

Community Council: St Fillans

The territory of the St Fillans Community Council includes the village of St Fillans and a scarcely populated rural area. While the majority of that rural land is included in the remit of Perth and Kinross' LDP exercise, the village falls within the boundary for the consultation territory for the Local Development Plan delivered by Loch Lomond and the Trossachs National Park.

The responses gathered through the Big Place Conversation did not include any responses from the rural areas within the St Fillans Community Council.
