

Path closure

Loch Leven Heritage Trail upgrade works

Work to upgrade and repair the LLHT will take place from February - March 2024.

During this period the trail will be closed between the Boathouse Pier, Todd & Duncan and the Sluice House gate at Findatie.

The only practical diversion whilst the Trail is closed will be via the local public roads.

Further information on the progress of the work can be found on the TRACKS website Kinross-tracks.org.uk
