Built Environment

1 Built Environment

What impact will the proposal have on delivering a high quality, well-designed built environment?

 *Very positive*

Justification:

Through the spatial strategy of the Plan, the Placemaking, Residential Development, Community Facilities, Historic Environment and Environmental Resources policies

1.1 Historic Built Environment

What impact will the proposal have on maintaining or enhancing the character of built heritage, or a particular historical feature in the area?

 *Very positive*

Justification:

Yes through placemaking and historic environment policies

1.2 Housing

What impact will the proposal have on providing a sufficient range of well-designed and affordable housing?

 *Very positive*

Justification:

Through the spatial strategy of the Plan and the suite of Residential Development, Placemaking and Environmental Resources policies

1.3 Identity and Character

What impact will the proposal have in supporting and enhancing local distinctiveness whilst creating a "sense of place"?

 *Very positive*

Justification:

Through placemaking policies

1.4 Open Space

What impact will the proposal have in ensuring a wide range of accessible, attractive and safe open spaces are available to all?

 *Very positive*

Justification:

Through the Community Facilities, Sport and recreation policies

Climate Change

2 Climate Change

2.1 Adaptation

What impact will the proposal have in helping adapt to potential changes brought about by climate change?

 *Very positive*

Justification:

Through the Placemaking, Environmental Resources and Environmental Protection policies

2.2 Greenhouse Gas Mitigation

What impact will the proposal have in helping to mitigate greenhouse gases?

 *Very positive*

Justification:

Yes, through the Placemaking and low carbon policies

Fairer Communities

3 Community

What impact will the proposal have in promoting fairer and sustainable communities?

+ *Positive*

Justification:

The LDP process provides numerous opportunities for the community to participate in shaping their areas and influencing local decision making

3.1 Access to services

What impact will the proposal have in improving and supporting access to jobs, services and amenities for the local community?

+ *Positive*

Justification:

Policies of the plan seek to ensure that existing employment land is retained for this use and that new employment land is allocated to meet the needs of an increased population. Mixed use sites are proposed bringing housing and employment uses together. Where new housing sites are allocated the plan sets out developer requirements including for appropriate amenities/facilities to support the development

3.2 Community Safety

What impact will the proposal have towards reducing crime, disorder and danger and support social cohesiveness?

= *Neutral/Moderate*

Justification:

The LDP is a land use plan which has limited relevance to reducing crime etc. The one area where it can play a part is in the design of development and this is addressed in the Placemaking policies

3.3 Engagement and Participation

What impact will the proposal have in engaging with all members of the community in the decision-making process for the area through using VOiCE ?

+ *Positive*

Justification:

Used SPEED instead

3.4 Identity and Citizenship

What impact will the proposal have in helping support and enhance the local identity whilst promoting citizenship?

+ *Positive*

Justification:

The LDP will help support and enhance local identity in the physical sense through the Placemaking and other policies, and does promote citizenship through the work we do with Community Councils and schools and the community in general in encouraging their participation in the LDP process and in helping to shape their communities

3.5 Poverty and Social Inclusion

What impact will the proposal have in promoting reducing poverty and promoting social inclusion for all?

+ *Positive*

Justification:

Not directly relevant but the Plan does seek to provide a landuse framework to allow for this e.g. through the affordable housing policies and Green Network SG

Consumption & Production

4 Consumption and Production

What impact will the proposal have in promoting more sustainable production and consumption of goods and services?

 *Very positive*

Justification:

Yes through the suite of Environmental Resources and Environmental Protection policies
