

PRIVATE WATER SUPPLY CHARGES 2024 - 2025

Regulated Supplies (2017 Regulations) - where the supply serves at least 1 commercial or public access property or there are more than 20 domestic properties on the supply.

ACTIVITY	CHARGE FOR 2024/25
Statutory water sample – 1 sample per supply per year	£180
Statutory water re-sample following sample failure	£86.74 visit cost + parameter cost Ask for advice on costings for differing parameters
Request Regulatory full suite (Zone B parameters)	£456.56
Risk Assessment per supply	£75 visit charge + £25/hr (Max 7hrs) Maximum charge £250

1. Where an owner requires more than 1 regulated supply to be sampled or risk assessed on the same day in the same general vicinity then a discount on the visit charge may be applied. Please ask us for costings.
2. Where more than 1 relevant person owns properties on a regulated supply the cost of the risk assessment may be shared between all relevant persons.
3. The annual statutory sample charge is invoiced to the relevant person for the property sampled only. For supplies with multiple commercial properties we will vary the sampling point annually.

Exempt Supplies (2006 Regulations) - where all the properties served are domestic houses

ACTIVITY	CHARGE FOR 2020/21
Routine request (eg House sale)	£141.60* (inc VAT)
Request re-sample following parameter failure	£70 visit charge + parameter costs* +vat Ask for advice on costings for different parameters
Request sample other parameters	£70 visit charge + parameter cost* +vat Ask for advice on costings for different parameters

*Legislation limits the maximum we can charge to £141.60
