the Council's assets and liabilities as at 31 March 2015 and explanatory notes are provided from page 16. Total net assets have increased by £291.499m to £373.413m. Within this headline figure, there have been significant changes in both asset values and liabilities. Property, plant and equipment have increased by £217.750m and investments have increased by £32.339m. The pensions liability has decreased by £87.944m and borrowing & lease finance has increased by £47.864m. The major changes in the Council's Balance Sheet between March 2014 and March 2015 are explained in more detail in the following paragraphs.

Non-Current and Current Assets

Property, Plant and Equipment have increased in value by £217.750m to £854.470m. Asset values have increased through a combination of major capital investment and the revaluation of some assets, including a change to the accounting estimate in arriving at fair value of Council Dwellings from Discounted Cash Flow to the Beacon method which resulted in an increased valuation of £194.088m. This was partly offset by depreciation charges for the year. Short term investments have increased by £31.068m and cash equivalents have reduced by £2.057m. This has arisen as a result of undertaking significant new borrowing to take advantage of low interest rates.

Pensions

International Accounting Standard 19 Revised (IAS19R) requires the disclosure of the Council's share of Tayside Pension Fund's assets and liabilities, both current and future. The information disclosed in the accounts is provided to the Council by the Pension Fund's actuaries following the annual valuation of the Fund. The position at 31 March 2015 indicates a net liability of £178.054m compared to a net pension liability of £265.998m on 31 March 2014. This liability is based on a snapshot valuation at 31 March 2015 and is a result of prevailing market conditions at that date. Triennial valuations of the Fund are carried out with the last valuation having taken place at 31 March 2014 and resulting in a reduction in employer's contributions from 18% to 17% of pensionable pay from 1 April 2015.

Long-Term and Short-Term Borrowing and Lease Finance

The Council's net borrowing (including finance leases) increased by £47.864m during the year. Short-term borrowing increased by £12.301m and long-term borrowing and lease financing increased by £35.563m. This reflected the maturity profile of existing debt and the new borrowing undertaken to fund the Capital Plan during 2014/15.

The Council's annual Treasury Management Strategy outlines the Council's policy in relation to borrowing and investment. This is prepared in accordance with the Code of Practice on Treasury Management in Local Authorities. The majority of the Council's borrowing comes from market loans and from borrowing from the Public Works Loan Board. Further details are provided at Note 40.

No significant events occurred between the Balance Sheet date and the date the Head of Finance signed the accounts which would have a material impact on the 2014/15 Unaudited Annual Accounts.

Provisions, Contingencies and Write Offs

The Council made provision for a number of eventualities which may have a material effect on the financial position of the Council. The reasons for the provisions are outlined in Note 31 on page 48.

There were a number of write-offs during the year which were approved by the Strategic policy and Resources Committee on 17 June 2015 - [Authority to Write Off Debts and Obsolete Stock - June 2015](#). This included permission to write off £1.598m of debt in relation to the Community Charge following legislation passed by the Scottish Parliament.

e) Accounting Ratios

The following financial indicators have been developed to provide an indication of the sustainability and affordability of the Council's financial plans.

FINANCIAL INDICATOR	2014/15	2013/14	PURPOSE
Uncommitted General Fund Reserve as a proportion of Annual Budgeted Net Expenditure	4.0%	4.0%	Reflects the level of funding available to manage financial risk / unplanned expenditure.
Movement in the Uncommitted General Fund Balance	£(0.070)m	£1.115m	Reflects the extent to which the Council has increased / (decreased) its Uncommitted General Fund Reserve.
Council Tax – In Year Collection Rate	97.0%	97.2%	Demonstrates the Council's effectiveness in collecting council tax debt.
Ratio of Council Tax Income to Overall Level of Funding	20.1%	20.7%	This reflects the Council's capacity to vary expenditure by raising Council Tax Income.
Final Net Service Expenditure compared to Budgeted Net Service Expenditure (see Cost of Services – Page 12)	£(12.880)m	£(11.128)m	Measurement of how final expenditure compares with the budgeted position and is a reflection on the effectiveness of financial management.
Actual Contribution to / (from) Unallocated General Fund Balance compared to budget	Budget £8.251m Actual £(4.629)m	Budget £6.552m Actual £(6.322)m	Further measure of the effectiveness of financial management.
Capital Financing Requirement	£408.201m	£383.170m	Measurement of requirement to borrow for capital purposes.
External Debt Levels	£368.459m	£326.051m	Actual borrowing for capital investment purposes.
Capital Financing Requirement Ratio	90.3%	85.1%	Measurement of prudence in relation to borrowing levels – borrowing only to invest in capital.
Ratio of Financing Costs to Net Revenue Stream	9.0%	7.0%	Measurement of the Council's ability to fund borrowing costs.

f) **Financial Statements**

The primary financial statements presented within the Annual Accounts are as follows:

- The **Movement in Reserves Statement** reports movements on the different reserves held by the Council analysed into Usable Reserves (i.e. those that can be applied to fund expenditure or reduce local taxation) and Unusable Reserves. The (Surplus) or Deficit on Provision of Services line shows the true economic cost of providing Council's services, more details of which are shown in the Comprehensive Income and Expenditure Statement. These are different from the statutory amounts required to be charged to the General Fund Balance and the Housing Revenue Account for Council Tax and council house rent setting purposes.
- The **Comprehensive Income and Expenditure Statement** reports the accounting cost of providing services in accordance with generally accepted accounting practices, rather than the amount to be funded from taxation. Councils raise taxation to cover expenditure in accordance with regulations which may be different from the accounting cost. The taxation position is shown in the Movement in Reserves Statement.
- The **Balance Sheet** brings together all the assets and liabilities of the Council. It is a statement of the resources of the Council and the means by which they have been financed. It is also a report on the Council's financial position at a particular point in time and represents a snapshot of its financial affairs at the close of the year expressed in accounting terms.
- The **Cash Flow Statement** summarises the inflows and outflows of cash and cash equivalents arising from transactions with third parties on both day to day revenue transactions and capital activities. Cash is defined for the purpose of this statement as cash in hand and deposits repayable on demand less overdrafts repayable on demand. Cash equivalents are investments that mature in three months or less from the date of acquisition and that are readily convertible to known amounts of cash with an insignificant risk of change in value.

The Code also requires the following to be included within the Annual Accounts:

- The **Statement of Responsibilities for the Annual Accounts** explains the responsibilities of the Council and of the Head of Finance as they relate to the Annual Accounts.
- The **Notes to the Financial Statements** provide further information on the above financial statements.
- The **Annual Governance Statement** explains how the Council has complied with the Chartered Institute of Public Finance and Accountancy (CIPFA) / Society of Local Authority Chief Executives (SOLACE) standard for good corporate governance and meets the requirements of relevant legislation and current good practice.
- The **Remuneration Report** provides details of the Council's remuneration of its senior councillors and senior officers with regard to salary, taxable expenses and pension benefits and states how remuneration arrangements are managed. The report also provides information on exit packages agreed by the Council during the financial year.

Supplementary Financial Statements

The supplementary financial statements are as follows:

- The **Housing Revenue Account** shows the major elements of housing revenue account expenditure and how these are funded by rents and other income.
- The **Council Tax Income Account** reports the gross and net income from Council Tax, together with details of the number of properties on which Council Tax is levied, and the charge per property.
- The **Non-Domestic Rates Income Account** shows the gross and net income from non-domestic rates and details the amount payable to the national non domestic pool, and resulting net income for the financial year to the Council that is shown in the Comprehensive Income and Expenditure Statement.
- The **Charitable Trusts** statement includes the summary Income and Expenditure Account and Balance Sheet of those Charitable Trusts and Endowments administered by the Council.
- The **Common Good** statement includes the summary Income and Expenditure Account and Balance Sheet for the Common Good Funds administered by the Council.
- The **Group Accounts** incorporate the share of the Council's Managed Funds, Subsidiaries and Associates into the Group Movement in Reserves Statement, Group Comprehensive Income and Expenditure Statement, Group Balance Sheet, Group Cash Flow Statement and include the Reconciliation of the Single Entity (Council) Surplus or Deficit for the year to the Group Surplus or Deficit.

7. Financial Outlook, Risks and Plans for the Future

The UK economy continues to show signs of recovery with inflation and unemployment falling and growth taking place in a number of sectors. However this does not lessen the pressures which continue to face public sector expenditure at a UK and Scottish level with further reductions in government funding predicted for 2016/17 to 2018/19. Other factors will also influence the availability of funding for the public sector including elections in each of the next two years, financial powers arising from the Scotland Act 2012, recommendations arising from the Smith Commission and the introduction of a Single Tier Pension Scheme in 2016.

The most significant risks faced by the Council over the medium to longer term include inflation; the impact of Welfare Reform; the increased demand for services; the wider financial environment and demographic changes including an ageing population.

It is anticipated that the Perth and Kinross Integrated Joint Board (IJB), with responsibility for social care and a range of health services, will come into effect during 2015/16. The IJB will be responsible for strategic and financial oversight of these services. Significant activity has taken place including submission of an Integration Scheme to the Scottish Government which sets out the terms and conditions of the integration and the relationship between the Council, the Health Board and the Partnership. Going forward the development of a strategic plan will commence which sets out the services which will be provided by the Partnership. Work will also continue to ensure effective financial stewardship for the Partnership and the Council and to ensure this new partnership is well placed to deliver integrated services.

Perth and Kinross Council has taken appropriate action to address the challenging financial climate and the reductions in financing that it anticipates over the next few years. This is underpinned by the regular updating of the Medium Term Financial Plan (MTFP) and by the availability of good quality financial information.

The Council's most recent MTFP, which will be considered by the Council on 1 July 2015, provides an overview of the financial challenges, including demographic and other cost pressures and the uncertainty of future funding levels, over the 5 year period, allowing the Council to proactively develop longer-term mitigation strategies. The medium term financial plan reflects sound financial planning by the Council and is critical for the sustainability of key services and the financial stability of the Council. The Council's Reserves Strategy is another key element of its financial planning.

The Council approved the Composite Capital Budget 2015/16 - 2022/23 at its meeting on 12 February 2015 and the HRA Capital Budget for 2015/16 - 2019/20 was approved by the Housing & Health Committee on 28 January 2015.

The Council's capital plans include major refurbishments of various schools to address increasing school rolls, as well as a new school campus in North Perth. Also included are road network improvements (including the A9/A85 Road Junction Improvements), the Almondbank Flood Prevention Scheme, the redevelopment of Perth Theatre and other City Centre improvements. Other ongoing expenditure includes road safety measures, parks and public spaces improvements, waste reduction & recycling and property improvements. The HRA Investment Programme 2015/16 to 2019/20 continues to focus upon affordable housing provision and the enhancement of the existing housing stock, particularly in respect of Lock-ups and Garage Sites.

The Capital Financing Requirement is forecast to peak at £515.957m in 2017/18. The annual cost of servicing borrowing and PPP liabilities is contained within the Council's Revenue Budget strategy, and remains affordable, prudent and sustainable.

a) **Transformation**

There are a host of challenges and opportunities facing the Council as we head towards the next decade. We face the greatest financial challenges in a generation; we are preparing for an unprecedented population increase in Perth and Kinross, alongside rising demand for our services; and we are managing the most significant change in public service since the creation of the welfare state – the integration of health and social care – as part of a larger public service reform agenda. The ways we deliver services are increasingly complex, and require much greater leadership and flexibility, from Elected Members and staff.

REDUCED PUBLIC
SERVICE FINANCE

PUBLIC SERVICE
REFORM

INCREASING DEMAND
FOR SERVICES

INCREASING
COMPLEXITY

CONFIDENT & AMBITIOUS
ORGANISATION

Scottish Government funding for Councils has reduced by 8.5% in real terms between 2010/11 and 2013/14. Between 2010 - 2015 the Council has delivered savings of £56m in its revenue budget, this includes £12m recurring savings delivered by the last [transformation programme](#).

[The Council's Transformation Programme 2015-2020](#) ensures we continue to be prepared to overcome these challenges and to deliver the vital services to those in our community who need them most. We know we must be more innovative, creative, flexible and entrepreneurial, to respond effectively to these challenges.

We welcome a new age of working together with our Community Planning partners, with our communities and with the business/voluntary sector. We will jointly face the challenges, we will build a better place to live, work and visit, and we will protect the most vulnerable in our community.

b) **Risk Management**

The ongoing challenges faced by the Council potentially increase the range and levels of risk that requires to be managed. The Council has a track record of being dynamic, innovative and ambitious and therefore will continue to rise to the challenges ahead. It also has a culture of proactively managing risks and uncertainties to reduce the likelihood and/or impact of negative consequences and as such is considered by Audit Scotland to be a low risk Council as confirmed by the [Local Scrutiny Plan 2015](#). The approach to risk management as set out in the [Council's Risk Management Strategy](#) is crucial to gain the greatest possible benefits from any changes that need to be made while delivering its ambition and commitment to best value and sustainability. For each key risk, the Council sets out the high level controls in place as well as any mitigating actions. The Council's key risks for 2015 - 2016 are:

- Support the most vulnerable in our society during welfare reform
- Protect adults at risk
- Protect vulnerable children and families
- Effectively manage changing financial circumstances
- Deliver the Council's capital programme
- Maintain security of information and prevent public sector fraud and corruption
- Health and safety
- Effective corporate governance
- Growing the economy
- Policy and legislative reform agenda

c) **Workforce Management**

Financial pressures, demand for Council services, changing demographics and public service reform continue to drive efficiencies, service redesign and rationalisation which in turn determine workforce requirements. A corporate approach to workforce planning ensures that the Council maintains a balanced and skilled workforce. This involves creating opportunities for young people to join our workforce, developing and nurturing talent to meet future requirements.

Since 2009, the Council has implemented a range of workforce management measures which are designed to make the best use of opportunities to reshape the workforce on an on-going basis, enable service redesign and deliver a leaner workforce while avoiding compulsory redundancies as far as possible. This approach recognises the importance of managing staff costs in delivering the Council's Medium Term Financial Plan (see [Medium Term Financial Plan - October 2014](#)). It also recognises and values the contribution of our employees, as described within Our People Strategy 2010-15 ([Our People Strategy - December 2010](#)).

A significant strand of the workforce management measures is enhancing capacity and improving performance which is focussed on the health and wellbeing of employees and ensuring everyone is at work and being supported to perform to the best of their ability. Effectively, this recognises that as well as reducing the size and cost of our workforce, it is also important to maximise productivity. Engaged employees feel a stronger commitment to the organisation that employs them and this results in higher performance and lower absenteeism. The Council also recognises that to meet the financial challenges, it is reliant on the innovation and creativity of our employees as we explore opportunities through public service reform to transform our services.

In 2014/15 the average days lost to sickness absence per full time equivalent (fte) employee was 8.5 days (8.9 days in 2013/14) – a 4.5% reduction on 2013/14. This represented 4% of working time per fte employee (4% in 2013/14).

8. Supplementary Information

(a) Group Accounts

The Code of Practice on Local Authority Accounting in the United Kingdom requires the Council to produce group financial statements where it has an interest in entities that meet the definition of subsidiary, associate or joint venture. The Group results are presented alongside the results for the Council on all the main statements. Further details of the associated entities that have been incorporated into the financial statements can be found on page 77.

The Council has an interest in three organisations (detailed on page 77) that do not form part of the main Accounts. Under accounting standards, the Council requires to include the results of these organisations in its Group Accounts due to the significant influence it has over their financial and operating practices.

In accordance with the Code, the 2014/15 Group Accounts Statements are included on pages 72 to 76. The basis for consolidation is set out in the Notes to the Group Accounts Statements on pages 77 to 79.

Tayside Contracts was previously included in the Group Accounts on a proportionate consolidation method. Following updates to the 2014/15 CIPFA Code, the accounting treatment of Tayside Contracts for group reporting purposes was reviewed and the entity is now included in the Group Accounts using the equity method. The corresponding restatement of the opening Group Balance Sheet has resulted in a £991,000 decrease in Group Reserves, and the movements on individual lines are detailed in the Group Balance Sheet on page 74.

The Group Reserves have also been restated by £1.643m to include the pension liability for Horsecross Arts Limited to realign accounting policies for entities included within the Group Accounts.

The effect of consolidation is to increase the Council's net assets by £11.467m resulting in a Group Balance Sheet showing net assets of £384.880m at 31 March 2015 as set out on page 74. This position reflects the Council's share of the pension liabilities of the Associate included within the Group Balance Sheet.

(b) Common Good and Trust Funds

Common Good Funds are administered by the local authority for the general benefit of its communities. Overall the Common Good Funds achieved an in year surplus of £0.051m which, when added to the surplus brought forward, results in an accumulated revenue surplus as at 31 March 2015 of £2.067m.

Details of income and expenditure accounts and balance sheets can be found on pages 70 & 71 of these accounts. These funds are subject to similar accounting policies and procedures to those that are applied to the Council's main accounts. The main source of income to Common Good Funds is rent.

The Council also administers a number of charitable Trust Funds. Details of income and expenditure accounts and balance sheets can be found on page 69 of these accounts. Overall the Trust Funds achieved an in year surplus of £0.337m which, when added to the surplus brought forward, results in an accumulated surplus as at 31 March 2015 of £3.185m.

Perth and Kinross Council's Trust Funds for which the Council is the sole trustee, also have to prepare their own Trustees' Annual Report and these are separately available on the Council website.

(c) Public Private Partnerships

In September 2000 the Council entered into a 25 year PPP contract for the construction, maintenance and operation of office accommodation and a carpark. In 2014/15 the Council paid £3.054m to the contractor under the terms of the contract.

Between 2009 and 2012 six school campuses were also brought into operation, Blairgowrie, Glenearn, Loch Leven, Strathearn, North Inch and Breadalbane. The contractor's obligation was to construct the schools and is to maintain them to a pre agreed standard. In 2014/15 the Council paid £15.167m to the contractor under the terms of the contract.

9. Conclusion

The Council has continued to demonstrate sound financial management in 2014/15 by delivering services with the resources which are available to us. The pressures being experienced by Services in relation to demand are known to us and plans are in place to mitigate them and these have been reflected in our medium and long term financial plans.

We know we will face many challenges in the future from the combined effect of reduced resources; increasing demands and expectations for our services. Yet we are confident that by working more creatively with all our residents and partners, we will not only embrace these challenges but will improve our performance and service delivery.

10. Acknowledgements

As in previous years, we would like to acknowledge the significant work of the finance team in producing the annual accounts and thank colleagues across the Council for their continuing support.

STATEMENT OF RESPONSIBILITIES FOR THE ANNUAL ACCOUNTS

The Council's Responsibilities

The Council is required:

- to make arrangements for the proper administration of its financial affairs and to ensure that one of its officers has the responsibility for those affairs. In this Authority, that officer is the Head of Finance.
- to manage its affairs to secure economic, efficient and effective use of resources and safeguard its assets.
- ensure the Annual Accounts are prepared in accordance with legislation (The Local Authority Accounts (Scotland) Regulations 2014), and so far as is compatible with that legislation, in accordance with proper accounting practices (section 12 of the Local Government in Scotland Act 2003).
- approve the Annual Accounts for signature.

The Responsibilities of the Head of Finance

The Head of Finance is responsible for the preparation of the Council's Annual Accounts, which, in terms of the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom, is required to present a true and fair view of the financial position of the Council at the accounting date and its income and expenditure for the year.

In preparing this annual accounts, the Head of Finance has:

- selected suitable accounting policies and applied them consistently;
- made judgements and estimates that were reasonable and prudent;
- complied with the Local Authority Accounting Code of Practice.

The Head of Finance has also:

- kept proper accounting records which were up to date;
- taken reasonable steps for the prevention and detection of fraud and other irregularities.

The Annual Accounts presents a true and fair view of the financial position of the authority at the accounting date and its income and expenditure for the year ended 31 March 2015.

J A Symon ACA
Head of Finance
23 June 2015

NOTES TO THE FINANCIAL STATEMENTS

1. Accounting Policies

General

The Annual Accounts have been prepared in accordance with proper accounting practices as required by the Local Authority Accounts (Scotland) Regulations 2014 and section 12 of the Local Government in Scotland Act 2003. These practices primarily comprise the Code of Practice on Local Authority Accounting in the United Kingdom 2014/15 and the Service Reporting Code of Practice (SeRCOP) 2014/15, supported by International Financial Reporting Standards (IFRS). The Annual Accounts are intended to present a true and fair view of the financial position and transactions of the authority and have been prepared in accordance with the fundamental accounting principles of relevance, reliability, comparability, understandability and materiality.

The accounting convention adopted in the Annual Accounts is principally historical cost, modified by the revaluation of certain categories of non-current assets and financial instruments.

Accruals of Income and Expenditure

Activity is accounted for in the year that it takes place, not simply when cash payments are made or received.

In particular:

- Revenue from the sale of goods is recognised when the Council transfers the significant risks and rewards of ownership to the purchaser and it is probable that economic benefits or service potential associated with the transaction will flow to the Council.
- Revenue from the provision of services is recognised when the Council can measure reliably the percentage of completion of the transaction and it is probable that economic benefits or service potential associated with the transaction will flow to the Council.
- Supplies are recorded as expenditure when they are consumed – where there is a gap between the date supplies are received and their consumption, they are carried as inventories on the Balance Sheet.
- Expenses in relation to services received (including those rendered by the Council's officers) are recorded as expenditure when the services are received, rather than when payments are made.
- Interest payable on borrowings and receivable on investments is accounted for on the basis of the effective interest rate for the relevant financial instrument rather than the cash flows fixed or determined by the contract.
- Where revenue and expenditure have been recognised but cash has not been received or paid, a debtor or creditor for the relevant amount is recorded in the Balance Sheet. Where there is evidence that debts are unlikely to be settled, the balance of debtors is written down and a charge made to revenue for the income that might not be collected.
- Where the Council is acting as an agent for another party (e.g. in the collection of Non Domestic Rates and Water & Wastewater), income and expenditure are recognised only to the extent that commission is receivable by the Council for the agency services rendered or the Council incurs expenses directly on its own behalf in rendering the services.

Cash and Cash Equivalents

Cash is represented by cash in hand and deposits with financial institutions repayable without penalty on notice of not more than 24 hours. Cash equivalents are investments that mature in three months or less from the date of acquisition and that are readily convertible to known amounts of cash with insignificant risk of change in value. In the Cash Flow Statement, cash and cash equivalents are shown net of bank overdrafts that are repayable on demand and form an integral part of the Council's cash management.

Changes in Accounting Policies and Estimates and Errors

Changes in accounting policies are only made when required by proper accounting practices or the change provides more reliable or relevant information about the effect of transactions, other events or conditions on the Council's financial position or financial performance. Where a change is made, it is applied retrospectively by adjusting opening balances and comparative amounts for the prior period as if the new policy had always been applied. Changes in accounting estimates are accounted for prospectively, i.e., in the current and future years affected by the change. Material errors discovered in prior period figures are corrected retrospectively by amending opening balances and comparative amounts for the prior period.

Charges to Revenue for Non-Current Assets

Services, support services and trading accounts are debited with the following amounts to record the cost of holding fixed assets during the year:

- depreciation attributable to the assets used by the relevant service;
- revaluation and impairment losses on assets used by the service where there are no accumulated gains in the Revaluation Reserve against which the losses can be written off;
- amortisation of intangible fixed assets attributable to the service.

The Council is not required to raise council tax to cover depreciation, revaluation and impairment losses or amortisations. However, it is required to make an annual provision from revenue to contribute towards the reduction in its overall borrowing requirement. Depreciation, revaluation and impairment losses and amortisations are therefore replaced by revenue provision in the General Fund Balance, by way of an adjusting transaction with the Capital Adjustment Account in the Movement in Reserves Statement for the difference between the two.

Contingent Assets and Liabilities

A contingent asset arises where an event has taken place that gives the Council a possible asset whose existence will only be confirmed by the occurrence or otherwise of uncertain future events not wholly within the control of the Council. A contingent liability arises where an event has taken place that gives the Council a possible obligation whose existence will only be confirmed by the occurrence or otherwise of uncertain future events not wholly within the control of the Council. Contingent liabilities also arise in circumstances where a provision would otherwise be made but either it is not probable that an outflow of resources will be required or the amount of the obligation cannot be measured reliably.

Contingent Assets and liabilities are not recognised in the Balance Sheet but disclosed in a note to the accounts.

Employee Benefits

Benefits Payable During Employment

Short-term employee benefits (those that fall due wholly within 12 months of the year-end), such as wages and salaries, paid annual leave and paid sick leave, bonuses and non-monetary benefits (e.g. cars) for current employees, are recognised as an expense in the year in which employees render service to the Council. An accrual is made against services in the Surplus or Deficit on the Provision of Services for the cost of holiday entitlements and other forms of leave earned by employees but not taken before the year-end and which employees can carry forward into the next financial year. Any accrual made is required under statute to be reversed out of the General Fund Balance by a credit to the Employee Statutory Absences Adjustment Account in the Movement in Reserves Statement.

Termination Benefits

Termination benefits are amounts payable as a result of a decision by the Council to terminate an officer's employment before the normal retirement date or an officer's decision to accept voluntary redundancy and are charged in the Comprehensive Income and Expenditure Statement when the Council is demonstrably committed to terminate the employment of an officer.

Where termination benefits involve the enhancement of pensions, statutory provisions require the General Fund Balance to be charged with the amount payable by the Council to the pension fund or pensioner in the year, not the amount calculated according to the relevant accounting standards. In the Movement in Reserves Statement, appropriations are required to and from the Pensions Reserve to remove the notional debits and credits for termination benefits related to pensions enhancements and replace them with debits for the cash paid to the pension fund and pensioners and any such amounts payable but unpaid at the year-end.

Post Employment Benefits

Employees of the Council are members of two separate pension schemes: The Scottish Teachers' Superannuation Scheme and the Local Government Pension Scheme.

The Scottish Teachers' Superannuation Scheme is a statutory unfunded defined final benefit salary scheme administered nationally by the Scottish Public Pensions Agency on behalf of the Scottish Government. There are no investment assets built up under the scheme to meet pension liabilities. The contributions paid into the scheme by the Council and teaching employees are determined nationally and member's pension benefits are prescribed under the Teachers' Superannuation (Scotland) Regulations 2005 with the Scottish Government being responsible for meeting the scheme's liabilities.

Other employees, subject to certain qualifying criteria, are eligible to join the Local Government Pension Scheme (LGPS). The LGPS is a statutory funded defined final benefit salary scheme operated through local pension funds. Perth & Kinross Council and its employees pay contributions into the Tayside Pension Fund administered by Dundee City Council calculated at a level to balance the pension liabilities with investment assets. The contributions paid into the scheme by employees and member pension benefits are prescribed, for the period to which the accounts relate, by the Local Government Pensions Scheme (Scotland) Regulations 1998 as amended. Perth & Kinross Council's contributions, as employer, into the Tayside Pension Fund are subject to the advice of the Fund actuary.

Both schemes provided defined benefits to members (retirement lump sums and pensions), earned as employees worked for the Council. However, the arrangements for the teachers' scheme mean that liabilities for these benefits cannot be attributed specifically to the Council. The scheme is therefore accounted for as if it were a defined contributions scheme – no liability for future payments of benefits is recognised in the Balance Sheet and the Education Service line in the Comprehensive Income and Expenditure Statements is charged with the employer's contributions payable to Teachers' Pensions in the year.

The Local Government Scheme is accounted for as a defined benefits scheme. The liabilities of the Tayside Pension Fund attributable to the Council are included in the Balance Sheet on an actuarial basis using the projected unit method – i.e. an assessment of the future payments that will be made in relation to retirement benefits earned to date by employees, based on assumptions about mortality rates, employee turnover rates, etc, and projections of projected earnings for current employees. Liabilities are discounted to their value at current prices, using a discount rate of 3.3% which is based on the indicative rate of return on the high quality corporate bond index (i Boxx AA).

The assets of the Tayside Pension Fund attributable to the Council are included in the Balance Sheet at their fair value:

- quoted securities – current bid price;
- unquoted securities – professional estimate;
- unitised securities – current bid price;
- property – market value.

The change in the net pension's liability is analysed into the following components:

- Service cost comprising:
 - current service cost – the increase in liabilities as result of years of service earned this year – allocated in the Comprehensive Income and Expenditure Statement to the services for which the employees worked;
 - past service cost – the increase in liabilities as a result of a scheme amendment or curtailment whose effect relates to years of service earned in earlier years – debited to the Surplus/Deficit on the Provision of Services in the Comprehensive Income and Expenditure Statement as part of Non Distributed Costs;
 - net interest on the net defined liability (asset), i.e. net interest expense for the authority – the change during the period in the net defined benefit liability (asset) that arises from the passage of time charged to the Financing and Investment Income and Expenditure line of the Comprehensive Income and Expenditure Statement – this is calculated by applying the discount rate used to measure the defined benefit obligation at the beginning of the period to the net defined benefit liability (asset) at the beginning of the period – taking into account any changes in the net defined benefit liability (asset) during the period as a result of contribution and benefit payments;
- Remeasurements comprising:
 - the return on plan assets - excluding amounts included in net interest on the net defined benefit liability (asset) – charged to the Pensions Reserve as Other Comprehensive Income and Expenditure;
 - the net defined benefit liability/(asset) – changes in the net pensions liability that arise because events have not coincided with assumptions made at the last actuarial valuation or because the actuaries have updated their assumptions – charged to the Pensions Reserve as Other Comprehensive Income and Expenditure;
- contributions paid to the Tayside Pension Fund – cash paid as employer's contributions to the pension fund in settlement of liabilities; not accounted for as an expense.

In relation to retirement benefits, statutory provisions require the General Fund Balance to be charged with the amount payable by the Council to the pension fund or directly to pensioners in the year, not the amount calculated according to the relevant accounting standards. In the Movement in Reserves Statement, this means that there are appropriations to and from the Pensions Reserve to remove the notional debits and credits for retirement benefits and replace them with debits for the cash paid to the pension fund and pensioners and any such amounts payable but unpaid at the year-end. The negative balance that arises on the Pensions Reserve thereby measures the beneficial impact on the General Fund of being required to account for retirement benefits on the basis of cash flows rather than as benefits are earned by employees.

Discretionary Benefits

The Council also has restricted powers to make discretionary awards of retirement benefits in the event of early retirements. Any liabilities estimated to arise as a result of an award to any member of staff (including teachers) are accrued in the year of the decision to make the award and accounted for using the same policies as are applied to the Local Government Pension Scheme.

Career Average Revalued Earnings Scheme (CARE)

The Local Government Pension Scheme changed from Final Salary to Career Average Revalued Earnings (CARE) on 1 April 2015, with a change of accrual rate from 1/60th to 1/49th. Employees who were previously paying into the Final Salary scheme were automatically transferred into the new CARE scheme on 1 April.

Events After the Reporting Period

Events after the reporting period are those events, both favourable and unfavourable, that occur between the end of the reporting period and the date when the Annual Accounts is authorised for issue. Two types of events can be identified:

- those that provide evidence of conditions that existed at the end of the reporting period – the Annual Accounts are adjusted to reflect such events;
- those that are indicative of conditions that arose after the reporting period – the Annual Accounts are not adjusted to reflect such events, but where a category of events would have a material effect disclosure is made in the notes of the nature of the events and their estimated financial effect.

Events taking place after the date of authorisation for issue are not reflected in the Annual Accounts.

Financial Liabilities

Financial liabilities are recognised on the Balance Sheet when the Council becomes a party to the contractual provisions of a financial instrument and are initially measured at fair value and carried at their amortised cost. Annual charges to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement for interest payable are based on the carrying amount of the liability, multiplied by the effective rate of interest for the instrument. The effective interest rate is the rate that exactly discounts estimated future cash payments over the life of the instrument to the amount at which it was originally recognised.

For most of the borrowings that the Council has, this means that the amount presented in the Balance Sheet is the outstanding principal repayable (plus accrued interest) and interest charged to the Comprehensive Income and Expenditure Statement is the amount payable for the year according to the loan agreement.

Gains and losses on the repurchase or early settlement of borrowing are credited or debited to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement in the year of

repurchase/settlement. However, where repurchase has taken place as part of a restructuring of the loan portfolio that involves the modification or exchange of existing instruments, the premium or discount respectively is deducted from or added to the amortised cost of the new or modified loan and the write-down to the Comprehensive Income and Expenditure Statement is spread over the life of the loan by an adjustment to the effective interest rate.

Where premiums and discounts have been charged to the Comprehensive Income and Expenditure Statement, regulations allow the impact on the General Fund Balance to be spread over future years. The Council has a policy of spreading the gain/loss over the term of the replacement loan. The reconciliation of amounts charged to the Comprehensive Income and Expenditure Statement to the net charge required against the General Fund Balance is managed by a transfer to or from the Financial Instruments Adjustment Account in the Movement in Reserves Statement.

Financial Assets

Financial assets are loans and receivables that have fixed or determinable payments but are not quoted in an active market.

Loans and receivables are recognised on the Balance Sheet when the Council becomes a party to the contractual provisions of a financial instrument and are initially measured at fair value. They are then measured at their amortised cost. Annual credits to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement for interest receivable are based on the carrying amount of the asset multiplied by the effective rate of interest for the instrument. For deposits that the Council has made, this means that the amount presented in the Balance Sheet is the outstanding principal receivable (plus accrued interest) and interest credited to the Comprehensive Income and Expenditure Statement is the amount receivable for the year in the agreement.

However, the Council has made a loan to a charitable organisation at less than market rates (soft loan). When a soft loan is made, a loss is recorded in the Comprehensive Income and Expenditure Statement (debited to the appropriate service) for the present value of the interest that will be foregone over the life of the instrument, resulting in a lower amortised cost than the outstanding principal. Interest is credited to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement at a marginally higher effective rate of interest than the rate receivable from the voluntary organisations, with the difference serving to increase the amortised cost of the loan in the Balance Sheet.

Where assets are identified as impaired because of a likelihood arising from a past event that payments due under the contract will not be made, the asset is written down and a charge made to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement. The impairment loss is measured as the difference between the carrying amount and the present value of the revised future cash flows discounted at the asset's original effective interest rate.

Any gains and losses that arise on the de-recognition of an asset are credited/debited to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement.

Foreign Currency

Where the Council enters into a transaction in foreign currency the transaction is converted into sterling at the exchange rate applicable on the date the transaction is effective.

Government Grants and Contributions

Whether paid on account, by instalments or in arrears, government grants and third party contributions and donations are recognised as due to the Council when there is reasonable assurance that:

- the Council will comply with the conditions attached to the payments; and
- the grants or contributions will be received.

Amounts recognised as due to the Council are not credited to the Comprehensive Income and Expenditure Statement until conditions attaching to the grant or contribution have been satisfied. Conditions are stipulations that specify that the future economic benefits or service potential embodied in the asset acquired using the grant or contribution are required to be consumed by the recipient as specified or future economic benefits or service potential must be returned to the transferor.

Monies advanced as grants and contributions for which conditions have not been satisfied are carried in the Balance Sheet as creditors. When conditions are satisfied, the grant or contribution is credited to the relevant service line (attributable revenue grants/contributions) or Taxation and Non-Specific Grant Income (non-ring-fenced revenue grants and all capital grants) in the Comprehensive Income and Expenditure Statement.

Where capital grants are credited to the Comprehensive Income and Expenditure Statement, they are reversed out of the General Fund Balance in the Movement in Reserves Statement. Where the grant has yet to be used to finance capital expenditure, it is posted to the Capital Grants Unapplied Account. Where it has been applied, it is posted to the Capital Adjustment Account. Amounts in the Capital Grants Unapplied Account are transferred to the Capital Adjustment Account once they have been applied.

Heritage Assets

Heritage Assets are those assets that are intended to be preserved in trust for future generations because of their cultural, environmental or historical associations. Heritage Assets include museum and gallery collections and works of art. These assets are held by the Council in pursuit of its overall objectives in relation to the maintenance of the heritage.

Tangible Heritage Assets

The Council's Heritage Assets are held in the Perth Museum & Gallery, Fergusson Gallery and Alyth Museum. The collections include Art, History and Natural History and are held in support of Council objectives i.e. to increase knowledge, understanding and appreciation of the local area and its' history. Heritage Assets are recognised and measured (including the treatment of revaluation gains and losses) in accordance with the Council's accounting policies on property, plant and equipment.

However, some of the measurement rules are relaxed in relation to heritage assets as detailed below. The Council has embarked upon a revaluation programme for all collection items deemed to have significant value, these being mainly items within Fine and Applied Art collections. In recognition of the key qualitative characteristics of the financial statements, i.e. understandability, relevance, reliability and comparability, the Council has chosen to apply a £10,000 de-minimus level for which items will be recognised within the balance sheet. The exclusion of individual items having a value of less than £10,000 does not impact upon the characteristics of the financial statements and a summary of the main collections and applicable accounting treatment is as follows.

Art Collection

The Fine Art collection includes paintings and sketches in various mediums, and although international in scope, its greatest strength is in the holding of Scottish pictures. The collection seeks to retain a balance between the historical and the contemporary whilst continuing to develop the holdings of works of specifically local interest. The Applied Art collection has been acquired since 1785 through purchase, gift or bequest. It covers a wide variety of objects and materials, within which the collections of Perth silver and Perthshire glass are unsurpassed in terms of national importance.

Subject to the de-minimus noted above, items donated or acquired are valued by the Council curators at point of acquisition; in addition, there is a five year rolling programme of valuation to ensure all significant items in the Art collection are valued. All valuations are undertaken by the Council curators having relevant knowledge and experience and with reference to appropriate commercial markets.

Art collection items are held in the Council balance sheet at market value and are tested annually for impairment, e.g. where an item has suffered physical deterioration or breakage or where doubts arise as to its authenticity. Any impairment is recognised and measured in accordance with the Council's general policies on impairment.

As the assets within the art collection are deemed to have indeterminate lives and a high residual value, the Council does not consider it appropriate to charge depreciation.

History Collection

The History collection includes social history, archaeology, arms & armour, costume, archives, coins, medals & stamps, photography and world cultures collections. These items cannot be readily and/or reliably valued due to their diverse nature; to attempt valuation would be disproportionate in terms of any benefit derived to the user of the financial statements and the History collection is consequently excluded from the Council Balance Sheet.

Natural History Collection

The Natural History collection includes zoology, botany and geology collections. No market exists for these items and collections and there is no comparable data to form the basis of valuation. The cost of obtaining valuations would be disproportionate in terms of any benefit derived to the user of the financial statements and Natural History collections are consequently excluded from the Council Balance Sheet.

Heritage Assets – General

The Council Heritage Service may dispose of heritage assets which have a doubtful provenance or are unsuitable for public display. The proceeds of such items are accounted for in accordance with the Council's general provisions relating to the disposal of property, plant and equipment. Disposal proceeds are disclosed separately in the notes to the financial statements and are accounted for in accordance with statutory accounting requirements relating to capital expenditure and capital receipts.

The promotion of other cultural events and programmes during the year makes it difficult to reliably estimate the percentage of the Art Collection on display for public viewing. All items not on display are held in secure storage and access is permitted to scholars and others for research purposes.

The Council Heritage Service Collecting Policy provides guidance on the collection, disposal or lending of heritage assets.

Intangible Assets

Expenditure on non-monetary assets that do not have physical substance but are controlled by the Council as a result of past events (e.g. software licences) is capitalised when it is expected that future economic benefits or service potential will flow from the intangible asset to the Council. Internally generated assets are capitalised where it is demonstrable that the project is technically feasible and is intended to be completed (with adequate resources being available) and the Council will be able to generate future economic benefits or deliver service potential by being able to sell or use the asset. Expenditure is capitalised where it can be measured reliably as attributable to the asset and restricted to that incurred during the development phase (research expenditure is not capitalised). Expenditure on the development of websites is not capitalised if the website is solely or primarily intended to promote or advertise the Council's goods or services.

Intangible assets are measured initially at cost. Amounts are only revalued where the fair value of the assets held by the Council can be determined by reference to an active market. The depreciable amount of an intangible asset is

amortised over its useful life to the relevant service line(s) in the Comprehensive Income and Expenditure Statement. An asset is tested for impairment whenever there is an indication that the asset might be impaired – any losses recognised are posted to the relevant service line(s) in the Comprehensive Income and Expenditure Statement. Any gain or loss arising on the disposal or abandonment of an intangible asset is posted to the Other Operating Expenditure line in the Comprehensive Income and Expenditure Statement. Where expenditure on intangible assets qualifies as capital expenditure for statutory purposes, amortisation, impairment losses and disposal gains and losses are not permitted to have an impact on the General Fund Balance. The gains and losses are therefore reversed out of the General Fund Balance in the Movement in Reserves Statement and posted to the Capital Adjustment Account and the Capital Receipts Reserve.

Interests in Companies and Other Entities

The Council has material interests in companies and other entities that have the nature of subsidiaries, associates and jointly controlled entities and require it to prepare group accounts. In the Council's own single-entity accounts, the interests in companies and other entities are recorded as financial assets at cost, less any provision for losses.

Inventories

Inventories are included in the Balance Sheet at the lower of cost and net realisable value. Work in progress is valued at the cost of direct materials and labour plus attributable overheads based on the normal level of activity less any attributable losses.

Investment Properties

Investment properties are those that are used solely to earn rentals and/or for capital appreciation. The definition is not met if the property is used in any way to facilitate the delivery of services or production of goods or is held for sale. Investment properties are measured initially at cost and subsequently at fair value, based on the amount at which the asset could be exchanged between knowledgeable parties at arm's length. Properties are not depreciated but are revalued annually according to market conditions at the year-end. Gains and losses on revaluation are posted to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement. The same treatment is applied to gains and losses on disposal.

Rentals received in relation to investment properties are credited to the Financing and Investment Income line and result in a gain for the General Fund Balance. However, revaluation and disposal gains and losses are not permitted by statutory arrangements to have an impact on the Balance. The gains and losses are therefore reversed out of the General Fund Balance in the Movement in Reserves Statement and posted to the Capital Adjustment Account and the Capital Receipts Reserve.

Leases

Leases are classified as finance leases where the terms of the lease transfer substantially all the risks and rewards incidental to ownership of the property, plant or equipment from the lessor to the lessee. All other leases are classified as operating leases. Where a lease covers both land and buildings, the land and buildings elements are considered separately for classification. Arrangements that do not have the legal status of a lease but convey a right to use an asset in return for payment are accounted for under this policy where fulfilment of the arrangement is dependent on the use of specific assets.

The Council as Lessee

Operating Leases - Rentals paid under operating leases are charged to the Comprehensive Income and Expenditure Statement as an expense of the services benefitting from use of the leased property, plant or equipment. Charges are made on a straight-line basis over the life of the lease, even if this does not match the pattern of payments (e.g. there is a rent-free period at the commencement of the lease).

The Council as Lessor

Operating Leases - Where the Council grants an operating lease over a property or an item of plant or equipment, the asset is retained in the Balance Sheet. Rental income is credited to the Other Operating Expenditure line in the Comprehensive Income and Expenditure Statement. Credits are made on a straight-line basis over the life of the lease, even if this does not match the pattern of payments (e.g. there is a premium paid at the commencement of the lease). Initial direct costs incurred in negotiating and arranging the lease are added to the carrying amount of the relevant asset and charged as an expense over the lease term on the same basis as rental income.

Overheads and Support Services

The costs of overheads and support services are charged to those that benefit from the supply or service in accordance with the costing principles of the CIPFA Service Reporting Code of Practice 2014/15 (SerCOP). The total absorption costing principle is used – the full cost of overheads and support services are shared between users in proportion to the benefits received, with the exception of:

- Corporate and Democratic Core – costs relating to the Council's status as a multi-functional, democratic organisation.
- Non Distributed Costs – the cost of discretionary benefits awarded to employees retiring early and any depreciation and impairment losses chargeable on surplus assets in Property, Plant and Equipment.

These two cost categories are defined in SerCOP and accounted for as separate headings in the Comprehensive Income and Expenditure Statement, as part of Net Expenditure on Continuing Services.

Property, Plant and Equipment

Assets that have physical substance and are held for use in the production or supply of goods or services, for rental to others or for administrative purposes and that are expected to be used during more than one financial year are classified as Property, Plant and Equipment.

Recognition

Expenditure on the acquisition, creation or enhancement of Property, Plant and Equipment is capitalised on an accruals basis, provided that it is probable that the future economic benefits or service potential associated with the item will flow to the Council and the cost of the item can be measured reliably. Expenditure that maintains but does not add to an asset's potential to deliver future economic benefits or service potential (e.g. repairs and maintenance) is charged as an expense when it is incurred.

Measurement

Assets are initially measured at cost, comprising:

- the purchase price;
- any costs attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management;
- the initial estimate of the costs of dismantling and removing the item and restoring the site on which it is located where there is a legal or constructive obligation to do so.

The Council does not capitalise borrowing costs incurred whilst assets are under construction. The cost of assets acquired other than by purchase is deemed to be its fair value, unless the acquisition will not increase the cash flows of the Council. In the latter case, the cost of the acquisition is the carrying amount of the asset given up by the Council.

Donated assets are measured initially at fair value. The difference between fair value and any consideration paid is credited to the Taxation and Non-Specific Grant Income line of the Comprehensive Income and Expenditure Statement, unless the donation has been made conditionally. Until conditions are satisfied, the gain is held in the Donated Assets Account. Where gains are credited to the Comprehensive Income and Expenditure Statement, they are reversed out of the General Fund Balance to the Capital Adjustment Account in the Movement in Reserves Statement.

Assets are then carried in the Balance Sheet using the following measurement bases:

- infrastructure, community assets and assets under construction – depreciated historical cost;
- dwellings – fair value, determined using the basis of existing use value for social housing (EUV-SH). The Council has arrived at this valuation using the Beacon approach (Adjusted Vacant Possession) for the first time in 2014/15 in accordance with LASAAC guidance;
- all other assets – fair value, determined by the amount that would be paid for the asset in its existing use (existing use value – EUV).

Where there is no market-based evidence of fair value because of the specialist nature of an asset, depreciated replacement cost is used as an estimate of fair value. Assets included in the Balance Sheet at fair value are revalued sufficiently regularly to ensure that their carrying amount is not materially different from their fair value at the year-end, but as a minimum every five years. Increases in valuations are matched by credits to the Revaluation Reserve to recognise unrealised gains.

Where decreases in value are identified, the revaluation loss is accounted for as follows:

- where there is a balance of revaluation gains for the asset in the Revaluation Reserve, the carrying amount of the asset is written down against that balance (up to the amount of the accumulated gains);
- where there is no balance in the Revaluation Reserve or insufficient balance, the carrying amount of the asset is written down against the relevant service line(s) in the Comprehensive Income and Expenditure Statement.

The Revaluation Reserve contains revaluation gains recognised since 1 April 2007 only, the date of its formal implementation. Gains arising before that date have been consolidated into the Capital Adjustment Account.

Impairment

Assets are assessed at each year-end as to whether there is any indication that an asset may be impaired. Where indications exist and any possible differences are estimated to be material, the recoverable amount of the asset is estimated and, where this is less than the carrying amount of the asset, an impairment loss is recognised for the shortfall.

Where impairment losses are identified, they are accounted for by:

- where there is a balance of revaluation gains for the asset in the Revaluation Reserve, the carrying amount of the asset is written down against that balance (up to the amount of the accumulated gains);
- where there is no balance in the Revaluation Reserve or insufficient balance, the carrying amount of the asset is written down against the relevant service line(s) in the Comprehensive Income and Expenditure Statement.

Where an impairment loss is reversed subsequently, the reversal is credited to the relevant service line(s) in the Comprehensive Income and Expenditure Statement, up to the amount of the original loss, adjusted for depreciation that would have been charged if the loss had not been recognised.

Disposals and Assets Held for Sale

When it becomes probable that the carrying amount of an asset will be recovered principally through a sale transaction rather than through its continuing use, it is reclassified as an Asset Held for Sale. The asset is revalued immediately before reclassification and then carried at the lower of this amount and fair value less costs to sell. Where there is a subsequent decrease to fair value less costs to sell, the loss is posted to the Other Operating Expenditure line in the Comprehensive Income and Expenditure Statement. Gains in fair value are recognised only up to the amount of any previously recognised losses. Depreciation is not charged on Assets Held for Sale. Assets that are to be abandoned or scrapped are not reclassified as Assets Held for Sale.

When an asset is disposed of or decommissioned, the carrying amount of the asset in the Balance Sheet (whether Property, Plant and Equipment or Assets Held for Sale) is written off to the Other Operating Expenditure line in the Comprehensive Income and Expenditure Statement as part of the gain or loss on disposal. Receipts from disposals (if any) are credited to the same line in the Comprehensive Income and Expenditure Statement also as part of the gain or loss on disposal (ie netted off against the carrying value of the asset at the time of disposal). Any revaluation gains accumulated for the asset in the Revaluation Reserve are transferred to the Capital Adjustment Account.

Amounts received for a disposal are categorised as capital receipts. The balance of receipts is required to be credited to the Capital Receipts Reserve, and can then only be used for new capital investment or set aside to reduce the Council's underlying need to borrow (the capital financing requirement). Receipts are appropriated to the Reserve from the General Fund Balance in the Movement in Reserves Statement. The written-off value of disposals is not a charge against council tax, as the cost of fixed assets is fully provided for under separate arrangements for capital financing. Amounts are appropriated to the Capital Adjustment Account from the General Fund Balance in the Movement in Reserves Statement.

Depreciation

Depreciation is provided for on all Property, Plant and Equipment assets by the systematic allocation of their depreciable amounts over their useful lives. An exception is made for assets without a determinable finite useful life (i.e. freehold land and certain Community Assets) and assets that are not yet available for use (i.e. assets under construction).

Leasehold properties	over period of lease
Roads and bridges	15-30 years
Other infrastructure assets	10-30 years
Vehicles, plant and equipment	3-15 years
Council Buildings	up to 50 years
Council Dwellings	10-30 years
Intangible Fixed Assets	3-5 years

Where an item of Property, Plant and Equipment asset has major components whose cost is significant in relation to the total cost of the item, the components are depreciated separately. Revaluation gains are also depreciated, with an amount equal to the difference between current value depreciation charged on assets and the depreciation that would have been chargeable based on their historical cost being transferred each year from the Revaluation Reserve to the Capital Adjustment Account.

Private Finance Initiative (PFI) and Similar Contracts

PFI and similar contracts are agreements to receive services, where the responsibility for making available the property, plant and equipment needed to provide the services passes to the PFI contractor. As the Council is deemed to control the services that are provided under its PFI schemes the Council carries the assets used under the contracts on its Balance Sheet as part of Property, Plant and Equipment.

The original recognition of these assets at fair value (based on the cost to purchase the property, plant and equipment) was balanced by the recognition of a liability for amounts due to the scheme operator to pay for the capital investment. Non current assets recognised on the Balance Sheet are revalued and depreciated in the same way as property, plant and equipment owned by the Council.

The amounts payable to the PFI operators each year are analysed into five elements:

- fair value of the services received during the year – debited to the relevant service in the Comprehensive Income and Expenditure Statement;
- finance cost – an interest charge on the outstanding Balance Sheet liability, debited to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement;
- contingent rent – increases in the amount to be paid for the property arising during the contract, debited to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement;
- payment towards liability – applied to write down the Balance Sheet liability towards the PFI operator (the profile of write-downs is calculated using the same principles as for a finance lease);
- lifecycle replacement costs – debited to the relevant service in the Comprehensive Income and Expenditure Statement.

Provisions

The Council is required to make provisions where an event has taken place that gives the Council a legal or constructive obligation that probably requires settlement by a transfer of economic benefits or service potential, and a reliable estimate can be made of the amount of the obligation. Provision has been made for bad and doubtful debts in respect of Council Tax, Community Charge, Housing Rents and other items of income, where appropriate. In all cases the level of provision is based on experience and an assessment of the prospects of recovering the related debt.

Provisions are charged as an expense to the appropriate service line in the Comprehensive Income and Expenditure Statement in the year that the council becomes aware of the obligation, and measured at the best estimate at the balance sheet date of the expenditure required to settle the obligation, taking into account relevant risks and uncertainties. When payments are eventually made, they are charged to the provision carried in the Balance Sheet. Estimated settlements are reviewed at the end of each financial year – where it becomes less than probable that a transfer of economic benefits will now be required (or a lower settlement than anticipated is made), the provision is

reversed and credited back to the relevant service. Where some or all of the payment required to settle a provision is expected to be recovered from another party (eg from an insurance claim), this is only recognised as income for the relevant service if it is virtually certain that reimbursement will be received if the council settles the obligation.

Reserves

Reserves are created by appropriating amounts out of the General Fund Balance in the Movement in Reserves Statement. When expenditure to be financed from a reserve is incurred, it is charged to the appropriate service in that year to score against the Surplus/Deficit on the Provision of Services in the Comprehensive Income and Expenditure Statement. The reserve is then appropriated back into the General Fund Balance in the Movement in Reserves Statement so that there is no net charge against council tax for the expenditure. Certain reserves are kept to manage the accounting processes for non-current assets, financial instruments and retirement benefits and that do not represent usable resources for the Council – these reserves are explained in the relevant notes.

Revenue Expenditure Funded from Capital under Statute

Expenditure incurred during the year that may be capitalised under statutory provisions but does not result in the creation of a non-current asset has been charged as expenditure to the relevant service in the Comprehensive Income and Expenditure Statement in the year. Where the Council has determined to meet the cost of this expenditure from existing capital resources or by borrowing, a transfer in the Movement in Reserves Statement from the General Fund Balance to the Capital Adjustment Account then reverses out the amounts charged so that there is no impact on the level of council tax.

VAT

VAT payable is included as an expense only to the extent that it is not recoverable from Her Majesty's Revenue and Customs. VAT receivable is excluded from income.

2. Accounting Standards that have been issued but have not yet been adopted

For 2014/15, the accounting standards that require to be reported relate to:

- IFRS 13 Fair Value Measurement.
- Annual Improvements to IFRSs (2011 – 2013 Cycle) :
 - IFRS 1: Meaning of effective IFRSs
 - IFRS 3: Scope exceptions for joint ventures;
 - IFRS 13: Scope of paragraph 52 (portfolio exception); and
 - IAS 40: Clarifying the interrelationship of IFRS 3 Business Combinations and IAS 40 Investment Property when classifying property as investment property or owner-occupied property
- IFRIC 21 Levies.

3. Critical Judgements in Applying Accounting Policies

In applying the accounting policies set out in Note 1, the Council has had to make certain judgements about complex transactions or those involving uncertainty about future events. The critical judgements made in the Annual Accounts are:

Public Sector Funding

There is a high degree of uncertainty about future levels of funding for local government. However, the Council has determined that this uncertainty is not yet sufficient to provide an indication that the assets of the Council might be impaired as a result of a need to close facilities and reduce levels of service provision.

Public Private Partnership (PPP)

The Council is deemed to control the services provided under the agreement for the provision of educational establishments. The accounting policies for PPP schemes and similar arrangements have been applied and the assets under the contract are included within Property, Plant and Equipment on the Council's Balance Sheet. Note 37 provides further details.

4. Assumptions Made About the Future and Other Major Sources of Estimation Uncertainty

The Annual Accounts contains estimated figures that are based on assumptions made by the Council about the future or that are otherwise uncertain. Estimates are made taking into account historical experience, current trends and other relevant factors. However, because balances cannot be determined with certainty, actual results could be materially different from the assumptions and estimates.

The items in the Council's Balance Sheet at 31 March 2015 for which there is a significant risk of material adjustment in the forthcoming financial year are in respect of the Council's Net Pensions Liability and Property and Plant and Equipment.

Uncertainty

Estimation of the net liability to pay pensions depends on a number of complex judgements relating to the discount rate used, the rate at which salaries are projected to increase, changes in retirement ages, mortality rates and expected returns on pension fund assets. A firm of consulting actuaries is engaged to provide the Council with expert advice about the assumptions to be applied.

Effect if Actual Results Differ from Assumptions

The effects on the net pensions liability of changes in individual assumptions can be measured. For instance, a 0.1% increase in the discount rate assumption would result in a reduction in the pension liability of £14,487,000. However, the assumptions interact in complex ways. During 2014/15, the Council's actuaries advised that the net pension's liability had decreased by £87,944,000 following an updating of assumptions.

Uncertainty

Property, Plant and Equipment assets are depreciated over useful lives that are dependent on assumptions about the level of repairs and maintenance that will be incurred in relation to individual assets. The current economic climate makes it uncertain that the Council will be able to sustain its current spending on repairs and maintenance, bringing into doubt the useful lives assigned to assets.

Effect if Actual Results Differ from Assumptions

If the useful life of assets is reduced, depreciation increases and the carrying amount of the assets falls. It is estimated that the annual depreciation charge for buildings would increase by £447,000 for every year that useful lives had to be reduced.

5. Adjustments between Accounting Basis and Funding Basis under Regulations

	Usable Reserves				2013/14
	General Fund Balance	Housing Revenue Account	Capital Receipts Reserve	Total	
	£'000	£'000	£'000	£'000	£'000

Purpose of Earmarked General Fund Balances

Transformation Programme (including Workforce Management) – The Reserves Strategy in February 2014 approved these resources as earmarked to support the Council's transformation programme including the costs of any workforce management measures required to respond to future financial challenges. The application of these resources will be reported to the Strategic Policy & Resources Committee through the revenue monitoring process.

Revenue Budget Flexibility – to assist in the management of the Revenue Budget, the Council's approved budget flexibility scheme permits Services to carry forward under or over spends from one financial year into future financial years within set limits and with the prior approval of Council. The amount carried forward can only be utilised for purposes approved by Council.

Funding of Capital Expenditure at Perth Theatre – these resources were earmarked in reserves to fund investment in Perth Theatre. The application of these resources will be reported to the Strategic Policy & Resources Committee through the revenue monitoring process.

Affordable Housing (Resources accrued from reduced Council Tax Discounts) - the Council has previously agreed to reduce the level of Council Tax Discounts on Second Homes and Long Term Unoccupied Dwellings to 10% to create funding to support the development of affordable housing within the Perth & Kinross area in partnership with Registered Social Landlords. The application of these resources will be reported to the Strategic Policy & Resources Committee through the revenue monitoring process.

Developer Contributions; Commuted Sums, Infrastructure and Affordable Housing - the Enterprise & Infrastructure Committee approved a comprehensive affordable housing policy on 29 August 2007. As a consequence, commuted sums are received from some developers in lieu of the provision of affordable housing. These sums are held in the Council's Reserves until they are applied to schemes for the provision of affordable housing. Additionally, contributions are provided by developers towards the cost of maintaining public open space, play areas and Infrastructure. The application of these resources will be reported to the Strategic Policy & Resources Committee through the revenue monitoring process.

Car Parking – this balance is the accumulated surplus at 31 March 2015 which is restricted in its application under the Road Traffic Regulation Act 1984. Any proposals to utilise these resources will require approval by the Strategic Policy and Resources Committee.

Devolved School Management Balances – the amount shown is the accumulated sum available to be carried forward at 31 March 2015 under the approved scheme for managing these budgets. The purposes for which the earmarked amount can be used and the procedures for its management and control are detailed in the Council's approved DSM scheme.

Perth City Centre Regeneration – this balance will be utilised for projects in Perth City Centre. The application of these resources will be reported to the Strategic Policy & Resources Committee through the revenue monitoring process.

Revenue Grants – these grants are being carried forward in reserves as the grant conditions have been met but the expenditure has not been fully incurred.

Essential Maintenance and Compliance Works – these resources have been earmarked to fund the dilapidations works associated with the Perth Office Programme. The application of these resources will be reported to the Strategic Policy & Resources Committee through the revenue monitoring process.

Investment in Improvement Funds - this amount is earmarked for specific projects in accordance with reports approved by the Strategic Policy & Resources Committee. The application of these resources will be reported to the Strategic Policy & Resources Committee through the revenue monitoring process, with additional reports on progress in utilising the resources to be submitted to that committee where necessary.

Perth Office Programme - these resources are earmarked in reserves to fund future expenditure on the Perth Office Programme. The application of these resources will be reported to the Strategic Policy & Resources Committee through the revenue monitoring process.

Local Integration Reserve Fund – The Strategic Policy and Resources Committee approved the transfer of £500,000 during 2014/15 to a Local Integration Reserve Fund (Report No. 14/407 refers). These resources will be released in 2015/16 to assist the new Integrated Joint Health and Social Care Partnership Board to assess its priorities for service redesign and continued investment across all Board activities during the first year of operation.

Public Service Network – these resources are earmarked in reserves to fund any additional work that may be required beyond initial accreditation. The application of these resources will be reported to the Strategic Policy & Resources Committee through the revenue monitoring process.

Planning Appeals and Public Inquiries – under spends in financial year 2014/15 and previous years have been earmarked to fund future planning appeal and public inquiry expenses. The application of these resources will be reported to the Strategic Policy & Resources Committee through the revenue monitoring process.

Modern Apprentices/Graduate Trainees - The Strategic Policy and Resources Committee approved the transfer of the underspend on modern apprentices and graduate trainees during 2014/15 to fund future expenditure in this area.

Crematorium Abatement Levy – income from financial year 2012/13, 2013/14 and 2014/15 has been earmarked for future investment at Perth Crematorium to comply with mercury abatement legislation. The application of these resources will be reported to the Strategic Policy & Resources Committee through the revenue monitoring process.

Environmental Initiatives – these resources are earmarked in reserves for future environmental initiatives. The application of these resources will be reported to the Strategic Policy & Resources Committee through the revenue monitoring process.

Energy and Water Management – the Council approved the transfer of £200,000 to an Energy and Water Management Reserve as part of the Revenue Budget process in February 2014. This is to deal with any potential over spends on energy and water management associated with severe weather.

Financial Assistance – at its meeting on 9 February 2006 the Council approved the creation of a recurring budget to fund its anticipated contribution to the Mod and other events across Perth and Kinross.

Central Energy Efficiency Fund – this fund is a means of pooling grant received from the former Scottish Executive together with savings achieved from the implementation of energy conservation and efficiency schemes to fund expenditure on further schemes of the same type. The application of these resources will be reported to the Strategic Policy & Resources Committee through the revenue monitoring process.

Investment in Learning Programme (ILL) – under spends in financial year 2011/12 have been earmarked within Reserves to deal with future expenditure on the ILL Programme including infrastructure works at Moyness Road, Blairgowrie.

Contaminated Land – under spends in financial years 2011/12; 2012/13 and 2013/14 have been earmarked to fund future remediation work to comply with the Council's statutory duty. The application of these resources will be reported to the Strategic Policy & Resources Committee through the revenue monitoring process.

Local Government Elections – these resources are earmarked in reserves as a contribution to local elections. The application of these resources will be reported to the Strategic Policy & Resources Committee through the revenue monitoring process.

Events – These resources were earmarked as part of the revenue budget approved in February 2013 for investment in outdoor and cultural events. These resources will be utilised in 2015/16 and 2016/17. The application of these resources will be reported to the Strategic Policy & Resources Committee through the revenue monitoring process.

Community Safety / Community Wellbeing Initiatives – reduced requisitions in 2011/12 from Tayside Fire and Rescue Board and Tayside Joint Police Board allowed the identification of resources to support preventative initiatives linked to community well being and safety. The balance of these resources will be utilised in 2015/16.

Equal Pay Strategy – in common with many other local authorities, the Council has previously recognised its potential liability under the Equal Pay Act 1970 in respect of inherited national and local pay structures which, in some instances, differentiated between male and female employees undertaking work of equal value. The Council's risk from claims has reduced and therefore resources are no longer being earmarked for this purpose.

Zero Waste Fund Resources contribution to Loan charges - the Council approved the transfer to Reserves of Zero Waste Fund resources in 2008/09 and 2009/10. These resources were utilised in funding loan charges over the subsequent years in respect of additional waste strategy projects which were being promoted by the Environment Service with 2014/15 being the final year.

Minibus Replacement Strategy – these resources were applied during 2014/15 by Education and Children's Services.

Ryder Cup - these resources were earmarked in reserves to fund expenditure on Ryder Cup promotion and infrastructure in 2014/15.

Kinross Curling Trust - these resources were earmarked in reserves to fund the refurbishment of Kinross Curling Rink in 2014/15.

Letham Community Sports Hub – these resources were earmarked in reserves to support the project at Seven Acres Park in 2014/15.

Tayside Contracts – these resources were earmarked in reserves for Education and Children's Services to offset the additional cleaning and catering contract costs in 2014/15 in respect of Tayside Contracts increased costs from implementing the Living Wage.

7. Central Services

This heading includes areas of expenditure that cannot be attributed or apportioned to the main services provided by the Council.

	2014/15 £'000	2013/14 £'000
Local Tax Collection	1,366	896
Registration of Births, Deaths and Marriages	96	210
Electoral Registration /Elections	495	663
Licensing	(118)	158
Emergency Planning	4	25
General Grants and Financial Assistance	231	519
	<u>2,074</u>	<u>2,471</u>

8. Other Expenditure

Other Expenditure is detailed as follows. In 2014/15 Valuation services were provided by a joint board on behalf of Perth & Kinross, Angus and Dundee City Councils.

	2014/15 £'000	2013/14 £'000
Valuation	1,162	1,162
Commercial Property	1,246	2,746
Irrecoverable Costs of Support to Outside Bodies	59	239
Harbour	227	276
Total	<u>2,694</u>	<u>4,423</u>

The harbour at Perth is a commercial port. Income from harbour dues during the year amounted to £87,000 (2013/14 £95,000) and the net deficit was £227,000 (2013/14 net deficit £276,000).

9. Other Operating Income

	2014/15 £'000	2013/14 £'000
Gains on the Disposal of Non Current Assets	(912)	(1,118)
Share of Tayside Contracts surplus	(343)	(479)
Total	<u>(1,255)</u>	<u>(1,597)</u>

10. Financing and Investment Income and Expenditure

	2014/15 £'000	2013/14 £'000
Interest payable and similar charges	17,516	16,176
Pensions interest cost and expected return on pensions assets	11,809	8,416
Interest receivable and similar income	(391)	(450)
Income and expenditure in relation to investment properties and changes in their fair value	1,102	(1,411)
Total	<u>30,036</u>	<u>22,731</u>

11. Taxation and Non Specific Grant Incomes

	2014/15 £'000	2013/14 £'000
Council Tax Income	(67,578)	(67,083)
Non Domestic Rates	(55,395)	(50,759)
Non Ringfenced Government Grants	(193,800)	(193,595)
Capital Grants and Contributions	(18,753)	(12,269)
Total	<u>(335,526)</u>	<u>(323,706)</u>

12. Material Items of Income and Expense

The revaluation of Council dwellings in 2014/15 resulted in the Council changing the accounting estimate in arriving at fair value for Council dwellings from the Discounted Cash Flow method to the Beacon approach (Adjusted Vacant Possession) in accordance with mandatory LASAAC guidance. The change in accounting estimate resulted in a significant increase in the value of Council Dwellings at 1 April 2014 of £194.088m, of which £8.786m was a reversal of previous valuation losses and was credited to the Housing Revenue Account; the remainder (£185.302m) is included within the Revaluation Reserve.

There have been no other material items of income and expenditure during 2014/15 which are not disclosed on the face of the Comprehensive Income and Expenditure Statement.

13. Premiums and Discounts on Debt Rescheduling Written Down

The Code requires that any premiums or discounts arising from debt rescheduling should be written off in the year they were incurred, except in limited circumstances where they would qualify as a 'modification' of debt. During 2014/15, there were no such debt modifications.

The net amount of premium and discount debited to the General Fund and HRA for transactions prior to 1 April 2012 (as permitted by statutory guidance) from the Financial Instruments Adjustment Account (FIAA) was £574,000 (2013/14 £574,823).

14. General Grants, Bequests and Donations

Perth and Kinross Council is represented on, exercises influence over and provides grants to a large number of outside bodies which provide services to the public, consistent with the Council's statutory responsibilities.

During 2014/15 a total of £9,885,000 (2013/14 £10,413,000) was paid out in support of these organisations ranging from remission of hall rents of a few pounds to the contribution towards the operational and other costs of Live Active Leisure Limited of £3,997,000 (2013/14 £3,556,000). Details of grants are shown below.

	2014/15 £'000	2014/15 £'000	2013/14 £'000	2013/14 £'000
Education Services				
- Service Level Agreements with Voluntary Organisations		486		450

- Perthshire Women's Aid	104		54	
- Other	114		222	
<i>Sub Total Central Services</i>		467		425
		<u>9,885</u>		<u>10,413</u>

15. Amounts Reported for Resource Allocation Decisions

The analysis of income and expenditure by service on the face of the Comprehensive Income and Expenditure Statement is that specified by the Service Expenditure Reporting Code of Practice. However, decisions about resource allocation are taken by the Council on the basis of internal management reports analysed across service areas. These reports are prepared on a different basis from the accounting policies used in the financial statements. In particular:

- no charges are made in relation to capital expenditure (whereas depreciation, impairment losses and amortisations are charged to services in the Comprehensive Income and Expenditure Statement);
- the cost of retirement benefits is based on cash flows (payment of employer's pensions contributions) rather than current service cost of benefits accrued in the year;
- expenditure on some support services is budgeted for centrally and not charged to Services.

The income and expenditure of the Council's principal services recorded in the management reports for the year is as follows:

Segmental Analysis 2014/15	Education & Children's Services £'000	Housing & Community Care £'000	The Environment Service £'000	Total £'000
Fees, charges and other service income	(5,275)	(45,539)	(11,733)	(62,547)

16. Agency Services

Agency arrangements operate in some Services where the Council undertakes work on behalf of other local authorities; Scottish Water; government; and other public bodies. The main items of income and related expenditure, which are included within the Comprehensive Income and Expenditure Account, are shown below.

	2014/15 Income	2014/15 Expenditure	2013/14 Income	2013/14 Expenditure
	£'000	£'000	£'000	£'000
<u>Education Services</u>				
Provision of Pupil Support Assistants to other local authorities	147	147	136	136
<u>Roads and Transport Services</u>				
Receipts from other local authorities for cross boundary bus services	29	29	29	29
<u>Central Services</u>				
Income from Scottish Water	444	444	418	418
Totals	<u>620</u>	<u>620</u>	<u>583</u>	<u>583</u>

17. External Audit Costs

In 2014/15 Perth and Kinross Council incurred the following fees relating to external audit services provided in accordance with the Code of Audit Practice:

	2014/15 £'000	2013/14 £'000
Fees payable to Audit Scotland	<u>283</u>	<u>281</u>

This includes £1,500 in respect of the audit of charitable trusts (2013/14 £1,500).

18. Termination Benefits

The Council terminated the contracts of a number of employees in 2014/15, incurring liabilities of £168,000 (£2,002,000 in 2013/14). These were in relation to 24 officers (135 in 2013/14) from all Services across the Council throughout 2014/15 and will deliver recurring savings.

19. Post-Employment Benefits

International Accounting Standard 19 'Employee Benefits' (IAS 19) prescribes how pension costs and liabilities are to be disclosed in the financial statements. The standard requires employing organisations to account for post-employment benefits in the period in which they are committed to give them, even if the actual payment of these benefits will be many years in the future. The following notes are prepared in accordance with the code guidance on disclosure requirements in respect of IAS 19.

Perth & Kinross Council participates in two different pension schemes, one for teaching staff and a separate scheme for all other employees.

Pensions Schemes Accounted for as Defined Contribution Schemes

Teachers

Teachers employed by the Council are members of the Teachers' Pension Scheme, administered by the Scottish Government. The Scheme provides teachers with specified benefits upon their retirement, and the Council contributes towards the costs by making contributions based on a percentage of members' pensionable salaries.

The scheme is technically a defined benefit scheme. However, the Scheme is unfunded and the Scottish Government uses a notional fund as the basis for calculating the employers' contribution rate paid by local authorities. The Council is not able to identify its share of the underlying financial position and performance of the scheme with sufficient reliability for accounting purposes. For the purposes of this Annual Accounts, it is therefore accounted for on the same basis as a defined contribution scheme.

In 2014/15, the Council paid £7,763,452 to Teachers' Pensions in respect of teachers' retirement benefits, representing 14.9% of pensionable pay. The figures for 2013/14 were £7,567,806 and 14.9%. There were no contributions remaining payable at the year-end. Additional payments relating to added year's benefits, which the Council has inherited from predecessor authorities or awarded itself, together with related increases, amounted to £253,846 (2013/14 £256,308).

Pension Schemes Accounted for as Defined Benefit Pension Schemes

Local Government Pension Scheme

The post-employment scheme for other employees, subject to certain qualifying criteria, is the Local Government Pension Scheme (LGPS) which is administered in this area by Dundee City Council in respect of all local authorities and admitted bodies in the former Tayside area. This is a multi-employer scheme in which it is possible for an employer to identify its share of the assets and liabilities on a consistent and reasonable basis. Employer's liabilities can be evaluated directly by the Actuary at any time on membership data.

Benefits

- It is a defined benefit final salary scheme, meaning that the Council and employees pay contributions into a fund, calculated at a level to balance the pensions liability with investment assets.
- The pensions accrual rate guarantees a pension based on 1/60th of final pensionable salary and years of pensionable service. There is no automatic entitlement to a lump sum. Members may opt to give up (commute) pension for lump sum up to the limit set by the Finance Act 2004. The scheme's normal retirement age is 65. Pensions are increased annually in line with changes to the Pensions (Increases) Act 1971 and Section 59 of the Social Security Pensions Act 1975.

Governance

- The Tayside Pension Fund is operated under the regulatory framework for the LGPS in Scotland and the governance of the scheme is the responsibility of the Tayside Pension Fund Committee. This committee is comprised solely of elected members of Dundee City Council. Employing authorities (including Perth & Kinross Council) are represented at the Tayside Pension Fund Representative Forum.
- Policy is determined in accordance with the Local Government Pension Scheme (Scotland) Regulations. Management of the Fund's investments is carried out by the Fund's Investment Advisory Panel which selects and appoints a number of external investment managers/partners and monitors their investment performance.
- Under the Regulations, employers fall into three categories, scheme employers (also known as schedule bodies) such as Perth & Kinross Council, community admission bodies and transferee admission bodies. Admission agreements are generally assumed to be open-ended. However, either party can voluntarily terminate the admission agreement by giving an appropriate period of notice to the other parties. Any deficit arising from the cessation valuation will usually be levied on the departing admission body as a capital payment.

Principal Risks

- The principal risks to the scheme are the longevity assumptions, statutory changes to the scheme, changes to inflation, bond yields and the performance of the investments held by the scheme. These are mitigated to a certain extent by the statutory requirements to charge the General Fund the amount due by statute as described in the accounting policy note.

Discretionary Post-employment Benefits

- Discretionary post-retirement benefits on early retirements are an unfunded defined benefit arrangement, under which liabilities are recognised when an award is made. There are no plan assets built up to meet these pension liabilities.

The contributions paid into the scheme by employees and member pension benefits are prescribed, for the period to which the accounts relate, by the Local Government Pensions Scheme (Scotland) Regulations 1998 as amended. Perth & Kinross Council's contributions, as an employer, into the Tayside Pension Fund are subject to the advice of the Fund actuary.

The Local Government Pension Scheme allows for the award of discretionary post-employment benefits upon early retirement. This is an unfunded defined benefit final arrangement, under which liabilities are recognised when awards are made. However, there are no investment assets built up to meet the pension's liabilities, and cash has to be generated to meet actual pensions payments as they eventually fall due.

Career Average Revalued Earnings Scheme (CARE)

The Local Government Pension Scheme changed from Final Salary to Career Average Revalued Earnings (CARE) on 1 April 2015, with a change of accrual rate from 1/60th to 1/49th. Employees who were previously paying into the Final Salary scheme were automatically transferred into the new CARE scheme on 1 April.

Transactions Relating to Post-Employment Benefits

The Council recognises the cost of retirement benefits in the reported cost of services when they are earned by employees, rather than when the benefits are eventually paid as pensions. However, the charge the Council is required to make against Council Tax is based on the cash payable in the year, so the real cost of post-employment/retirement benefits is reversed out of the General Fund via the Movement in Reserves Statement.

The following transactions have been made in the Comprehensive Income and Expenditure Statement and the General Fund Balance via the Movement in Reserves Statement during the year.

Local Government Pension Scheme

	2014/15	2013/14
	£'000	£'000
Comprehensive Income and Expenditure Statement		
Cost of Services		
- Service Cost	26,378	24,094
Financing and Investment Income and Expenditure		
- Net Interest on the Defined Liability	11,613	8,150
Administration Expenses	196	266
Total Post Employment Benefit Charged to the Surplus or Deficit on the Provision of Services	<u>38,187</u>	<u>32,510</u>
Remeasurement of the net defined benefit liability comprising:		
Expected return on pension fund assets in excess of interest	(51,547)	(14,482)
Other Actuarial (Gains)/Losses on Assets	14,309	0
Changes in demographic assumptions	(29,962)	18,616
Changes in financial assumptions	76,199	57,525
Experience (Gain) / loss on defined benefit obligation	<u>(117,949)</u>	<u>(362)</u>
Total Post Employment Benefit (Credited)/Charged to the Comprehensive Income & Expenditure Statement	<u>(108,950)</u>	<u>61,297</u>
Movement in Reserves Statement		
- Reversal of net charges made to the surplus or deficit on the Provision of Services for post-employment benefits in accordance with the code	<u>(38,187)</u>	<u>(32,510)</u>
Actual amount charged against the General Fund Balance for pensions in the year:		
Employers' contributions payable to Tayside Pension Fund	<u>17,181</u>	<u>16,901</u>

Pensions Assets and Liabilities Recognised in the Balance Sheet

The amount included in the Balance Sheet arising from the Council's obligation in respect of its defined benefit scheme is as follows:

	31 March 2015	31 March 2014
	£'000	£'000
Present Value of the Defined Benefit Obligation	743,568	769,231
Present Value of Unfunded Obligation	28,242	28,348
Closing Defined Benefit Obligation	<u>771,810</u>	<u>797,579</u>
Fair Value of Pension Fund Assets (Bid Value)	<u>(593,756)</u>	<u>(531,581)</u>
Net Liability in Balance Sheet	<u>178,054</u>	<u>265,998</u>

A reconciliation of Perth & Kinross Council's share of the present value of Tayside Pension Fund's defined benefit obligation (liabilities) is as follows:

	31 March 2015	31 March 2014
	£'000	£'000
Opening Defined Benefit Obligation	797,579	681,549
Current Service Cost	24,756	22,050
Interest Cost	35,561	30,368
Change in Financial Assumptions	76,199	57,525
Change in Demographic Assumptions	(29,962)	18,616
Experience (Gain) / Loss on Defined Benefit Obligation	(117,949)	(362)
Estimated Benefits Paid Net of Transfers In	(19,215)	(17,565)
Past Service Costs (including Curtailments)	1,622	2,044
Contributions by Scheme Participants	5,133	5,161
Unfunded Pension Payments	<u>(1,914)</u>	<u>(1,807)</u>
Closing Defined Benefit Obligation	<u>771,810</u>	<u>797,579</u>

A reconciliation of the movements in Perth & Kinross Council's share of the fair value of Tayside Pension Fund's assets is as follows:

	31 March 2015	31 March 2014
	£'000	£'000
Opening Fair Value of Scheme Assets	531,581	492,457
Interest on Assets	23,948	22,218
Return on Assets Less Interest	51,547	14,482
Other Actuarial Gains/Losses	(14,309)	0
Administration Expenses	(196)	(266)
Contributions by Employer Including Unfunded	17,181	16,901
Contributions by Scheme Participants	5,133	5,161
Estimated Benefits Paid Plus Unfunded Net of Transfers In	<u>(21,129)</u>	<u>(19,372)</u>
Closing Fair Value of Scheme Assets	<u>593,756</u>	<u>531,581</u>

Perth & Kinross Council's share of Tayside Pension Fund's assets at 31 March 2015 comprised:

	31 March 2015		31 March 2014	
	£'000	%	£'000	%
Equities	420,464	70%	377,423	71%

	11%	9%
Cash		
Forward Foreign Exchange Contracts	1%	2%
Total	<u><u>100%</u></u>	<u><u>100%</u></u>

Basis for Estimating Assets and Liabilities

Liabilities have been assessed on an actuarial basis using the projected unit credit method, an estimate of the pensions that will be payable in future years dependent on assumptions about mortality rates, salary levels, etc. Both the Local Government Pension Scheme and Discretionary Benefits liabilities have been assessed by Barnett Waddingham Public Sector Consulting, an independent firm of actuaries. Estimates for the Tayside Pension Fund are based on the latest full valuation of the scheme as at 31 March 2015.

The principal assumptions used by the actuary have been:

	2014/15	2013/14
Mortality Assumptions:		
Longevity at 65 for Current Pensioners:		
- Men	21.2	21.0
- Women	23.2	23.3
Longevity at 65 for Future Pensioners:		
- Men	23.4	23.2
- Women	25.5	25.6
Rate of Inflation CPI	2.4%	2.9%
Rate of Inflation RPI	3.2%	3.7%
Rate of Increase in Salaries	4.2%	5.1%
Rate of Increase in Pensions	2.4%	2.9%
Rate for Discounting Scheme Liabilities	3.3%	4.5%
Take-up of Option to Convert Annual Pension into Retirement Lump Sum	50.0%	50.0%

The liabilities show the underlying commitments that the Council has in the long run to pay post-employment (retirement) benefits. The net liability of £178,054,000 has a substantial impact on the net worth of the Council as recorded in the Balance Sheet. However, statutory arrangements for funding the deficit mean that the financial position of the Council remains healthy.

- The deficit on the local government scheme will be made good by increased contributions over the remaining working life of employees (i.e. before payments fall due) as assessed by the scheme actuary.
- Finance is only required to be raised to cover discretionary benefits when the pensions are actually paid.

The total contributions expected to be made to the Local Government Pension Scheme by the Council in the year to 31 March 2016 is £16,055,000.

Sensitivity Analysis

The estimation of the defined benefit obligations is sensitive to the actuarial assumptions set out in the tables above. The sensitivity analyses below have been determined based on reasonably possible changes of the assumptions occurring at the end of the reporting period and assumes for each change that the assumption analysed changes while all the other assumptions remain constant. The assumptions in longevity, for example, assume that life expectancy increases or decreases for men and women. In practice, this is unlikely to occur, and changes in some of the assumptions may be interrelated. The estimations in the sensitivity analysis have followed the accounting policies for the scheme, i.e. on an actuarial basis using the projected unit credit method. The methods and types of assumptions used in preparing the sensitivity analysis below did not change from those used in the previous period.

Adjustment to discount rate	+0.1%	0.0%	-0.1%
- Present value of total obligation as at 1 April 2015	£757,323,000	£771,810,000	£786,380,000
- Projected Service cost (2015/16)	£22,196,000	£22,713,000	£23,242,000

- Projected Service cost (2015/16)	£22,713,000	£22,713,000	£22,713,000
Adjustment to pension increases and deferred revaluation	+0.1%	0.0%	-0.1%
- Present value of total obligation as at 1 April 2015	£783,767,000	£771,810,000	£760,095,000
- Projected Service cost (2015/16)	£23,246,000	£22,713,000	£22,191,000
Adjustment to mortality age rating assumption	+ 1 year	None	-1 year
- Present value of total obligation as at 1 April 2015	£743,196,000	£771,810,000	£800,644,000
- Projected Service cost (2015/16)	£21,891,000	£22,713,000	£23,542,000

20 Related Parties

The Council is required to disclose material transactions with related parties – bodies or individuals that have the potential to control or influence the Council or to be controlled or influenced by the Council. Disclosure of these transactions allows readers to assess the extent to which the Council might have been constrained in its ability to operate independently or might have secured the ability to limit another party's ability to bargain freely with the Council.

Scottish Government

The Scottish Government has effective control over the general operations of the Council – it is responsible for providing the statutory framework within which the Council operates, provides the majority of its funding in the form of grants and prescribes the terms of many of the transactions that the Council has with other parties (e.g. Council Tax bills). Grants received from government departments are set out in the subjective analysis in Note 15 on amounts reported to decision makers.

Tayside Valuation Joint Board

The Tayside Valuation Joint Board provides services on behalf of Perth & Kinross, Angus and Dundee Councils. The Council does not have any direct control or influence over the board and the amount payable to this body is detailed within Note 8.

Members

Members of the Council have direct control over the council's financial and operating policies. The total of members' allowances paid in 2014/15 is shown in the Remuneration Report. During 2014/15, two councillors had an interest in businesses from which the Council commissioned works and services to the value of £22,861, and £22,446 respectively. Contracts were entered into in full compliance with the Council's standing orders and the Councillors' Code of Conduct.

Live Active Leisure Ltd

This organisation provides leisure services within the area served by the Council. A grant was provided in 2014/15 amounting to £3,997,000 (2013/14 £3,556,000). It is a sole member Company with the Council as that member.

Horsecross Arts Ltd

This organisation operates Perth Concert Hall and Perth Theatre. A grant was provided in 2014/15 amounting to £1,187,000 (2013/14 £1,676,000). It is a sole member Company with the Council as that member.

Tayside Contracts Joint Committee

This organisation provides roads maintenance; catering and cleaning services to the Council. Payments to Tayside Contracts in 2014/15 amounted to £22,158,000 (2013/14 £20,982,000). The Joint Committee is administered and controlled between Dundee City, Angus and Perth and Kinross Councils.

21 Leases

Council as Lessee

The Council has previously acquired grounds maintenance and waste disposal vehicles by entering into contract hire agreements. The Council also operates a Lease Car Scheme which is available to eligible employees and lease rental payments are recovered from employees. The vehicle contract hire and car leasing agreements are due to expire during the financial years 2015/16 to 2018/19.

The Council has also acquired the use of a number of properties by entering into leasing arrangements. The majority of such properties are used for office accommodation and any capital works undertaken within these premises is written down over the shorter of the lease term or the useful life of the property.

The future minimum lease payments due under non-cancellable leases in future years are:

	2014/15 £'000	2013/14 £'000
Not later than one year	797	836
Later than one year and not later than five years	1,235	1,921
Later than five years	733	1,007
	<u>2,765</u>	<u>3,764</u>

The expenditure charged to the Services lines in the Comprehensive Income and Expenditure Statement during the year in relation to these leases was:

	2014/15 £'000	2013/14 £'000
Minimum lease payments	792	847
Sublease payments receivable	(15)	(20)
	<u>777</u>	<u>827</u>

Council as Lessor

The Council leases out property under operating leases at normal market rents with the following purpose:

Land for the generation of rental income arising from its use; land and buildings, which include offices and shops, for the supply of suitable business accommodation to promote economic development or satisfy social needs, or to solely generate rental income for the Council.

The future minimum lease payments receivable under non-cancellable leases in future years are:

	2014/15 £'000	2013/14 £'000
Not later than one year	1,302	1,362
Later than one year and not later than five years	3,968	4,214
Later than five years	50,144	50,424
	<u>55,414</u>	<u>56,000</u>

The minimum lease payments receivable do not include rents that are contingent on events taking place after the lease was entered into, such as adjustments following rent reviews. There were no material adjustments in respect of contingent rents during the years 2013/14 and 2014/15.

22 Property, Plant and Equipment

Movements on Fixed Assets 2014/15 in respect of Property, Plant & Equipment are shown below:

Capital Commitments

At 31 March 2015, the Council has entered into a number of contracts for the construction or enhancement of Property, Plant and Equipment in 2015/16 and future years budgeted to cost £9.042m. Similar commitments at 31 March 2014 were £9.800m. The total commitment is made up of the following:

	2014/15 £'000	2013/14 £'000
Education Projects	7,285	3,663
Roads & Bridges Improvement Schemes	1,052	3,166

Valuation of Assets

Revaluations

The Council carries out a rolling programme that ensures that all Property, Plant and Equipment required to be measured at fair value is revalued at least every five years. All valuations were carried out internally with the exception of Council Dwellings which were carried out by the District Valuer. Valuations of land and buildings were carried out in accordance with the methodologies and bases for estimation set out in the professional standards of the Royal Institution of Chartered Surveyors. Valuations of vehicles, plant and equipment are based on market prices at date of acquisition.

	Council Dwellings £'000	Other Land and Buildings £'000	Surplus Assets £'000	Total £'000
Carried at historical cost	17,699	87,740	66	105,505
Values at fair value as at:

Changes in Estimates

The Council carries out a rolling programme that ensures that all Property, Plant and Equipment required to be measured at fair value is revalued every five years. Valuations of land and buildings were carried out in accordance with the methodologies and basis for estimation set out in the professional standards of the Royal Institute of Chartered Surveyors (RICS). In line with the rolling programme, revaluation of the Council Dwellings was required in 2014/15 and was undertaken externally by the Valuation Office in accordance with RICS professional standards, and CIPFA Code and LASAAC guidance. Council Dwellings continue to be valued at fair value measured by Existing Use Value for Social Housing (EUV-SH), however the accounting estimate in arriving at fair value was changed by the Council from Discounted Cash Flow to the Beacon method (Adjusted Vacant Possession) in accordance with mandatory LASAAC guidance.

With the Beacon principle, house types are valued to fair value on the assumption there is no potential residential redevelopment on the site or intensification of use. The values are adjusted by a factor to arrive to EUV-SH to reflect the fact that the sitting tenants enjoy rents lower than the open market rent and have tenants' rights. The revaluation of Council Dwellings at 1 April 2014 resulted in a revaluation increase of £194.088m, of which £8.786m was a reversal of previous valuation losses and the remaining balance of £185.302m was credited to the Revaluation Reserve.

The Council made no other material changes to accounting estimates for Property, Plant and Equipment in 2014/15.

Art Collection

The collection of Fine Art maintained and preserved by the Council Heritage Service is varied and includes oil paintings (approx 1,225 items); watercolours (900); drawings (4,000); prints (1,500); and sculptures (150). The Fine Art collection also includes J D Fergusson and Margaret Morris archives which number approximately 30,000 items.

The Art Collection also includes silver, glass, ceramics, furniture, oriental materials, horology and metalwork; these are collectively identified as Applied Art.

Council curators within the Heritage Service have commenced a five year rolling programme of valuation for the Fine and Applied Art collections. Items and collections having significant value will be added to the Council balance sheet as the valuation programme progresses.

There are a number of significant works included within the Art Collection. The cumulative value of the J D Fergusson oil paintings valued during 2010/11 amounts to £10.2m; the oils form a small part of the J D Fergusson and Margaret Morris collection of works and archives. The cumulative value attached to the oil paintings valued by the curators during 2011/12 is £9.3m. Of note are paintings by John Everett Millais, Samuel John Peploe, and Francis Campbell Boileu which have a collective value of £6m. A further £1.1m was added to the value of Heritage Assets in 2012/13 following the curatorial valuation of watercolours and drawings, and the J D Fergusson works on paper. The 2013/14 revaluation programme included the curatorial valuation of the Margaret Morris archives, which resulted in £3.4m being added to the value of Heritage Assets. No revaluations were undertaken during 2014/15 and the rolling revaluation programme will recommence in 2015/16. The review of the Fine and Applied Art collection by the curators concluded that there was no individual item of significant value requiring valuation during the year and there has consequently been no change to the value of Heritage Assets from 2013/14.

Additions and Disposals of Heritage Assets

There has been no significant addition, either by purchase or donation, to the Fine and Applied Art collection during the current and previous four financial years. The majority of the collections are held in perpetuity, or have disposal conditions attached, and consequently no Fine and Applied Art disposals have occurred during the current and previous four financial years.

Further Information on the Museum and Art Gallery Collection

Art Collection

Fine and Applied Art

The Fine Art collection owes its existence largely to the 1926 bequests of local patrons Robert Hay Robertson and Robert Brough, although the first painting entered the collection as early as 1785.

The collection is international in its scope and numbers over 4,000 items. It includes an interesting group of Italian 'Old Masters', a small but important group of 19th Century French works, a good group of 17th century Dutch and Flemish paintings and work by English artists including a small but highly important collection of natural history watercolours by Beatrix Potter.

Its greatest strength however lies in its holding of Scottish pictures. These span the 16th to the 21st century and include such important works as Loch Katrine by Horatio McCulloch and D Y Cameron's The Wilds of Assynt, as well as pictures with strong local connections. Amongst these are pictures by local artists, local topographical views and portraits of local individuals. The collection seeks to retain a balance between the historical and the contemporary aspects whilst continuing to develop the holdings of works of specifically local interest.

In 1991 the collection was effectively doubled in size with the gifting of the J D Fergusson Art Foundation's collection of artworks by the Scottish 'Colourist' John Duncan Fergusson (1874-1961) and its associated archive. This collection is housed at the Fergusson Gallery in Perth.

The Applied Art collection has been acquired since 1785 through purchase, gift or bequest. It covers a wide variety of objects and materials, within which the collections of Perth silver and Perthshire glass are unsurpassed in terms of national importance. The ceramics collection contains significant collections of Staffordshire flat-back figures and Martinware studio pottery as well as a collection of studio pottery produced by potters native to or resident in the Perth & Kinross area. Other smaller collections include furniture, timepieces, oriental and other items.

The promotion of other cultural events and programmes during the year makes it difficult to reliably estimate the percentage of the Art Collection on display for public viewing. However, all items are held in secure storage and access is permitted to scholars and others for research purposes.

The Council Heritage Service Collecting Policy provides guidance on the collection, disposal or lending of heritage assets.

24 Investment Properties

	2014/15	2013/14
	£'000	£'000
Rental income from investment property	(1,141)	(1,128)
Direct operating expenses arising from investment property	137	93
Net gain	<u>(1,004)</u>	<u>(1,035)</u>

There are no restrictions on the Council's ability to realise the value inherent in its investment property or on the Council's right to the remittance of income and the proceeds of disposal. The Council has no contractual obligations to purchase, construct or develop investment property or to undertake repairs, maintenance or enhancement.

The following table summarises the movement in the fair value of investment properties over the year:

	2014/15 £'000	2013/14 £'000
Balance at start of year	16,428	16,224
Additions	1,587	0
Disposals:	(176)	(95)
Net (losses)/gains from fair value adjustments	(2,138)	376
Reclassifications: from/(to) Property, Plant and Equipment	1,998	(77)
Balance at end of year	<u>17,699</u>	<u>16,428</u>

25 Intangible Assets

The movement on Intangible Asset balances during the year is as follows:

	2014/15 Assets £'000	2013/14 Assets £'000
Balance at start of year		
Gross carrying amount	136	136
Accumulated amortisation	<u>(108)</u>	<u>(82)</u>
Net carrying amount at start of year	28	54
Additions: Purchases	48	0
Amortisation for the period	(33)	(26)
Net carrying amount at end of year	<u>43</u>	<u>28</u>
Comprising:		
Gross carrying amounts	184	136
Accumulated amortisation	<u>(141)</u>	<u>(108)</u>
	<u>43</u>	<u>28</u>

Intangible Assets include the historic cost for the internal development of software for Resourcelink, the Council's integrated Human Resources Payroll system. The Council is custodian of Resourcelink software and data and continues to maintain control over the system; future economic benefits will therefore continue to flow to the council. Amortisation of Resourcelink expenditure commenced in 2008/09 and the historic cost has now been written down in full.

In addition to the above, other assets also includes the purchase of software licences which will provide future benefit to the Council, these are amortised over the three year licence term, which commenced in 2012/13.

Current year additions consist of the cost of the software license and additional development of Concerto, the Council's Corporate Asset Management software, which will provide future benefit to the Council; this is amortised over the seven year licence term, commencing in 2014/15.

31 Provisions Other than Bad and Doubtful Debts

Self Insured/Uninsured Losses

The Insurance Fund makes provision for losses arising from Property, Employers' Liability, Public Liability, Motor, Fidelity Guarantee, Computer, Engineering and Travel/Personal Accident claims.

The provision provides for an estimate of all liabilities likely to be incurred by the Council in respect of self-insured and uninsured losses in respect of incidents that have arisen prior to 1 April 2015.

Equal Pay Claims

The Council's provision for Equal Pay at 1 April 2014 has been used to settle claims in 2014/15 and re-classified as a creditor for payments to be made in 2015/16.

VAT

The Council initially received advice from its advisors that should it be identified that housing repairs are required to be undertaken on properties within the Council's portfolio that also had owned properties within the confines of the structure that on agreement from the owners the work could commence and any charges to the owners for the repairs would be exclusive of Value Added Tax (VAT). Therefore based on this advice a total of £106,000 of VAT was not included within invoices to the owners for repairs to their properties. This advice has now been contradicted by a communication received by Her Majesty's Revenue and Customs (HMRC) which stated that VAT should be charged in this circumstance. The Council's VAT advisors are currently appealing the HMRC decision.

As the Council entered into agreement with the owners based on any works being VAT exclusive then any potential costs would probably rest with the Council.

32 Usable Reserves

Movements in the Council's Usable Reserves are detailed in the Movement in Reserves Statement and notes 5 and 6.

33 Unusable Reserves

	2014/15 £'000	2013/14 £'000
Revaluation Reserve	(246,847)	(71,470)
Capital Adjustments Account	(242,550)	(224,072)
Financial Instruments Adjustment Account	12,198	12,787
Pensions Reserve	178,054	265,998
Employee Statutory Adjustment Account	5,680	5,380
Total Unusable Reserves	<u>(293,465)</u>	<u>(11,377)</u>

Revaluation Reserve

The Revaluation Reserve contains the gains made by the Council arising from increases in the value of its Property, Plant and Equipment. The balance is reduced when assets with accumulated gains are:

- re-valued downwards or impaired and the gains are lost;
- used in the provision of services and the gains are consumed through depreciation; or
- disposed of and the gains are realised.

The Reserve contains only revaluation gains accumulated since 1 April 2007, the date that the Reserve was created. Accumulated gains arising before that date are consolidated into the balance on the Capital Adjustment Account.

	2014/15 £'000	2013/14 £'000
Balance at 1 April	(71,470)	(78,563)
Upward revaluation of assets	(185,886)	(9,825)
Downward revaluation of assets and impairment losses not charged to the (Surplus)/Deficit on the Provision of Services	186	15,937
	<u>(257,170)</u>	<u>(72,451)</u>
Difference between fair value depreciation and historical cost depreciation	9,191	915
Accumulated gains on assets sold or scrapped	1,132	66
Amount written off to the Capital Adjustment Account	10,323	981
Balance at 31 March	<u>(246,847)</u>	<u>(71,470)</u>

Capital Adjustment Account

The Capital Adjustment Account absorbs the timing differences arising from the different arrangements for accounting for the consumption of non-current assets and for financing the acquisition, construction or enhancement of those assets under statutory provisions. The Account is debited with the cost of acquisition, construction or enhancement as depreciation, impairment losses and amortisations are charged to the Comprehensive Income and Expenditure Statement (with reconciling postings from the Revaluation Reserve to convert fair value figures to a historical cost basis). The Account is credited with the amounts set aside by the Council as finance for the costs of acquisition, construction and enhancement.

The Account contains accumulated gains and losses on Investment Properties and gains recognised on donated assets that have yet to be consumed by the Council.

The Account also contains revaluation gains accumulated on Property, Plant and Equipment before 1 April 2007, the date that the Revaluation Reserve was created to hold such gains.

Note 5 provides details of the source of all the transactions posted to the Account, apart from those involving the Revaluation Reserve.

	2014/15 £'000	2013/14 £'000
Balance at 1 April	(224,072)	(219,313)
Reversal of items relating to capital expenditure debited or credited to the Comprehensive Income and Expenditure Statement		
Charges for depreciation and impairment of non current assets	41,568	28,876
Revaluation losses on Property, Plant and Equipment	(6,005)	6,013
Amortisation of intangible assets	33	26
Amounts of non current assets written off on disposal as part of the gain/loss	2,106	1,501
	<u>(186,370)</u>	<u>(182,897)</u>
Adjusting amounts written out of the Revaluation Reserve	<u>(10,323)</u>	<u>(981)</u>
	(196,693)	(183,878)
Capital financing applied in the year:		
Use of the Capital Receipts Reserve to finance new capital expenditure	(3,047)	(2,918)
Capital grants and contributions credited to the Comprehensive Income and Expenditure Statement	(18,753)	(12,269)
Application of grants to capital financing from Capital Grants Unapplied Account	0	(583)
Statutory provision for the financing of capital investment charged against the General Fund and HRA balances	(15,762)	(15,542)
Capital expenditure charged against the general fund and HRA balances	<u>(10,434)</u>	<u>(8,506)</u>
	(244,689)	(223,696)
Movements in the fair value of the Investment Properties	2,139	(376)
Balance at 31 March	<u><u>(242,550)</u></u>	<u><u>(224,072)</u></u>

Financial Instruments Adjustment Account

The Financial Instruments Adjustment Account (FIAA) is used to hold the timing differences arising from the different arrangements for accounting for income and expenses relating to certain financial instruments and for bearing losses or benefiting from gains per statutory provisions.

The Council uses the Account to manage the balance of premiums and discounts which existed at 31 March 2007, which arose on the early redemption of loans. These are charged to the General Fund and Housing Revenue Account (HRA) in accordance with statutory provisions, and so spreading the burden on Council Tax and Housing Rents. These statutory arrangements allow for the annual charges to be made in accordance with the original amortisation schedules which existed at that time. Whilst these statutory provisions allow for the spreading of discounts and premiums which arose after 1 April 2007 in certain circumstances, there have been no such premiums or discounts in this period.

The Council also uses the FIAA to hold the difference in interest charges which arises on stepped interest rate loans. These typically have low interest rates in the early years before "stepping up" to a higher interest rate. Interest on such loans is now required to be charged consistently over the life of the loan using the Effective Interest Rate Method. The difference in the cumulative charges under this new method to 31 March 2007 was debited to the FIAA, and is to be charged to the General fund and the HRA over the life of the loans under the statutory provisions.

Accordingly, the balance on the FIAA as at 31 March 2015 in respect of the above provisions will be charged to the General Fund and HRA over the next 40 years. The movements on the FIAA during the year are shown below:

	2014/15 £'000	2013/14 £'000
Balance at 1 April	12,787	13,375
Proportion of discounts incurred in previous financial years credited against the General Fund & HRA Balance in accordance with statutory requirements in the year	10	10
Proportion of premiums incurred in previous financial years charged against the General Fund & HRA Balance in accordance with statutory requirements in the year	(584)	(584)
Difference on restatement of Stepped Interest Rate Loans	(15)	(14)
Balance at 31 March	<u><u>12,198</u></u>	<u><u>12,787</u></u>

Pensions Reserve

The Pensions Reserve absorbs the timing differences arising from the different arrangements for accounting for post employment benefits and for funding benefits in accordance with statutory provisions. The Council accounts for post employment benefits in the Comprehensive Income and Expenditure Statement as the benefits are earned by employees accruing years of service, updating the liabilities recognised to reflect inflation, changing assumptions and investment returns on any resources set aside to meet the costs. However, statutory arrangements require benefits earned to be financed as the Council makes employer's contributions to pensions funds or eventually pays any pensions for which it is directly responsible. The debit balance on the Pensions Reserve therefore shows a substantial shortfall in the benefits earned by past and current employees and the resources the Council has set aside to meet them. The statutory arrangements will ensure that funding will have been set aside by the time the benefits come to be paid.

	2014/15 £'000	2013/14 £'000
Balance at 1 April	265,998	189,092
Actuarial Gains or Losses on Pensions Assets and Liabilities	(108,950)	61,297
Reversal of Items Relating to Retirement Benefits Debited or Credited to the Surplus or Deficit on the Provision of Services in the Comprehensive Income and Expenditure Statement	38,187	32,510
Employer's Pensions Contributions and Direct Payments to Pensioners Payable in the Year	(17,181)	(16,901)
Balance at 31 March	<u>178,054</u>	<u>265,998</u>

Employee Statutory Adjustment Account

The Employee Statutory Adjustment Account absorbs the differences that would otherwise arise on the General Fund Balance from accruing for compensated absences earned but not taken in the year, e.g. annual leave entitlement carried forward at 31 March. Statutory arrangements require that the impact on the General Fund Balance is neutralised by transfers to or from the Account.

	2014/15 £'000	2013/14 £'000
Balance at 1 April	5,380	4,602
Settlement or cancellation of accrual made at the end of the preceding year	(5,380)	(4,602)
Amounts accrued at the end of the current year	5,680	5,380
Balance at 31 March	<u>5,680</u>	<u>5,380</u>

34 Impairment Losses

There was a £6.005m net loss following the revaluation of properties during the year, all of which has been assessed as a revaluation loss rather than a loss attributed to deterioration in the anticipated level of the performance of the properties.

35 Grants

The Council credited the following grants, contributions and donations to the Comprehensive Income and Expenditure Statement in 2014/15.

	2014/15 £'000	2013/14 £'000
Credited to Taxation and Non Specific Grant Income		
Scottish Government	17,578	10,142
Scottish Government Directorates (Historic Scotland, NHS)	0	1,000
Other Scottish Government Bodies	708	302
Developer Contributions	0	250
Other Third Party Contributions	467	575
	<u>18,753</u>	<u>12,269</u>
Credited to Services		
Scottish Government	4,098	5,863
Scottish Government Directorates (Historic Scotland, NHS)	375	690
Sport Scotland	523	414
Local Authority	40	27
Other Scottish Government Bodies	459	362
Other Third Party Contributions	867	524
	<u>6,362</u>	<u>7,880</u>

36 Capital Expenditure and Capital Financing

The total amount of capital expenditure incurred in the year is shown in the table below (including the value of assets acquired under PFI/PPP contracts), together with the resources that have been used to finance it. Where capital expenditure is to be financed in future years by charges to revenue as assets are used by the Council, the expenditure results in an increase in the Capital Financing Requirement (CFR), a measure of the capital expenditure incurred historically by the Council that has yet to be financed. The CFR is analysed in the second part of this note.

	2014/15 £'000	2013/14 £'000
Capital Financing Requirements b/fwd	383,170	364,153
<u>Capital Expenditure</u>		
Property, Plant and Equipment	73,042	57,963
Revenue Expenditure funded from Capital	1,845	3,066
	<u>74,887</u>	<u>61,029</u>
	<u>458,057</u>	<u>425,182</u>
<u>Sources of Finance</u>		
Capital Receipts	(3,062)	(2,629)
Government Grants and Contributions	(20,598)	(15,335)
Revenue Contributions	(10,434)	(8,506)
Loans Fund Principal Repayments	(15,762)	(15,542)
	<u>(49,856)</u>	<u>(42,012)</u>
Closing Capital Financing Requirement c/fwd	<u>408,201</u>	<u>383,170</u>
Movement	25,031	19,017
<u>Analysed as:</u>		
Increase in need to borrow	28,775	22,741
Net assets acquired under PPP contract	(3,744)	(3,724)
	<u>25,031</u>	<u>19,017</u>

37 Public Finance Initiatives and Similar Contracts

The Council has an obligation for 25 years commencing September 2000 in respect of a unitary charge payment to be made for office accommodation and a car park.

The unitary charge for 2014/15 for the office accommodation was £2,649,000 (2013/14 £2,624,000).

The unitary charge for 2014/15 for the car park was £405,000 (2013/14 £403,000).

Future agreed payments will increase in line with inflation. The unitary charge payments for 2015/16 for the office accommodation will be £2,707,000 and for the car park £410,000.

The project agreement for provision of the facilities included the transfer of four Council properties to the operator in exchange for reduced annual payments over the life of the agreement. At the end of this project these assets do not revert back to the Council.

The Council has an obligation for six school campuses in a Public Private Partnership with Axiom Education (Perth and Kinross) Ltd. North Inch Primary was brought into operation in 2011/12. Breadalbane Campus at Aberfeldy was completed in 2010/11 and the campuses Blairgowrie, Glenearn at Perth South, Loch Leven at Kinross, Strathearn at Crieff and the North Inch Secondary School Campus were brought into operation during 2009/10. The Council will make unitary charge payments until the contract ends in 2042, at which time the campuses will be handed back to the Council at no cost. The estimated capital value of the scheme is £127,687,000.

The unitary charge for 2014/15 for the campuses operating in the year was £15,167,000 (2013/14 £14,736,000).

Future agreed payments will increase in line with inflation. The unitary charge payments for 2015/16 for all school campuses are estimated to be £15,499,000.

Movements in Fixed Assets under Public Private Partnerships during the year were:

	2014/15 £'000	2013/14 £'000
Net Book Value at 1 April 2014	119,360	122,524
Additions	343	35
Depreciation	(3,225)	(3,199)
Net Book Value at 31 March 2015	<u>116,478</u>	<u>119,360</u>

Movements in Public Private Partnership Liabilities during the year were:

	2014/15 £'000	2013/14 £'000
Liabilities at 1 April 2014	129,158	132,882
Amounts repaid in year	(3,744)	(3,724)
Liabilities at 31 March 2015	<u>125,414</u>	<u>129,158</u>
Disclosed in the Balance Sheet as:		
Long Term Liabilities	121,690	125,414
Creditors	3,724	3,744
Liabilities at 31 March 2015	<u>125,414</u>	<u>129,158</u>

Future Public Private Partnership liabilities due to be met:

	Repayment of liability £'000	Interest £'000	Service Charges £'000	Lifecycle Maintenance £'000	Contingent Rentals £'000	TOTAL £'000
Due within one year	3,724	6,581	5,931	1,069	1,312	18,617
Due in 2 to 5 years	16,944	23,915	25,433	4,855	7,638	78,785
Due in 6 to 10 years	23,406	23,446	36,011	12,220	13,976	109,059
Due in 11 to 15 years	17,046	16,292	36,317	17,909	18,162	105,726
Due in 16 to 20 years	22,761	12,061	40,996	15,470	26,702	117,990
Due in 21 to 25 years	30,828	6,163	46,788	12,877	36,839	133,495
Due in 26 to 30 years	10,705	507	15,587	4,252	13,142	44,193
Total	<u>125,414</u>	<u>88,965</u>	<u>207,063</u>	<u>68,652</u>	<u>117,771</u>	<u>607,865</u>

These figures are based on the actual cash amount estimated to be payable and not on prices at 31 March 2015.

38 Authorisation of Annual Accounts

The Unaudited Annual Accounts were authorised for issue by the Head of Finance on 23 June 2015. Events taking place after this date are not reflected in the financial statements or notes. Where events taking place before this date provided information about conditions existing at 31 March 2015, the figures in the financial statements and notes have been adjusted in all material respects to reflect the impact of this information.

39 Contingent Liabilities

The Council has made provision for insurance claims where appropriate and has an Insurance Fund to manage insurable risks. There is also a contingent liability in respect of potential insurance claims incurred but not reported which cannot be forecast with any certainty.

There is a contingent liability relating to Municipal Mutual Insurance (MMI), who were the insurers for Tayside Regional Council (TRC). Following a Supreme Court judgement in November 2012 a scheme of arrangement has been put in place where MMI will seek to recover, from the scheme members or successors, 15% of all claims paid out since 1993 on policies taken out by TRC (less an overall total reduction of £50,000). Perth and Kinross Council is one of the successor bodies of TRC. It is not currently clear whether the remaining assets of the TRC Insurance Fund will be sufficient to meet any liability.

The Council previously identified a potential issue in terms of fixed assets included in the Council Balance Sheet which should, potentially, be included in the Balance Sheet of the Common Good Funds instead. Property titles are being reviewed when land and/or buildings are declared surplus to operational needs and, until all property titles for all former burghs are reviewed, there remains the possibility that some assets may require to be transferred between the Council and Common Good balance sheets.

The Council has identified a potential liability in respect of casual and supply staff that may be entitled to employee benefits, such as occupational sick pay and maternity pay, similar to those available to permanent staff. At this time, it is not possible to determine the number of individuals involved. Therefore, no reliable estimate of the cost of providing retrospective access to these benefits can be made.

The Council has identified a potential issue relating to the tax treatment of Councillors' expenses when travelling between home and Council offices. National guidance provided by the Scottish Local Authorities Remuneration Committee (SLARC) advised that such journeys were not taxable on the strength of Councillors having two places of work, their home, where they conduct some Council business and the Council chambers. Her Majesty's Revenues and Customs may not agree with this guidance. If the taxable treatment of Councillors' expenses changes, then arrears of taxation may fall due by the Council as the employer.

The Council operates services from a number of properties that it does not own. In the future there may be a liability in respect of property costs to reinstate buildings to their original specification and design.

The Council has a potential liability in respect of financial guarantees for the Tayside Pension Fund in respect of Scheduled Bodies and Admitted Bodies should they cease to exist, withdraw from the Pension Scheme or otherwise become unable to continue covering any unfunded liabilities. These include Tayside and Central Scotland Transport Partnership, Live Active Leisure Ltd, Horsecross Arts Limited, Perth & Kinross Countryside Trust, Perth & Kinross Society for the Blind and Perth Citizens' Advice Bureau.

The Council has identified two potential liabilities in respect of claims intimated to it for loss of profit on the part of third parties. At this stage it is impossible to assess the chances of success of each claim.

40 Financial Instruments

Accounting regulations require the 'financial instruments' (investment, lending and borrowing of the Council) shown on the balance sheet to be further analysed into various defined categories. The investments, lending and borrowing disclosed in the balance sheet are made up of the following categories of 'financial instruments'.

	Long-Term		Current		Total	
	31 March 2015	31 March 2014	31 March 2015	31 March 2014	31 March 2015	31 March 2014
	£'000	£'000	£'000	£'000	£'000	£'000
Borrowings						
Financial liabilities at amortised cost	224,598	189,035	25,065	12,764	249,663	201,799
Total borrowings	224,598	189,035	25,065	12,764	249,663	201,799
Investments						
Loans and receivables	254	780	49,093	20,087	49,347	20,867
Total investments	254	780	49,093	20,087	49,347	20,867

Lender Option Borrower Option (LOBO) borrowings of £39.84m have been included in long term borrowing as at 31 March 2015 but have a call date in the next 12 months.

The above long term figures are based on the 2014 Code which requires that in undertaking Effective Interest Rate (EIR) calculations, the maturity period for a LOBO is taken as being the contractual period to maturity.

Financial Instruments Gains / Losses

The gains and losses recognised in the Comprehensive Income and Expenditure Account in relation to financial instruments are as follows:

2014/15	Financial Liabilities	Financial Assets	Total 2014/15	Total 2013/14
	Liabilities measured at amortised cost	Loans and receivables		
	£'000	£'000	£'000	£'000
Interest expense	9,719	0	9,719	8,442
Losses on derecognition	0	25	25	0
Interest payable and similar charges	9,719	25	9,744	8,442
Interest income	0	(382)	(382)	(450)
Interest and investment income	0	(382)	(382)	(450)
Losses on revaluation	0	12	12	21
Losses arising on revaluation of financial assets	0	12	12	21
Net (gain)/loss for the year	9,719	(345)	9,374	8,013

Fair Value of Liabilities Carried at Amortised Cost

The fair value of each class of financial assets and liabilities which are carried in the balance sheet as at 31 March 2015 at amortised cost is disclosed below.

Methods and Assumptions in valuation technique:

The fair value of an instrument is determined by calculating the Net Present Value (NPV) of future cash flows, which provides an estimate of the value of payments in the future in today's terms.

The discount rate used in the NPV calculation is the rate applicable in the market on the date of valuation for an instrument with the same structure, terms and remaining duration. For debt, this will be the new borrowing rate since premature repayment rates include a margin which represents the lender's profit as a result of rescheduling the loan; this is not included in the fair value calculation since any motivation other than securing a fair price should be ignored.

The rates quoted in this valuation were obtained by the Council's treasury management consultants from the market on 31 March 2015, using bid prices where applicable.

The calculations are made with the following assumptions:

- For Public Works Loans Board (PWLB) debt, the discount rates used are the rates for new borrowing as per rate sheet number 125/15.
- For other market debt and investments the discount rates used are the rates available for an instrument with the same terms from a comparable lender.
- Interpolation techniques have been used between available rates where the exact maturity period was not available.
- No early repayment or impairment is recognised.
- Fair values have been calculated for all instruments in the portfolio, but only those which are materially different from the carrying value have been disclosed.

The fair values are calculated as follows:

	31 March 2015		31 March 2014	
	Carrying amount	Fair value	Carrying amount	Fair value
	£'000	£'000	£'000	£'000
Public Works Loans Board (PWLB)	196,430	235,881	150,298	162,061
Lender Option Borrower Option (LOBO)	44,863	57,220	44,875	45,264
Local Authority Bonds	5,001	5,020	5,001	4,860
Short term borrowing	1,346	2,183	1,335	1,336
Other (Special Loans)	1,734	1,737	290	288
Other Market Loans	289	280	0	0
Financial Liabilities	249,663	302,321	201,799	213,809

Fair value is more than the carrying amount because the Council's portfolio of loans includes a number of fixed rate loans where the interest rate payable is higher than the rates available for similar loans at the balance sheet date. The difference between the carrying amount and the fair value therefore represents the premium the Council would need to pay to the lender in the event these loans were to be repaid at that date.

Fair Value of Assets Carried at Amortised Cost

	31 March 2015		31 March 2014	
	Carrying amount	Fair value	Carrying amount	Fair value
	£'000	£'000	£'000	£'000
Cash (including petty cash)	2,683	2,682	4,740	4,742
Deposits with Banks and Building Societies	46,156	46,182	15,088	15,097
Icelandic Deposit	0	0	201	201
Loans to Others	508	508	838	836
Financial Assets	49,347	49,372	20,867	20,876

The fair value is higher than the carrying amount because the Council's portfolio of investments includes a number of fixed rate deposits where the interest rate receivable is higher than the rates available for similar loans at the balance sheet date.

Nature and Extent of Risks Arising from Financial Instruments

The Council's management of treasury risks is intended to minimise the Council's exposure to the unpredictability of financial markets and to protect the financial resources available to fund services. The Council has fully adopted CIPFA's Code of Treasury Management Practices and has written principles for overall risk management as well as written policies and procedures covering specific areas such as credit risk, liquidity risk and market risk.

(i) Credit Risk

Credit risk arises from the short-term lending of surplus funds to banks, building societies, Money Market Funds and other local authorities as well as credit exposures to the Council's customers. It is the policy of the Council to place deposits only with a limited number of high quality banks, building societies and Money Market Funds whose credit rating, together with other market information, is independently assessed as sufficiently secure by the Council's treasury advisers and to restrict lending to a prudent maximum amount and duration for each institution.

The following analysis summarises the Council's potential maximum exposure to credit risk, based on past experience and current market conditions.

	Amounts at 31 March 2015	Historical experience of default	Historical experience adjusted for market conditions as at 31 March 2015	Estimated maximum exposure to default and uncollectability
	£'000	%	%	£'000
Deposits with banks and other financial institutions	56,651	0	0	0
Loans to Others	508	0	0	0
Debtors	20,089	2.9	2.9	583
Total	77,248	-	-	583

The Council's overall exposure to credit risk in relation to its deposits in banks and other financial institutions of £56.651m above cannot be assessed generally, as the risk of non-payment of the principle sums or interest is specific to each individual institution. Experience indicates that any such non-payment is rare, and there is no evidence that any risk of default existed at 31 March 2015. The repayment profile of these deposits, including loans to others, is shown below:

	31 March 2015 £'000	31 March 2014 £'000
Less than three months	38,110	17,174
Three to six months	18,541	7,519
Six months to one year	-	-
More than one year	-	1,039
Total	56,651	25,732

Loans to Others

The Council initiates a legal charge on property where, for example, clients require assistance with payment of care fees, but cannot pay immediately until such time as their property is sold. The total amount outstanding as at 31 March 2015 in this category is £508,000, and experience of default is negligible.

Debtors

The Council does not generally allow credit for customers, such that £16.415m of the £20.089m balance is past its due date for payment.

The past due amount can be analysed by age as follows:

	31 March 2015 £'000	31 March 2014 £'000
Less than three months	13,002	9,422
Three to six months	195	154
Six months to one year	545	398
More than one year	2,673	2,535
Total	16,415	12,509

(ii) Liquidity Risk

The Council has access to borrowings from the money markets to cover day to day cashflow needs, as well as borrowing from the Public Works Loans Board or money markets for longer term funding requirements. As a result there is no significant risk that the Council will be unable to raise finance to meet its commitments under financial instruments. The Council manages its portfolio in conjunction with interest rate forecasts to reduce the risk of a large proportion of its borrowing maturing at a time of higher interest rates, and so reduce the financial impact of re-financing at an unfavourable time. In addition, the monitoring of interest rate movements for the identification of debt rescheduling opportunities to amend the maturity profile, as well as achieving savings in interest charges, is undertaken on a continuous basis to further mitigate any refinancing risks.

The maturity structure of financial liabilities is as follows (at nominal value):

Loans outstanding	On 31 March 2015	On 31 March 2014
	£'000	£'000
Public Works Loans Board	194,532	148,693
Market debt	43,489	43,200
Local Authority Bonds	5,000	5,000
Temporary borrowing	1,346	1,335
Local bonds	1,734	290
Bank Overdraft	7,851	4,903
Total	253,952	203,421
Less than 1 year	30,643	15,689
Between 1 and 2 years	6,711	19,661
Between 2 and 5 years	30,644	24,984
Between 5 and 10 years	33,511	34,426
Between 10 and 15 years	10,172	10,480
More than 15 years	142,271	98,181
Total	253,952	203,421

In the more than 15 years category there are £38.2m of LOBO borrowings which have a call date in the next 12 months.

(iii) Market Risk

Interest rate risk

The Council is exposed to interest rate risk in two different ways: the first being the uncertainty of interest paid/received on variable rate instruments and the second being the effect of fluctuations in interest rates on the fair value of an instrument.

The current interest rate risk for the council is summarised below:

- Reductions in interest rates will affect interest earned on variable rate investments, and reduces income credited to the Comprehensive Income and Expenditure Statement. There would only be a small reduction in the interest payable on variable rate borrowing.
- Increases in interest rates will affect interest paid on variable rate borrowings, and increases interest expense charged to the Comprehensive Income and Expenditure Account, but offset by increased investment returns.
- The fair value of fixed rate financial assets will fall if interest rates rise. This will not impact on the balance sheet for assets held at amortised cost, but will impact on the disclosure note for fair value. It would have a negative effect on the balance sheet for any assets held at fair value in the balance sheet, which would also be reflected in the Comprehensive Income & Expenditure Statement. However, no such assets at Fair Value were held by the Council as at 31 March 2015.
- The fair value of fixed rate financial assets will rise if interest rates fall. This will not impact on the balance sheet for liabilities held at amortised cost, but will impact on the disclosure note for fair value.

The Council has a number of strategies for managing interest rate risk. The policy is to keep a maximum of 35% of its borrowings in variable rate loans. During periods of falling interest rates, and where economic circumstances make it favourable, fixed rate loans may be repaid early to limit exposure to losses, whilst fixed deposits may be undertaken for longer periods (within policy and counterparty limits).

The treasury management team has an active strategy for assessing interest rate exposure that feeds into the setting of the annual budget and which is used to update the budget throughout the year. This allows any favourable or adverse changes to be accommodated. The analysis will also advise whether new borrowing taken out is fixed or variable.

According to this assessment strategy, at 31 March 2015, if interest rates had been 1% higher with all other variables held constant, the financial effect would be:

	£'000
Increase in interest payable on variable rate borrowings	491
Increase in interest receivable on variable rate investments	(590)
Impact on Comprehensive Income and Expenditure Statement	<u>(99)</u>
Share of overall impact credited to the HRA	(21)

The impact of a 1% fall in interest rates would have been an estimated cost of £380,000 to the Council as a result of a reduction in investment income, whilst it would be unlikely that the lenders of the market loans borrowed would pass on the reduction in rates payable. However, there would be a small reduction of £79,000 payable on other small loan balances.

Foreign Exchange Risk

With the exception of the deposit which was held in an Icelandic bank (see below), the Council has no financial assets or liabilities denominated in foreign currencies and thus has no exposure to loss arising from movements in exchange rates.

Price Risk

The Council does not invest in equities or other tradable instruments, therefore it is not exposed to gains or losses on movements in their price.

Icelandic Banks Disclosure Note

Early in October 2008, the Icelandic banks Landsbanki, Kaupthing and Glitnir collapsed and the UK subsidiaries of the banks Heritable and Kaupthing Singer & Friedlander went into administration. At that time, Perth & Kinross Council had £1 million deposited with Glitnir as follows:

Bank	Date Deposited	Original Maturity date	Amount Deposited	Interest Rate	Debtor as at 31 March 2015
Glitnir	19 March 2008	19 December 2008	£1,000,000	6.0%	£0

Since October 2010, the management of the affairs of Glitnir have been undertaken by the Winding-Up Board under Icelandic law. The Winding-Up Board made a distribution to the priority creditors in March 2012. As the cash balances held by Glitnir at that time were held in a variety of currencies, the repayment was made in a mix of five different currencies.

Of the amount paid-out, approximately 19% of each claim was paid in Icelandic Krona (ISK). However, due to currency controls by the Icelandic Central Bank, this element of the distribution had to be retained in Iceland. Accordingly, Glitnir paid this element of the claims into a ring-fenced (escrow) account held in Landensbankin in Iceland. In February 2015, the Icelandic Central Bank lifted the controls which had prevented local authorities participating in currency auctions in Iceland, whereby the ISK could be converted to Euros. Accordingly the Council participated in the auction and was successful in converting the balance of ISK held to Euros, and then ultimately repaid to its UK bank account in sterling. After the deduction of fees, the amount received in February 2015 was £155,350 resulting in an exchange rate loss of £49,700.

In addition, in May 2014, the Winding-Up Board of Glitnir had made a claim for an overpayment against the Council. This arose as a result of a ruling of the Icelandic Supreme Court in October 2013 which determined the exchange rates to be applied on any distribution of funds in cases of bankruptcy. Applying these exchange rates retrospectively showed that a net overpayment has arisen, amounting to £18,073 (at current exchange rates). Following the negotiations on this claim, a final overpayment of £11,481 was agreed with the Winding-Up Board and settled in March 2015.

As a result of all the movements outlined above, the carrying value of the funds held in Iceland amount to nil.

41. Devolved School Management (DSM) Schools & School Boards

The accumulated balance on the General Fund at 31 March 2015 includes net surplus funds of £1,284,000 (31 March 2014 £1,261,000) in respect of schools participating in the Devolved School Management scheme. There are a number of schools with surpluses totalling £1,317,000 and a number of schools carrying forward deficits amounting to £33,000. These surpluses and deficits are earmarked in 2015/16 for the individual schools concerned.

42. Operating Activities

The cash flows for operating activities include the following items:

	2014/15 £'000	2013/14 £'000
Interest received	(306)	(790)
Interest paid	16,991	16,066
	<u>16,685</u>	<u>15,276</u>

43. Investing Activities

	2014/15 £'000	2013/14 £'000
Purchase of property, plant and equipment, investment property and intangible assets	(71,424)	(55,432)
Purchase of short-term and long-term investments	(73,656)	(20,088)
Proceeds from the sale of of property, plant and equipment, investment property and intangible assets	3,046	2,619
Proceeds of short-term and long-term investments	42,588	32,427
Other receipts for investing activities	18,753	12,269
	<u>(80,693)</u>	<u>(28,205)</u>

44. Financing Activities

	2014/15 £'000	2013/14 £'000
Cash receipts of short and long-term borrowing	76,020	42,048
Cash payments for the reduction of the outstanding liabilities relating to finance leases and on balance sheet PFI contracts	(3,744)	(3,724)
Repayments of short and long-term borrowing	(27,850)	(45,500)
	<u>44,426</u>	<u>(7,176)</u>

45. Cash and Cash Equivalents

The balance of Cash and Cash equivalents is made up of the following elements:

	2014/15 £'000	2013/14 £'000
Cash held by officers	34	36
Bank current accounts	(7,846)	(4,901)
Short-term deposits with banks	10,495	9,605
	<u>2,683</u>	<u>4,740</u>

46 Trust Funds

Perth & Kinross Council administers a number of Charitable Funds of varying sizes. The Income and Expenditure Account and Balance Sheet are detailed on page 69.

These funds include Educational Trusts and other trusts which are primarily for the residents of Perth & Kinross. An exercise is currently being undertaken to amalgamate many of the non-educational trusts in order for the funds to be more readily accessible.

The Perth & Kinross Educational Trust gives financial assistance towards scholarships, second or subsequent degrees, mature students and further education. Assistance is also provided to schools for sports facilities and special equipment, promoting visual arts and education in music and drama. There are also preferences for certain beneficiaries usually named schools for prizes etc. Also within the Perth & Kinross Educational Trust there are eight individual endowments for maintaining, furnishing and equipping school buildings.

The other charitable trusts purposes include giving financial assistance to the poor in different areas of Perth & Kinross, assistance for libraries and art galleries and the maintenance of memorials.

	31 March 2015	31 March 2014
	£'000	£'000
Education Trust - Financial Assistance		
Net assets	899	860

TOTAL Net Assets	3,185	2,848
TOTAL Net Incoming Resources before other recognised gains and losses	131	3

Detailed Accounts for the Charities are available from the Head of Finance, Blackfriars, North Port, Perth, PH1 5LU.

HOUSING REVENUE ACCOUNT

The Housing Revenue Account (HRA) Income and Expenditure Statement shows the economic cost in the year of providing housing services in accordance with generally accepted accounting practices, rather than the amount to be funded from rents and government grants. Councils charge rents to cover expenditure in accordance with the legislative framework which may be different from the accounting cost. The increase or decrease in the year, on the basis on which rents are raised, is shown in the Statement of Movements on the Housing Revenue Account Balance.

COUNCIL TAX BASE									61,745	61,545

2. THE COUNCIL TAX CHARGE

The Council Tax is based on the value of a domestic property together with a personal element which takes into account the number and circumstances of that property's occupants.

Each property is placed in one of eight valuation bands (A-H) in accordance with their value as at 1 April 1991. The Council Tax charge levied for each property is calculated in proportion to the Council Tax charge for a band D property by applying fractions. A discount of 25% is given where the dwelling is occupied by only one adult. Discounts of 10% are awarded for second homes, some second homes such as tied accommodation and purpose built holiday homes may be entitled to a discount of 50%. During 2014/15 long term empty dwellings, i.e. those empty for more than 12 months, received no discount under discretionary powers available to the Council. For future financial years a premium is to be introduced for such dwellings. A discount of 10% is retained for a maximum of 24 months where dwellings are actively being marketed for sale or let. Persons in detention, full-time students, those who are severely mentally impaired, some carers and certain others are disregarded when counting the number of adult residents for Council Tax purposes. Reductions in Council Tax may also be granted where the dwelling contains special facilities required to meet the needs of a disabled resident.

The valuation bands, the fractions used in calculating the Council Tax payable for each valuation band and the actual charges determined for 2014/15 are set out below:

Valuation Band	Property Valuation Range	Fraction of band D	2014/15 Actual Charge	2013/14 Actual Charge
A	£0 - £27,000	6/9	£772.00	£772.00
B	£27,001 - £35,000	7/9	£900.67	£900.67
C	£35,001 - £45,000	8/9	£1,029.33	£1,029.33
D	£45,001 - £58,000	9/9	£1,158.00	£1,158.00
E	£58,001 - £80,000	11/9	£1,415.33	£1,415.33
F	£80,001 - £106,000	13/9	£1,672.67	£1,672.67

H	Over £212,000	18/9	£2,316.00	£2,316.00

NON DOMESTIC RATE INCOME ACCOUNT

The Non-Domestic Rate Account is an agent's statement that reflects the statutory obligation for billing authorities to maintain a separate Non-Domestic Rate Account. The statement shows the gross income from the rates and deductions made under statute. The net income is paid to the Scottish Government as a contribution to the national Non-Domestic Rate pool.

169	Discretionary Relief funded by the Council	168

NOTES TO THE NON DOMESTIC RATE INCOME ACCOUNT

1. NON DOMESTIC RATES

All non domestic rate income collected by Scottish local authorities is paid into a national pool. It is redistributed to authorities in proportion to the resident population in each authority's area and therefore bears no direct relationship to the amount collected by those authorities. The rate poundage set by the Scottish Government for 2014/15 was 47.1p (2013/14 46.2p).

The Small Business Bonus Scheme, introduced from 1 April 2008, provides relief to businesses based on their combined rateable value. From 1 April 2010 the combined rateable value threshold has been set at £25,000 with relief available on all individual properties with a rateable value of £18,000 or less. Subject to eligibility, this provides relief of between 25% and 100%. This scheme replaced the Small Business Rates Relief Scheme.

A supplement of 1.1p (2013/14 for 0.9p) was charged on properties with a rateable value of over £35,000 (£35,000 for 2013/14) to contribute towards the additional cost of the scheme.

2. RATEABLE SUBJECTS AND VALUES

<i>No. of Subjects at 1 April 2013</i>	<i>Rateable Value £'000 at 1 April 2013</i>		<i>No. of Subjects at 1 April 2014</i>	<i>Rateable Value £'000 at 1 April 2014</i>

23 June 2015

NOTES TO THE COMMON GOOD ACCOUNTS

1. Depreciation on Common Good Funds is charged on buildings, based on current value less residual value over the remaining useful life of the property. The buildings have a life expectancy of over 50 years and depreciation has been charged on a straight line basis over that period.
2. **Common Good Reserve Funds**

The movements in the individual Common Good Funds Revenue Reserves are summarised below:

FUND	Balance at 1 April 14	Income 2014/15	Expenditure 2014/15	Balance at 31 March 15
	£'000	£'000	£'000	£'000
Perth City	1,392	265	289	1,368
Aberfeldy	80	70	3	147
Alyth	21	0	0	21
Auchterarder	332	23	18	337
Blairgowrie	21	0	0	21
Coupar Angus	2	0	0	2
Crieff	5	2	0	7
Kinross	156	1	0	157
Pitlochry	7	0	0	7
TOTAL	<u>2,016</u>	<u>361</u>	<u>310</u>	<u>2,067</u>

3. **Common Good Fixed Assets**

Some of the fixed assets included in the Council Balance Sheet should potentially be included in the Balance Sheet of the Common Good Funds instead.

A review of property and land titles is undertaken once an asset has been declared surplus to operational needs. Until all property titles of the former burghs are reviewed there remains the possibility that some assets may require to be transferred between the Balance Sheets of the Council and Common Good Funds.

Note

Tayside Contracts was previously included in the Group Accounts using a proportionate consolidation method. Following updates to the 2014/15 CIPFA Code, the accounting treatment of Tayside Contracts for group reporting purposes was reviewed and the entity is now included in the Group Accounts using the equity method. The corresponding restatement of the opening Group Balance Sheet has resulted in a £991,000 increase in Group Reserves, and the movements on individual lines are detailed above.

In addition, the CIPFA Code requires the realignment of accounting policies for entities included within the Group Accounts and the £1.643m reduction in Group Reserves relates to restatement of the Group Balance Sheet to include the pension liability for Horsecross Arts Ltd. The pension liability at 31 March 2015 is included within the Group Reserves balance at 31 March 2015.

The unaudited Accounts were issued on 23 June 2015.

NOTES TO THE GROUP ACCOUNTS

1. Combining Entities

The results of Tayside Valuation Board which is jointly administered with Dundee and Angus City Councils have been included in the Group Accounts. The Council is exempt from including the Board as a subsidiary under the “rebuttable presumption” which recognises that the Scottish Government exercises a dominant influence on the Board evidenced particularly by its ability to reconstitute or abolish statutory bodies or otherwise influence their operating and financial policies.

A number of Councillors have voting rights on the Board. The Council has an obligation to contribute to the Joint Board losses or deficits and the ability to exercise significant influence over it. The Joint Board has therefore been incorporated in the Group Accounts under the equity method of Accounting for Associates.

For the purpose of consolidation and incorporation within the Group Accounts recognition has been made of the Council’s interest which is based on its share of the contributions made to the Tayside Valuation Board, which in 2014/15 was 40.29% (2013/14 40.29%). The accounting period for the Board is the year to 31 March 2015 and the Board Statements of Accounts presents fairly its individual financial position.

The individual accounts relating to Tayside Valuation Joint Board are published separately, and can be obtained from the Director of Corporate Services, Dundee City Council, Dundee House, 50 North Lindsay Street, Dundee, DD1 1QE.

In addition, the Council has also included Live Active Leisure Ltd. and Horsecross Arts Ltd. as Subsidiaries within its Group Accounts in accordance with IAS 27 Consolidated and Separate Financial Statements, and in particular SIC 12 Consolidation – Special Purpose Entities. Both organisations deliver services on behalf of the Council and the Council therefore obtains benefit from their operations; in addition, service delivery is managed through Service Level Agreements specific to the leisure provision required from the organisations by the Council. Live Active Leisure Ltd. and Horsecross Arts Ltd. are governed by company and charitable trust regulation. For the purpose of consolidation and incorporation within the Group Accounts it has been assumed that the Council’s interest in both organisations is 100% due to the nature of Council control and direction over their operations.

During 2013/14 both Live Active Leisure Ltd. and Horsecross Arts Ltd. became arms length companies with sole member status with the Council being the sole member in both companies.

The individual accounts relating to these organisations are published separately, and can be obtained from the following addresses:-

Live Active Leisure Ltd.	Caledonia House, Hay Street, Perth, PH1 5HS.
Horsecross Arts Ltd.	Perth Concert Hall, Mill Street, Perth, PH1 5HZ.

The income, expenditure, assets and liabilities of the Charitable Trusts which are administered and controlled by the Council have also been included as a managed fund. The nature of the assets of the managed fund are investments and debtors. The assets are not the property of Perth & Kinross Council and are subject to charitable trust regulations. The Income and Expenditure Account of the Charitable Trusts is detailed on page 69 of the Annual Accounts.

The income, expenditure, assets and liabilities of the Common Good Accounts which are administered and controlled by the Council have also been included as a managed fund. The nature of the assets of the managed fund are heritable property, investments and debtors. The assets are the property of Perth & Kinross Council and are subject to the Accounting Code of Practice. The Income and Expenditure Account of the Common Good is detailed on page 70 of the Annual Accounts.

Perth & Kinross Council’s share of the assets and liabilities of Tayside Contracts Joint Committee which is jointly administered and controlled with Dundee City Council and Angus Council was previously included in the Group Accounts using a proportionate consolidation method. Updates to the 2014/15 CIPFA Code required the accounting treatment of Tayside Contracts for group reporting purposes to be reviewed. Tayside Contracts has been included in the Group Accounts for 2014/15 using the equity method for an associate due to the Council having significant influence rather than joint control over the entity. The Council’s investment in Tayside Contracts for 2014/15 is 33.1% (2013/14 35.5%) and the restatement of the opening Group Balance Sheet at 1 April 2013 and 2014 has resulted in an increase in opening Group Reserves of £992,000 as detailed on page 75. Copies of Tayside Contracts Joint Committee’s individual accounts are published separately, and can be obtained from Head of Financial Services, Tayside Contracts, 1 Soutar Street, Dundee, DD3 8SS.

In addition the CIPFA Code requires the realignment of accounting policies for entities included within the Group Accounts and the £1.643m reduction in Group Reserves relates to restatement of the Group Balance Sheet to include the pension liability for Horsecross Arts Ltd. The pension liability at 31 March 2015 is included within the Group Reserves balance at 31 March 2015.

Tayside and Central Scotland Transport Partnership (TACTRAN) is a statutory body established under the Transport (Scotland) Act 2005. The partnership covers Angus, Dundee City, Perth & Kinross and Stirling Council areas. The results of TACTRAN have been excluded from Perth & Kinross Council’s Group accounts on the grounds of materiality.

2. Nature of Combination

The Council inherited its interest in the Tayside Valuation Board following the reorganisation of local government in

1996. It is considered that the Council's interest was obtained on an acquisition basis. However, as no consideration was given, no goodwill requires to be accounted for.

3. Financial Impact of Consolidation and Going Concern

The effect of inclusion of the Subsidiaries and Associates listed above in the Group Balance Sheet is to increase both reserves and net assets by £11,467,000 (2013/14 £1,289,000).

All Subsidiaries and the Associate have prepared their accounts on a 'going concern' basis. The Council's Group Accounts have been prepared on a 'going concern' basis as there is no reason to suggest that future funding will not continue. Apart from the disclosures made in the Notes to the Group Accounts there were no material amounts or details in relation to associates or managed funds.

Group Pension Liability at 31 March	<u>(185,483)</u>	<u>(274,709)</u>

9. Group Cash Flow Statement

There has been no impact on the Group Cash Flow Statement from the inclusion of the Tayside Valuation Joint Board or Tayside Contracts Joint Committee. Cash transactions between the Joint Board and the Council are already included within the Council's Cash Flow Statement and there were no dividend transactions.

The impact of the inclusion of Live Active Leisure Ltd. and Horsecross Arts Ltd. within the Group Cash Flow Statement is to increase the movement in the net cash position by £9,152,000 (2013/14, increase of £8,429,000). A cash increase of £8,232,000 represents the Council's 100% share of Live Active Leisure Ltd. and a cash increase of £920,000 represents the Council's 100% share of Horsecross Arts Ltd.

ANNUAL GOVERNANCE STATEMENT 2014/15

1. Scope of Responsibility

- 1.1 Perth & Kinross Council has to ensure that it conducts its business in accordance with the law and proper standards. It must ensure that public money is safeguarded, properly accounted for, and used appropriately. The Council has a legal duty to keep accounts and to follow proper accounting practices.
- 1.2 To fulfil these duties, the Council has to put in place arrangements for the governance of its affairs, including arrangements for the management of risk.
- 1.3 This statement explains the way Perth & Kinross Council complies with national standards for good corporate governance and meets the requirements of relevant legislation and current good practice.
- 1.4 Perth & Kinross Council's Local Code of Corporate Governance can be found on the Council's [website](#) or a copy can be obtained from the Head of Legal Services at Perth & Kinross Council, Blackfriars Development Centre, North Port, Perth, PH1 5LU.
- 1.5 This statement must also cover the four organisations that are included in the Council's Group Accounts.

For Live Active Leisure Ltd and Horsecross Arts Ltd, reliance has been placed upon the unaudited financial statements of the companies. In addition assurance has been placed on internal control information taken from the Council's contract with Live Active Leisure Ltd and the Service Agreement with Horsecross Arts Ltd.

For Tayside Contracts Joint Committee and Tayside Valuation Joint Board, reliance has been placed upon each organisation's Annual Governance Statement.

These, together with written assurances, provide comfort that no material weaknesses have been identified within their internal financial control systems.

2. The Governance Framework

- 2.1 The governance framework enables the Council to monitor the achievement of its strategic objectives and to consider whether those objectives have led to the delivery of appropriate, cost-effective services.
- 2.2 It is made up of the systems and processes, cultures and values by which the Council is directed and controlled. It also includes the way in which the Council accounts to, engages with and leads the community.
- 2.3 The governance framework is designed to manage risk to a reasonable level. It cannot eliminate all risk of failure to achieve policies, aims and objectives; it can therefore only provide reasonable assurance of effectiveness. It is based on an ongoing process designed to identify and prioritise the risks to the achievement of the Council's policies, aims and objectives, to evaluate the likelihood and impact of those risks being realised, and to manage them efficiently, effectively and economically.

3. Perth & Kinross Council's Structure

- 3.1 Perth & Kinross Council is made up of 41 councillors. The Council has 13 committees and a number of sub committees, each with specific remits. The Council and its committees meet to consider business regularly according to a published schedule.
- 3.2 The Chief Executive is the Head of Paid Service for the Council. The Council's officers are formed into four Services, led by the Chief Executive and three Executive Directors. One of the Executive Directors also acts as Depute Chief Executive. Each Service is split into functional areas led by Heads of Service.

4. Perth & Kinross Council's Governance Framework

- 4.1 The Council's Scheme of Administration sets out the role of committees in decision-making and the delegated decision-making powers of individual officers. The Chief Executive or any Executive Director is able to make any urgent decision provided all such decisions outwith their normal delegated powers are reported to the next available meeting of the Council or relevant Committee.
- 4.2 The Chief Executive and Executive Directors meet regularly as the Executive Officer Team with the Monitoring and Section 95 Officers having access to papers and attending when required. An extended Executive Officer Team with relevant Heads of Service meet regularly as both the Strategic Investment Group and the Public Protection Group to deal respectively with capital programme issues and public protection issues. The Executive Officer Team continues to develop the concept of subject specific meetings in order to deal with corporate issues as effectively as possible. Individual Services have their own Service Management Teams. Depute Directors and Heads of Service also meet as the Corporate Management Group which has a key role in the development and implementation of Council strategy and policy.

- 4.3 The Council's high level strategic objectives and priorities are set out in its [Corporate Plan](#) for 2013-18 which was approved by Council on 27 February 2013. It sets out a vision and describes how the Council will achieve the outcomes contained in the Single Outcome Agreement with the Scottish Government. Outcomes and performance indicators within the Single Outcome Agreement are monitored by exception every month by the Executive Officer Team.
- 4.4 As part of the Perth and Kinross Community Planning Partnership the Council works to deliver local services with other public sector organisations in the area. Its objectives are set out in the Community Plan/Single Outcome Agreement 2013-23. The Council's performance monitoring arrangements are linked to those of the Community Planning Partnership.
- 4.5 The Council has set out areas of corporate improvement activity around prevention, people, partnership, performance and building the community asset base. Corporate improvement actions are led and monitored by the Corporate Management Group.
- 4.6 Individual Service Plans (Business Management & Improvement Plans) set out detailed actions and outcomes for each Service and include performance indicators.
- 4.7 Monthly training sessions, by means of delayed opening, are held to update staff about Council policies and procedures and key legislation. All new employees undergo a compulsory induction programme that covers key roles and procedures. There is an annual employee review and development process. Regular team briefings are held and on-line training courses are available. This ensures that policies and procedures are communicated throughout the Council.
- 4.8 The Council maintains a register of Corporate Business Risks which are monitored by the Executive Officer Team on a monthly basis via the Performance and Risk Report. The Scrutiny Committee and Senior Management Teams also scrutinise the risks on a regular basis. Similarly, Service risks are identified and managed within each Service. The risks associated with each major project undertaken by the Council are identified and managed through appropriate project management arrangements and reports are produced for each project deemed to be of high risk or of a value greater than £500,000 and submitted on a monthly basis to a sub-group of the Corporate Management Group.
- 4.9 The Council has a Transformation Programme which is monitored by the Executive Officer Team and the Modernising Governance Member Officer Working Group. Services also carry out Best Value Reviews, which are designed to ensure continuous improvement in the economy, efficiency and effectiveness of services. The annual service planning process ensures that Services meet the needs of customers, and that targets for quality improvements are set and monitored.
- 4.10 Annual budgets are set by the Council, and each budget is allocated to a named budget holder. The responsibilities of budget holders in financial management are included in the Council's Financial Regulations and training has been provided to budget holders. Budgets are monitored regularly. The Council's financial performance is monitored regularly by the Executive Officer Team and the Strategic Policy & Resources Committee.
- 4.11 The Council publishes an Annual Report on its performance against the objectives set out within the Corporate Plan and Community Plan/Single Outcome Agreement. The Council also publishes an "at-a-glance" [scorecard](#) on its website showing the Council's performance against its key performance indicators. Service Business Management and Improvement Plans, which include performance indicators, flow from the Corporate Plan priorities, and feed into the targets contained within Team Plans. Service Management Teams regularly review the performance of their Service and the Executive Officer Team monitors performance each month on an exception basis. Service performance is reported to the Executive Officer Team and then to relevant committees every six months.
- 4.12 Performance is also discussed on a regular basis between the Chief Executive and each Executive Director as part of the annual appraisal process. The Chief Executive also carries out monthly one-to-one meetings with each Executive Director. This process is replicated at Service level.
- 4.13 The Council has a published process for dealing with complaints from members of the public. There are also appropriate arrangements for employees to report concerns about possible wrong-doing in the Council and particular arrangements for them to report concerns about fraud or corruption.
- 4.14 The Council has a strategy for engaging with communities and has agreed a Statement of Intent with its Community Planning Partners to support a co-ordinated approach to community engagement. The Council continues to embed its locality planning approach by broadening its opportunities to engage more widely by developing locality leadership models. A biennial Residents Survey ensures that views are sought about the Council from a wide range of communities and individuals.
- 4.15 The Council's Chief Financial Officer is a key member of the Senior Management of the Council helping it to develop and implement strategy and to maintain strong financial management underpinned by effective financial controls. This ensures that public money is safeguarded at all times and used appropriately, economically, efficiently and effectively. The Chief Financial Officer contributes to corporate management and leadership and supports and advises officers in their operational roles. The Chief Financial Officer supports and advises elected members on the adequacy of financial reserves and other related financial matters.

- 4.16 The Council's Internal Audit team reports directly to senior management on the adequacy of system controls and, where necessary, makes recommendations for improvement. A report is produced following each completed audit and is discussed with the appropriate level of management within the Council. Each report contains a Management Action Plan that details the action agreed for each audit finding, the priority, the accountable manager and agreed implementation date. Audit reports are considered by the Audit Committee.
- 4.17 A risk-based internal audit plan is prepared annually in a process which reviews all the significant activities and systems that contribute to the achievement of the Council's objectives. Audits are prioritised based on the resources available and a combination of the significance of the activity or system in relation to the Council's objectives; the likely consequences of a failure of control; the degree of change in the activity or system and the assessed strength of the internal controls in place.
- 4.18 The Council has arrangements in place for the management of information risk including an information security policy and standards. The Council also currently complies with the Government requirements to operate as a public service network (PSN). Government policy as regards the identification and assessment of threats to local authorities has changed recently and current measures have been reviewed to ensure continuing compliance with PSN requirements. All policies, procedures and systems are monitored and regularly reviewed to ensure legal compliance and the integrity of the Council's information management systems.
- 4.19 The Council is a partner in the Tayside Procurement Consortium with Dundee and Angus Councils. The aims of this consortium include maximising efficiency and collaboration and delivering and demonstrating real cash savings across the public sector. The Council continues to improve its contract governance system to enable the Council to successfully monitor and manage its major contracts and to help resolve any disputes.

5. Review of Effectiveness

- 5.1 The Council has a responsibility for conducting, at least annually, a review of the effectiveness of its governance framework. This review is informed by the work of the Executive Officer Team, senior managers and the internal auditors who have a responsibility for the development and maintenance of the governance environment. Comments made by external auditors and other agencies and inspectorates are also taken into account.
- 5.2 The Council is responsible for ensuring that its financial management is adequate and effective and that there is a sound system of internal control that is regularly reviewed. As such, it agrees the Financial Regulations, which form an integral part of the Corporate Rules. It also approves and sets the Annual Budget, which provides the framework for budget setting and good budgetary control.
- 5.3 The Strategic Policy & Resources Committee receives regular financial monitoring information as part of the budgetary control framework.
- 5.4 The Scrutiny Committee and the Strategic Policy & Resources Committee perform the overview and scrutiny role in relation to all matters pertaining to the governance of the Council, including review of the Corporate Rules, its political arrangements and rules of procedure. The Audit Committee approves the annual audit plan and receives the annual audit report.
- 5.5 Internal Audit has completed its 2014/2015 Audit plan and issued 26 planned audits during the period covered by this statement.
- 5.6 The Council's Corporate Governance arrangements include clearly defined roles and responsibilities for all Chief Officers and statutory officers, including the Chief Executive, the Chief Social Worker, the Monitoring Officer and the Section 95 Officer (Chief Financial Officer).
- 5.7 The Council's corporate rules include Standing Orders and Financial Regulations. All proposals of a significant nature are assessed for legality and financial impact prior to a decision being made. Mechanisms are in place to ensure that the Council implements new legislation.
- 5.8 The Council has designated the Executive Director (Environment) as the Senior Information Risk Owner with the Head of Legal Services as Depute. An information security management forum meets on a regular basis.
- 5.9 The Local Area Network comprising key scrutiny bodies which engage with the Council (including Audit Scotland) have assessed Perth and Kinross as a "low risk council which shows good self-awareness and demonstrates a positive response to external scrutiny". In addition the risk assessment notes that "currently for 2014 to 2017 no additional specific scrutiny activity has been identified".

6. Significant Governance Issues

- 6.1 The Annual Internal Audit report for 2014/15, notes that reasonable reliance can be placed on the Council's systems of internal control for 2014/15, subject to management implementation of the agreed actions detailed in Internal Audit reports and summarised within section 2 of the report.
- 6.2 The Governance Framework has been in place for the financial year ended 31 March 2015 and up to the date of approval of the Annual Report and statement of accounts. The review of the Council's governance systems carried out for this statement did not identify any new issues for the Financial Year 2014/15.

6.3 The actions from the Annual Governance Statement for 2013/2014 are detailed in the table below with progress noted.

ISSUE	Issue Identified	Source of Evidence (2013-14)	Evidence / Action taken to date	Issue Identified 2014-15
1	The management of Information Risk requires further development.	Executive Officer Team & Audit Scotland Report: Review of Data Management (August 2013, recommendation 2).	Information Management Strategy, policies and procedures are in place. Systems currently comply with requirements of PSN however government policy regarding identification and assessment of risk will require a review of current systems, policies and procedures going forward.	Review relevant information risk management systems, policies & procedures to ensure continuing compliance with PSN requirements Head of Legal Services October 2015
2	The governance of ALEOs (External Organisations) requires improvement.	Audit Scotland Report (May 2014, recommendation 3) & EOT Action. (NB-Recommendation related to clarifying roles and responsibilities for Members sitting on the cultural and leisure trusts - Horsecross and Live Active Leisure)	Both trusts are subject to a formal service level agreement. Elected Members are given training as part of induction as regards distinguishing their roles and responsibilities of members whilst sitting on external bodies and ALEOs	In accordance with the Council's Code in relation to ALEOs and Following the Public Pound – a written agreement will be drafted setting out roles, responsibilities and how conflicts of interest should be managed Head of Legal Services October 2015
3	Housing Benefit accuracy performance is below target and as a result subsidy was lost in 2012-13.	Audit Scotland Report: Audit of housing and council tax benefit (December 2013) and letter of 6 February 2014 from Russell Frith, Assistant Auditor General.	Audit Scotland letter from Russell Frith dated, 7 November 2014 'stating no further scrutiny is required at this stage'. Internal Audit Report 14-18 assigning Strong/Moderately Strong Controls and having no reported 'High' Action Points	No further action required

6.4 It is our view that as far as possible the Council has established an acceptable level of internal control, risk management and corporate governance framework on which it will develop and improve.

6.5 It is anticipated that there could be a number of governance challenges in the course of the next Financial Year which the Council will have to deal with. These include the integration of Health and Social Care, the sharing of personal information especially in relation to GIRFEC, implementing Community Justice Arrangements and Community Empowerment.

REMUNERATION REPORT FOR FINANCIAL YEAR 2014/15

1. Introduction

The Local Authority Accounts (Scotland) Amendment Regulations 2011 (SSI No. 2011/64) require local authorities in Scotland to prepare a Remuneration Report as part of their annual statutory accounts. The disclosures within this report have been prepared in accordance with guidance issued by the Scottish Government on 13 May 2011 in Local Government Finance Circular No 8/2011 (subsequently updated). This guidance prescribes the content and format of the information presented within the Remuneration Report and specifies that remuneration disclosures are to be based upon taxable expenses and benefits. The disclosures are set out in accordance with proper accounting practice as prescribed by the Code of Practice on Local Authority Accounting in the UK and include prior year comparative figures.

2. Audit of Remuneration Report

The Remuneration Report is a statement in its own right rather than a note to the accounts and certain disclosures within the report are subject to audit.

All information disclosed in tables 1 to 7 in this Remuneration Report will be audited by the Council's appointed auditor Audit Scotland. The other sections of the Remuneration Report will be reviewed by Audit Scotland to ensure that they are consistent with the financial statements.

3. Remuneration of Senior Councillors

- 3.1 The remuneration of Councillors is regulated by the Local Governance (Scotland) Act 2004 (Remuneration) regulations 2007 (SSI No. 2007/183). The Regulations provide for the grading of Councillors for the purposes of remuneration arrangements, as either, the Leader of the Council, the Civic Head (Provost), Senior Councillors or Councillors. The Leader of the Council and the Civic Head cannot be the same person for the purposes of payment of remuneration. A Senior Councillor is a Councillor who holds a significant position of responsibility in the Council's political management structure.
- 3.2 When determining the level of remuneration for Councillors the Scottish Ministers considered the recommendations of the former Scottish Local Authority Remuneration Committee (SLARC). SLARC was an advisory Non-Departmental Public Body set up in 2005 to advise Scottish Ministers on the remuneration, allowances and expenses incurred by local authority councillors. The Committee was stood down in February 2013.
- 3.3 The Regulations set out the salary that is to be paid to the Leader of the Council in accordance with bandings also set out in the Regulations. The Regulations also permit the Council to remunerate one Civic Head, which in the case of Perth & Kinross Council is the Provost, and set out the maximum salary that may be paid to that Civic Head. For 2014/15 the maximum salary for the Leader of Perth & Kinross Council is £33,123 and the Council has agreed that the Civic Head be paid 75% of the salary of the Leader, which for 2014/15 is a maximum of £24,842. Please refer to Table 1.
- 3.4 In addition to the Leader of the Council and Civic Head, Regulations also set out the maximum number of Senior Councillors the Council may have; the maximum yearly amount that may be paid to a Senior Councillor (75% of the total yearly amount payable to the Leader of the Council) and the maximum yearly amount payable by the Council for all Senior Councillors. Perth & Kinross Council may have a maximum of 14 Senior Councillors with a maximum salary of £24,842 and a maximum yearly amount payable for all Senior Councillors of £286,958 in 2014/15 (excluding the Council Leader, Civic Head, Conveners and Vice Conveners of Joint Boards and the Tayside Community Justice Authority). The Council is able to exercise local flexibility in the determination of the precise number of Senior Councillors and their salary within these maximum limits. Perth & Kinross Council's policy in 2014/15 was to pay Senior Councillors up to 90% of the maximum of £24,842 as prescribed by SLARC.
- 3.5 The Regulations also set out the remuneration payable to Councillors with the responsibility of a Convener or a Vice-Convener of a Joint Board such as Tayside Valuation Joint Board. The Regulations require the remuneration to be paid by the Council of which the Convener or Vice-Convener is a member. Joint Board Conveners and Vice-Conveners are considered to be Senior Councillors for remuneration disclosure purposes. In financial year 2014/15, Councillors from Perth & Kinross Council served as Convener of the Tayside Valuation Joint Board and Vice-Convener of the Tayside Community Justice Authority. The remuneration paid by the Council to these Councillors in their roles as Convener and Vice-Conveners was not recharged by the Council to the Tayside Valuation Joint Board or the Tayside Community Justice Authority.
- 3.6 During 2014/15 Perth & Kinross Council had 12 Senior Councillors and 2 Councillors serving as Conveners and Vice-Conveners of Joint Boards and the Community Justice Authority who are treated as Senior Councillors for the purposes of the Remuneration Report. Together with the Leader of the Council and the Provost, the total remuneration including taxable expenses paid to these Councillors was £366,898. The individual amounts payable to the Leader of the Council, the Provost, Senior Councillors of Perth & Kinross Council and Conveners and Vice-Conveners of Joint Boards and the Tayside Community Justice Authority in 2014/15 are set out in table 1. The Regulations also permit the Council to pay contributions or other payments as required to the Local Government Pension Scheme in respect of those Councillors who elect to become Councillor Members of the pension scheme.

Table 1a: Remuneration of Existing Senior Councillors, Conveners and Vice-Conveners of Joint Boards and Vice Convener of the Tayside Community Justice Authority for Financial Year 2014/15

Barbara Vaughan Convener Audit Committee	22,295	91	22,386	<i>22,188</i>
TOTAL (Note: 2)	365,482	1,416	366,898	<i>363,726</i>

Notes:

- (1) Taxable Expenses relate to meals taken on Council premises.
- (2) After adjusting for the salaries of the Leader of the Council, Civic Head (Provost) and Conveners and Vice Conveners of Joint Boards and the Community Justice Authority, the total salary paid to Senior Councillors in 2014/15 was £267,148 which compares with the maximum under Regulations of £286,958.
- (3) The Council has identified a potential issue relating to the tax treatment of Councillors' expenses when travelling between home and Council offices as detailed further in note 39 on page 54.

3.7 The arrangements for political decision making structures within Perth & Kinross Council as at 31 March 2015, which encompassed the salaries of all Elected Members including the Council Leader, Civic Head and Senior Councillors were agreed at the meeting of the full Council on 23 May 2012 (Report No.12/193 refers) and are available on the Council's website at [Political Decision Making Structures](#) . Prior to this the arrangements were governed by Report 07/330 which was considered at the full Council meeting on 16 May 2007.

3.8 The Council paid the following salaries and expenses to all Councillors (including those listed in Table 1 above) in financial year 2014/15:

Table 2: Remuneration Paid to Councillors 1 April 2014 to 31 March 2015

Type of Remuneration	2014/15 £	2013/14 £
Salaries	787,125	764,505
Taxable Expenses	2,746	2,740
Total	<u>789,871</u>	<u>767,245</u>

3.9 The annual return of Councillors' salaries and expenses for 2014/15 is available for any member of the public to view at the Council Headquarters Building at 2 High Street, Perth; Council libraries and Council local area offices during normal working hours and is also available on the Council's website at [Councillors' Allowances](#)

3.10 The information in the annual return of Councillors' salaries and expenses for 2014/15 differs from the information presented within the Remuneration Report as the Remuneration Report excludes the payment of expenses which are not subject to taxation such as car mileage expenses; expenditure on public transport and subsistence expenses.

4. Remuneration of Senior Employees

4.1 The Council is required to publish the remuneration of Senior Employees as defined by the disclosure regulations. Senior Employees are defined with reference to their management authority; to the political restriction placed upon their post under section 2(1) (a), (b) or (c) of the Local Government Housing Act 1989 and with reference to their reporting relationship to the Council's 'Head of Paid Service' or Chief Executive. The disclosure requirements also include any employee whose annual remuneration is £150,000 or more. No employee of Perth & Kinross Council was remunerated at this level in 2014/15.

4.2 The application of the disclosure regulations in relation to the management structure of Perth & Kinross Council defines the following post-holders as Senior Employees in 2014/15:

- The Chief Executive as the Statutory Head of Paid Service.
- The Depute Chief Executive and Executive Directors as officers responsible for the management of the authority to the extent that they may direct or control the major activities of the authority either solely or collectively.
- The Head of Legal Services as the Council's statutory monitoring officer; the Head of Finance as the Council's proper officer for financial administration and the Depute Director (Education and Children's Services) as the Council's statutory Chief Social Work officer.
- The Head of Democratic Services who reports directly to the Council's Chief Executive.

4.3 The Scottish Joint Negotiating Committee (SJNC) for Local Authority Services sets the salaries for the Chief Executives of Scottish local authorities.

4.4 The remuneration of Senior Employees of Perth & Kinross Council and its Subsidiaries for 2014/15 is detailed in table 3 below:

Table 3: Remuneration of Senior Employees of the Council and its Subsidiaries for Financial Year 2014/15

Name and Post Title	Salary, Fees & Allowances 2014/15 £	Total Remuneration 2014/15 £	Total Remuneration 2013/14 £
Bernadette Malone Chief Executive (Note 1)	132,075	132,075	<i>122,898</i>
David Burke (Left 04/04/2014) Depute Chief Executive & Executive Director (Housing & Community Care)	1,723	1,723	<i>112,641</i>
John Fyffe Depute Chief Executive & Executive Director (Education & Children's Services)	113,766	113,766	<i>112,641</i>
John Walker Executive Director (Housing & Community Care)	108,519	108,519	<i>53,720</i>
James Valentine Executive Director (Environment)	108,519	108,519	<i>107,445</i>
William Atkinson Depute Director (Education & Children's Services)	87,486	87,486	<i>86,619</i>
Ian Innes Head of Legal Services	85,734	85,734	<i>84,885</i>
John Symon Head of Finance	85,734	85,734	<i>84,885</i>
Gillian Taylor Head of Democratic Services	78,717	78,717	<i>77,937</i>
Colin McMahon (to 16/01/15) Horsecross Arts Limited – Chief Executive	53,493	53,493	<i>30,493</i>
Gwilym Gibbons (from 19/01/15) Horsecross Arts Limited – Chief Executive	13,324	13,324	<i>0</i>
Jacqueline McKay (to 31/10/13) Horsecross Arts Limited – Chief Executive	0	0	<i>38,704</i>
James Moyes Live Active Leisure – Chief Executive	72,546	72,546	<i>70,415</i>
TOTAL	941,636	941,636	<i>983,283</i>

Note 1:

The substantive salary for the Chief Executive is laid down in COSLA Circular CO/146. The Chief Executive's remuneration in 2014/15 included a fee of £3,887 for acting as Returning Officer for the European Parliamentary Election 2014 and £4,060 for acting as the Counting Officer for the Scottish Referendum 2014.

4.5 No other taxable benefits or bonuses were received by the above named Senior Employees of Perth & Kinross Council in 2014/15.

5. General Disclosure of Remuneration by Pay Band

5.1 In accordance with the disclosure regulations, Table 4 below details the number of Perth & Kinross Council employees (including teachers) whose annual remuneration in 2014/15 was £50,000 or more including Senior Employees subject to individual disclosure in section 4 of this report. The information is presented, as required, in bandings of £5,000.

Table 4: Remuneration of Employees by Pay Band for 2014/15

Remuneration Bands	Number of Employees	
	2014/15	2013/14
£50,000-£54,999	59	61
£55,000-£59,999	40	32
£60,000-£64,999	5	6
£65,000-£69,999	4	3
£70,000-£74,999	5	1
£75,000-£79,999	12	12
£80,000-£84,999	0	2
£85,000-£89,999	5	2
£90,000-£94,999	0	0
£95,000-£99,999	0	1
£100,000-£104,999	0	0
£105,000-£109,999	2	1
£110,000-£114,999	1	2
£115,000-£119,999	0	0
£120,000-£124,999	0	1
£125,000-£129,999	1	0
Total	134	124

Table 5: The number of Exit Packages with Total Cost per band and Total Cost of Compulsory and Other Redundancies

(a) Exit package cost band (including special payments)	(b) Number of compulsory redundancies		(c) Number of other departures agreed		(d) Total number of exit packages by cost band (b) + (c)		(e) Total cost of exit packages in each band	
	2014/15	2013/14	2014/15	2013/14	2014/15	2013/14	2014/15 £'000	2013/14 £'000
£0 - £20,000	0	2	19	98	19	100	42	565
£20,001 - £40,000	0	0	5	20	5	20	126	571
£40,001 - £60,000	0	0	0	10	0	10	0	479
£60,001 - £80,000	0	0	0	3	0	3	0	194
£80,001 - £100,000	0	0	0	1	0	1	0	81
Over £100,000	0	0	0	1	0	1	0	112
Total	0	2	24	133	24	135	168	2,002

- 5.2 The costs included within table 5 above are all non-recurring and include payments to individual officers and to the relevant Superannuation Fund.
- 5.3 All of the individual exit packages included within table 5 above have been subject to a full business case outlining the implications for the Council. In terms of the financial assessment for each business case, the maximum payback period should be around two years. The departure of the individuals included in the above table has delivered significant recurring savings to the Council and also allowed the Council to deliver on a challenging transformation / modernisation programme.
- 6. Remuneration by Subsidiary Bodies of Perth & Kinross Council**
- 6.1 Councillors and Senior Employees of Perth & Kinross Council serve as Board members; officials and technical advisors to subsidiary bodies of the Council. In 2014/15, the Head of Legal Services and Head of Democratic Services served as proper officers to the Tayside and Central Scotland Transport Partnership (TACTRAN). No remuneration was paid to Councillors and Senior Employees of Perth & Kinross Council by subsidiary bodies of the Council in 2014/15.
- 7. Disclosure of Pension Benefits**
- 7.1 The disclosure regulations require the separate disclosure of accrued pension benefits for Senior Councillors and Senior Employees of Perth & Kinross Council. Pension Benefits for councillors and local government employees are provided through the Local Government Pension Scheme (LGPS). Councillors have only been eligible to join this scheme since May 2007.
- 7.2 Councillor's' pension benefits are based on career average pay. The councillor's pay for each year or part year ending 31 March (other than the pay in the final year commencing 1 April) is increased by the increase in the cost of living as measured by the appropriate index between the end of that year and the last day of the month in which their membership of the scheme ends. The total of the revalued pay is then divided by the period of membership to calculate the career average pay. This is the value used to calculate the pension benefits.

- 7.3 For local government employees this is a final salary pension scheme. This means that pension benefits are based on the final year's pay and the number of years that person has been a member of the scheme. The scheme's normal retirement age for both councillors and employees is 65.
- 7.4 From 1 April 2009 a tiered contribution scheme was introduced with contributions from scheme members being based on how much pay falls into each tier. Prior to 2009 contribution rates were set at 6% for all non-manual employees.

Tiered Pension Contribution Rates for Local Government Pension Scheme Members in 2014/15

Full Time Equivalent (FTE) Pensionable pay	Contribution Rate 2014/15
On earnings up to and including £20,335	5.5%
On earnings above £20,335 and up to £24,853	7.25%
On earnings above £24,853 and up to £34,096	8.5%
On earnings above £34,096 and up to £45,393	9.5%
On earnings above £45,393	12%

- 7.5 Pensionable Pay includes salary, plus any contractual elements of pay such as shift payment, night working payment, standby and the monetary value of any accommodation or other allowances in kind pertaining to employment. If a person works part-time their contribution rate is worked out on a whole time pay rate for the job, with actual contributions paid on actual pay earned.
- 7.6 Under the scheme there is no automatic entitlement to a lump sum. Members may opt to give up (commute) pension for lump sum up to the limit set by the Finance Act 2004. The accrual rate guarantees a pension based on 1/60th of final pensionable salary and years of pensionable service. (Prior to 2009 the accrual rate guaranteed a pension based on 1/80th and a lump sum based on 3/80th of final pensionable salary and years of pensionable service).
- 7.7 The value of accrued benefits have been calculated on the basis of the age at which the person will first become entitled to receive a pension on their retirement without reduction on account of its payment at that age; without exercising any option to commute pension entitlement into a lump sum; and without any adjustment for the effects of future inflation. The pension figures shown relate to the benefits that the person has accrued as a consequence of their local government service, and not just their current appointment.

7.8 Pension Entitlements of Senior Councillors

The pension entitlements of Senior Councillors of Perth & Kinross Council for the year to 31 March 2015 are shown in table 6 below, together with the contribution made by the Council to each Senior Councillor's pension during the year.

Table 6: Pension Entitlements of Senior Councillors, Conveners and Vice-Conveners of Joint Boards and Vice-Conveners of the Tayside Community Justice Authority for Financial Year 2014/15

Name and Post Title	In-year pension contributions			Accrued Pension Benefits		
	For Year to 31/03/2015 £	For Year to 31/03/2014 £		For Year to 31/03/2015 £	For Year to 31/03/2014 £	Difference from 31/03/2014 £
Ian Miller Council Leader & Convener Strategic Policy and Resources Committee	5,962	5,845	Pension Lump Sum	4,520 2,563	3,780 2,526	740 37
Elizabeth Grant Provost (Civic Head)	0	0	Pension Lump Sum	0 0	0 0	0 0

Jack Coburn Convener Licensing Committee	0	0	Pension Lump Sum	0 0	0 0	0 0
Dave Doogan Convener Housing & Health Committee	4,013	3,934	Pension Lump Sum	743 0	364 0	379 0
Alan Grant Convener Environment Committee	0	0	Pension Lump Sum	0 0	0 0	0 0
Tom Gray Convener Development Management Committee	4,013	3,934	Pension Lump Sum	1,910 0	1,384 0	526 0
John Kellas Convener Enterprise & Infrastructure Committee	4,013	3,934	Pension Lump Sum	3,068 1,760	2,627 1,753	441 7
Murray Lyle Convener Local Review Body	4,013	3,934	Pension Lump Sum	2,456 1,420	2,065 1,380	391 40

Name and Post Title	In-year pension contributions			Accrued Pension Benefits		
	For Year to 31/03/2015 £	For Year to 31/03/2014 £		For Year to 31/03/2015 £	For Year to 31/03/2014 £	Difference from 31/03/2014 £
Elsbeth MacLachlan Convener Tayside Valuation Board	3,726	3,653	Pension Lump Sum	2,363 1,322	1,998 1,293	365 29
Archibald MacLellan Vice Convener Tayside Community Justice Authority	3,540	3,470	Pension Lump Sum	4,497 1,802	3,277 1,819	1,220 (17)
Douglas Pover Convener Community Safety Committee	4,013	3,934	Pension Lump Sum	1,080 0	699 0	381 0
Mac Roberts Leader Largest Opposition Party (Note 2)	4,013	3,934	Pension Lump Sum	6,569 10,884	5,639 10,691	930 193
Alexander Stewart Convener Scrutiny Committee	4,013	3,934	Pension Lump Sum	6,999 13,663	6,553 13,533	446 130
Barbara Vaughan Convener Audit Committee	0	0	Pension Lump Sum	0 0	0 0	0 0
TOTAL	49,345	48,374				

Notes:

- The pension benefits shown relate to the benefits that the individual has accrued as a consequence of their total local government service, including any service with a Council subsidiary body, and not just their current appointment. Councillors have only been eligible to join the Local Government Pension Scheme since May 2007. Councillors Jack Coburn, Alan Grant, Elizabeth Grant, and Barbara Vaughan have elected not to become members of the Local Government Pension Scheme.
- The Lump Sum for Councillor Roberts has been restated for 31 March 2013 due to an incorrect calculation of transferred benefits.

7.9 Pension Entitlements of Senior Employees

The pension entitlements of Senior Employees of Perth & Kinross Council and its Subsidiaries for the year to 31 March 2015 are shown in table 7 below, together with the contribution made by the Council to each Senior Employee's pension during the year.

Table 7: Pension Entitlements of Senior Employees of the Council and its Subsidiaries for Financial Year 2014/15

GLOSSARY

ACCOUNTING PERIOD

The period of time covered by the accounts, normally a period of twelve months commencing on 1 April. The end of the accounting period is the Balance Sheet date.

ACCRUALS

Sums included in the final accounts to recognise revenue and capital income and expenditure earned or incurred in the financial year, but for which actual payment had not been received or made as at 31 March.

CAA

Capital Adjustment Account

CAPITAL EXPENDITURE

Expenditure on the acquisition of a fixed asset, which will be used in providing services beyond the current accounting period, or expenditure which adds to and not merely maintains the value of an existing fixed asset.

CAPITAL FINANCING

Funds raised to pay for capital expenditure. There are various methods of financing capital expenditure including borrowing, leasing, direct revenue financing, usable capital receipts, capital grants, capital contributions, revenue reserves and earmarked reserves.

CAPITAL RECEIPT

The proceeds from the disposal of land or other fixed assets. Proportions of capital receipts can be used to finance new capital expenditure, within rules set down by the Government but they cannot be used to finance revenue expenditure.

CONTINGENT LIABILITY

A contingent liability is either:

- A possible obligation arising from past events whose existence will be confirmed only by the occurrence of one or more uncertain future events not wholly within the Council's control; or
- A present obligation arising from past events where it is not probable that a transfer of economic benefits will be required, or the amount of the obligation cannot be measured with sufficient reliability.

CORPORATE & DEMOCRATIC CORE

The corporate and democratic core comprises all the activities that local authorities engage in specifically because they are elected, multi-purpose authorities. The cost of these activities are thus over and above those which would be incurred by a series of independent single purpose, nominated bodies managing the same services. There is therefore no logical basis for apportioning these costs to services.

CREDITOR

Amount owed by the Council for work done, goods received or services rendered within the accounting period, but for which payment has not been made by the Council by the end of that accounting period.

CRR

Capital Receipts Reserve

DEBTOR

Amount owed to the Council for works done, goods received or services rendered within the accounting period, but for which payment has not been received by the Council by the end of that period.

FAIR VALUE

The fair value of an asset is the price at which it could be exchanged in an arm's length transaction less, where applicable, any grants receivable towards the purchase or use of the asset.

FIAA

Financial Instruments Adjustment Account

IMPAIRMENT

A reduction in the value of a fixed asset to below its carrying amount on the Balance Sheet.

MATERIALITY

The concept that the Statement of Accounts should include all amounts which, if omitted, or mis-stated, could be expected to lead to a distortion of the financial statements and ultimately mislead a user of the accounts.

NET BOOK VALUE

The amount at which fixed assets are included in the Balance Sheet, i.e. their historical costs or current value less the cumulative amounts provided for depreciation.

NON-DISTRIBUTED COSTS

These are overheads which cannot be directly allocated to a specific area of activity and as such are not apportioned to services.

PPE

Property, Plant & Equipment

PRIOR YEAR ADJUSTMENT

Material adjustments applicable to previous years arising from changes in accounting policies or from the correction of fundamental errors. This does not include normal recurring corrections or adjustments of accounting estimates made in prior years.

PROVISION

An amount put aside in the accounts for future liabilities or losses which are certain or very likely to occur but the amounts or dates of when they will arise are uncertain.

PUBLIC WORKS LOAN BOARD (PWLB)

A Central Government Agency, which provides loans from one year and above to authorities at interest rates that are 1% higher than those at which the Government can borrow itself.

REVENUE EXPENDITURE

The day-to-day expenses of providing services.
