Subject: 2023 Polling Place Statutory Review - Recommendation for Ward 12 North Muirton Area

Dear PKC Election Team,

I hope this message finds you well. My name is Craig Allardyce, and I am writing to you in my capacity as the Secretary of the North Muirton Community Council.

As you are aware, the 2023 statutory review of Polling Districts and Polling Places is underway. In light of this, the North Muirton Community Council would like to put forth a recommendation regarding the polling station for Ward 12, North Muirton Area.

The North Muirton Community Council believe that the North Muirton Community Centre would serve as an ideal polling station for our ward, replacing the current location at Perth Riverside Church. There are several reasons we consider the Community Centre to be a more suitable choice:

Central Location: The North Muirton Community Centre is centrally located, making it easily accessible to all residents of the ward.

Access: Fully accessible on ground level and with a large car park nearby is ideal for people driving who would prefer to drive to the polling station.

Amenities for Election Staff: With the recent refurbishment and new facilities in place like a large kitchen area, we believe the Community Centre can comfortably accommodate the needs of the election staff, ensuring a smooth and efficient polling process.

We understand the importance of ensuring that polling stations are both accessible and functional. We are confident that the North Muirton Community Centre meets these criteria and would serve as an excellent polling station for the residents of North Muirton.

We kindly request your consideration of our recommendation and look forward to hearing your thoughts on this matter.

Thank you for your time and attention.

Warm regards,

Craig Allardyce
Secretary
North Muirton Community Council

Subject: Polling Place North Muirton

I would like to request a review of the polling place currently located at the Riverside Church. I think a much more suitable building for a number of reasons would be Community Centre.

It has disabled access (as does the current place).

It is more centrally located in the community which does make it more access to those that have mobility issues in terms of moving any distances, and those that previously never went that way to the church.

There is sufficient parking for people coming to vote.

The facilities for those working in the polling place are better and are available all day.

I would be grateful if this alternate location is considered in the review.

Regards

Chris

Hello Christine

The Glenfarg CC is okay with what is recorded for our Ward. The village hall caters for all WRT access, being central and good facilities.

Regards

Ian P.
GCC Secretary

Dear Christine

The BASCC agree the present polling arrangements are very satisfactory.

Many thanks

Miranda
