- Transport & Connectivity

## Built Environment

### 1 Built Environment

What impact will the proposal have on delivering a high quality, well-designed built environment?

 *Positive*

**Justification:**

All Core and Cluster developments will be developed by developers as per design and planning permissions.

#### 1.1 Historic Built Environment

What impact will the proposal have on maintaining or enhancing the character of built heritage, or a particular historical feature in the area?

 *No impact*

**Mitigation:**

Not a historic build

**Justification:**

This is not a building programme

#### 1.2 Housing

What impact will the proposal have on providing a sufficient range of well-designed and affordable housing?

 *Very positive*

**Mitigation:**

The developments will vary in size with a number of units for clients and one unit for staff. This will enable people to have their own tenancies and receive appropriate support.

**Justification:**

Core and cluster accommodation has been identified as the preferred option by the majority of people in a recent consultation

#### 1.3 Placemaking

What impact will the proposal have in supporting and enhancing local distinctiveness whilst creating a "sense of place"?

 *No impact*

**Justification:**

Any Core and Cluster Developments will be developed as part of House Building developers approved plans.

## Climate Change

### 2 Climate Change

What impact will the proposal have in tackling the causes and effects of climate change?

**+** *Positive*

**Justification:**

All building developments will meet legislation/ regulations and planning permissions.

#### 2.1 Adaptation & Resilience

What impact will the proposal have in helping adapt to potential changes brought about by climate change?

**+** *Positive*

**Justification:**

Any buildings will comply with regulations and planning permissions.

#### 2.2 Mitigation & Greenhouse Gas Reduction

What impact will the proposal have in helping to mitigate greenhouse gases?

**+** *Positive*

**Justification:**

All developments will meet current legislation / regulations and planning permissions

## Consumption and Production

### 3 Consumption and Production

What impact will the proposal have in promoting more sustainable production and consumption of goods and services?

 *Positive*

**Justification:**

All buildings will be developed with current guidelines and planning permissions.

#### 3.1 Energy

What impact will the proposal have in reducing energy consumption and promote energy efficiency?

 *Positive*

**Justification:**

All buildings will be developed with current guidelines and planning permissions.

#### 3.2 Materials

What impact will the proposal have in minimising materials consumption and promoting more sustainable use of materials?

 *Positive*

**Justification:**

All buildings will be developed with current guidelines and planning permissions.

#### 3.3 Waste

What impact will the proposal have in encouraging the prevention, reduction, re-use, recovery or recycling of waste?

 *No Impact*

**Justification:**

Not applicable

## **Culture and Recreation**

### **4 Culture and Recreation**

What impact will the proposal have in supporting the promotion and enhancement of cultural and recreational opportunities for all?

*No impact*

**Justification:**

Not applicable to the Transformation of Complex Care.

#### **4.1 Cultural Heritage**

What impact will the proposal have in preserving, promoting and enhancing assets of local culture and heritage?

*No impact*

#### **4.2 Leisure, Sport and Recreation**

What impact will the proposal have in providing, encouraging and improving access to leisure, sports and recreational activities?

*No impact*

## **Economy**

### **5 Economy**

What impact will the proposal have in encouraging sustainable economic growth?

*No impact*

**Justification:**

This programme is about improving outcomes for people with complex care needs.

#### **5.1 Employment & Skills**

What impact will the proposal have in ensuring a wide range of jobs promoting a wide range of skills are accessible to all communities and locations?

*No impact*

#### **5.2 Fairer & Greener Business**

What impact will the proposal have in encouraging fair business creation and development, and contributing to the green economy?

*No impact*

#### **5.3 Sustainable Tourism**

What impact will the proposal have in promoting sustainable tourism for the area?

*No impact*

## Equality and Human Rights

### 6 Equality and Human Rights

What impact will the proposal have towards promoting equality, fairness and inclusiveness for everyone?

 *Very positive*

**Justification:**

Our ambition is to help people to live as independently as possible with as high a quality of life as possible and reduce the reliance on acute health services and institutional care.

#### 6.1 Age

What impact will the proposal have in ensuring no discrimination, directly or indirectly, against age groups of any range?

 *Very positive*

**Justification:**

Health and Social Care Partnership transformation programme for Complex Care underway looking to develop a model of care that provides high quality, financially sustainable support for people who have a learning disability and/or autism and have complex needs.

#### 6.2 Disability

What impact will the proposal have in ensuring no discrimination, directly or indirectly, against people with disability?

 *Very positive*

**Justification:**

Health and Social Care Partnership transformation programme for Complex Care underway looking to develop a model of care that provides high quality, financially sustainable support for people who have a learning disability and/or autism and have complex needs.

#### 6.3 Gender Reassignment

What impact will the proposal have in ensuring no discrimination, directly or indirectly, against people who choose not to live as their birth gender?

 *Very positive*

**Justification:**

Our ambition is to help people to live as independently as possible with as high a quality of life as possible and reduce the reliance on acute health services and institutional care

#### 6.4 Human Rights

What impact will the proposal have in ensuring and promoting respect for the human rights of all?

 *Very positive*

**Mitigation:**

This programme will provide early intervention to maximise the person's independence and provide ongoing, specialist advice and support as required including Positive Behavioural Support. This will help ensure people receive appropriate support at the right time and reduce reliance on acute services, large packages of social care and institutional care

**Justification:**

The current model often fails to intervene early enough to provide the right support to maximise the person's independence, identify and address underlying causes of behavioural issues and provides large amounts of social care support that create 'mini institutions' in the community. This often does not support the person to achieve their desired outcomes and does not provide best value financially.

#### 6.5 Marriage and Civil Partnership

What impact will the proposal have in ensuring no discrimination, directly or indirectly, against married people or civil (same sex) partners?

 *No impact*

**Justification:**

This programme is for complex care.

#### 6.6 Pregnancy and Maternity

What impact will the proposal have in ensuring no discrimination, directly or indirectly, against pregnant women or women who have recently given birth or are breastfeeding?

 *No impact*

**Justification:**

This programme is for complex care .

**6.7 Race**

What impact will the proposal have in ensuring no discrimination, directly or indirectly, against any racial groups as recognised in the Equality Act 2010?

 *Positive*

**Mitigation:**

Developing a model that emphasises early intervention and prevention and ensure appropriate supports are available when they are required

**Justification:**

People have access to support that maximises their independence and addresses root causes of any behavioural issues

**6.8 Religion or Belief**

What impact will the proposal have in ensuring no discrimination, directly or indirectly, against any religion, religious belief or philosophical belief as recognised in the Equality Act 2010 and the Courts?

 *No impact*

**Justification:**

The objective of this transformation programme is to develop a model of care that provides high quality, financially sustainable support for people with complex care requirements

**6.9 Sex**

What impact will the proposal have in ensuring no discrimination, directly or indirectly, against either men or women?

 *Positive*

**Justification:**

The objective of this transformation programme is to develop a model of care that provides high quality, financially sustainable support for people with complex care requirements

**6.10 Sexual Orientation**

What impact will the proposal have in ensuring no discrimination, directly or indirectly, against Lesbian, Gay, Bisexual (LGB) or Heterosexual/Straight people?

 *No impact*

**Justification:**

The objective of this transformation programme is to develop a model of care that provides high quality, financially sustainable support for people with complex care requirements

## Fair and Sustainable Communities

### 7 Community

What impact will the proposal have in promoting fairer and more sustainable communities?

 *Very positive*

**Justification:**

Services are more cost effective and financially sustainable.

To support people to remain at home or in a homely setting.

#### 7.1 Access to services

What impact will the proposal have in improving and supporting access to jobs, services and amenities for the local community?

 *Very positive*

**Justification:**

Our ambition is to help people to live as independently as possible with as high a quality of life as possible and reduce the reliance on acute health services and institutional care.

#### 7.2 Community Safety

What impact will the proposal have towards reducing crime, disorder and danger and support social cohesiveness?

 *No impact*

**Justification:**

this transformation programme is to develop a model of care that provides high quality, financially sustainable support for people with complex care requirements

#### 7.3 Informed & Engaged Citizens

What impact will the proposal have in supporting local identity and citizenship, and in engaging with all members of the community in the decision-making process for the area through using VOICE?

 *No impact*

**Justification:**

this transformation programme is to develop a model of care that provides high quality, financially sustainable support for people with complex care requirements

#### 7.4 Poverty and Social Inclusion

What impact will the proposal have in promoting reducing poverty and promoting social inclusion for all?

 *Positive*

**Justification:**

People have access to support that maximises their independence and addresses root causes of any behavioural issues

## Health & Well-Being

### 8 Health and Wellbeing

What impact will the proposal have in improving health and wellbeing whilst reducing health inequality for all?

 *Very positive*

**Justification:**

To support people to remain at home or in a homely setting.

Services are more cost effective and financially sustainable.

People have access to support that maximises their independence and addresses root causes of any behavioural issues.

#### 8.1 Lifestyle and Behaviour

What impact will the proposal have in addressing promoting opportunities for achieving a safer and healthier lifestyle?

 *Very positive*

**Justification:**

To support people to remain at home or in a homely setting.

Services are more cost effective and financially sustainable.

People have access to support that maximises their independence and addresses root causes of any behavioural issues.

#### 8.2 Physical Environment

What impact will the proposal have in creating a healthier physical environment for all?

 *Very positive*

**Justification:**

To support people to remain at home or in a homely setting.

Services are more cost effective and financially sustainable.

People have access to support that maximises their independence and addresses root causes of any behavioural issues.

#### 8.3 Socioeconomic Environment

What impact will the proposal have in creating a healthier socioeconomic environment for all?

 *Very positive*

**Justification:**

To support people to remain at home or in a homely setting.

Services are more cost effective and financially sustainable.

People have access to support that maximises their independence and addresses root causes of any behavioural issues.

## Lifelong Learning

### 9 Lifelong learning

What impact will the proposal have in promoting opportunities for lifelong learning?

 *Very positive*

**Justification:**

The programme aims to ensure that an ethos of lifelong learning is embedded in Day Opportunities; through transitions into adulthood through to maximise their independence before moving to tenancies of their own and Our ambition is to help people to live as independently as possible with as high a quality of life as possible and reduce the reliance on acute health services and institutional care.

#### 9.1 Education

What impact will the proposal have in providing opportunity for children and young people to improve their attainment and achievement?

 *Very positive*

**Justification:**

The programme aims to ensure that an ethos of lifelong learning is embedded in Day Opportunities; through transitions into adulthood through to maximise their independence before moving to tenancies of their own and Our ambition is to help people to live as independently as possible with as high a quality of life as possible and reduce the reliance on acute health services and institutional care.

#### 9.2 Learning

What impact will the proposal have in providing opportunity for community learning and development?

 *Very positive*

**Justification:**

The programme aims to ensure that an ethos of lifelong learning is embedded in Day Opportunities; through transitions into adulthood through to maximise their independence before moving to tenancies of their own and Our ambition is to help people to live as independently as possible with as high a quality of life as possible and reduce the reliance on acute health services and institutional care.

## Natural Environment

### 10 Natural Environment

What impact will the proposal have in protecting and improving the natural environment within the area?

*No impact*

**Justification:**

The objective of this transformation programme is to develop a model of care that provides high quality, financially sustainable support for people with complex care requirements

#### 10.1 Air, Water and Land

What impact will the proposal have in protecting and enhancing the quality of air, water and land?

*No impact*

#### 10.2 Biodiversity

What impact will the proposal have in protecting, enhancing and managing biodiversity?

*No impact*

#### 10.3 Historic Natural Environment

What impact will the proposal have in protecting, enhancing and managing the local historic natural environment?

*No impact*

#### 10.4 Landscape, Geology and Soils

What impact will the proposal have in protecting, enhancing and managing the natural landscape, geology and soils?

*No impact*

## Transport & Connectivity

### 11 Transport and Connectivity

What impact will the proposal have in providing accessible and appropriate transport services and communications?

 *Very positive*

**Justification:**

To enable people to be more independent a TEC/Overnight Responder Service is being developed.

#### 11.1 Accessibility and Digital Connectivity

What impact will the proposal have in promoting accessibility and digital connectivity, and reducing the need to travel?

 *Very positive*

**Justification:**

To enable people to be more independent a TEC/Overnight Responder Service is being developed.

#### 11.2 Sustainable Transport & Active Travel

What impact will the proposal have in supporting and encouraging the provision of sustainable modes of transport?

 *No impact*

**Justification:**

The programme does not apply to this.
