

## Community Council: Mid Atholl, Strathtay and Grandtully

Mid Atholl, Strathtay and Grandtully Community Council includes an area to the south and east of Pitlochry and Aberfeldy respectively, including where the River Tay and Tummel converge. The area includes a number of villages including Ballinluig, Strathtay, Grandtully, and Logierait, and includes key strategic transport routes including the A9, A827 and the Highland railway line.

A place standard event for the Highland Housing Network Group was held in Ballinluig.

Two comments were received for the Mid Atholl, Strathtay and Grandtully Community Council area highlighting the potential for a park and ride facility at Ballinluig and concern at the 40mph speed limit at Logierait which can be dangerous especially with HGVs.
